Changing Strategy *in a* Changing World

Today's changing economy will put even greater strain on manufacturing costs, and yet technological advances force you to reinvest. Now more than ever you are looking for the right solution when making decisions on capital expenditure. You look for ways to reduce these expenditures but at the same time realize that doing nothing presents an even bigger risk. Value for your money has never been more important.

HGE doesn't just sell machines. We sell opportunities. HGE Reconditioned equipment allows you to embrace the new technologies while keeping a tight control on expenditures. Contact us and let us put our 42 years of experience to work for you!

What separates a Stevenson Shrink Wrap Machine from the Competition?

Smoke-free impulse sealing with self-compensation assures strong, tough seals with all films.

Unique energy saving, convection shrink tunnel outperforms old fashioned bulky 220v tunnels.

Adjustable film separators for easy handling.

Designed for easy do-it-yourself servicing. With no mysterious, costly circuit boards, plus technical assistance always available!

Easily shrink thousands of packages per day - no fancy bells or whistles, just long lasting machines at great prices.

The Choice of Printers Since 1968

SHRINKMASTER

Affordably wrap thousands of packages every day!

Here's how fresh air boosts business

① Increase productivity

The One That Works Printers' Air Purifier adsorbs chemical fumes and odors from blanket wash, roller cleaners, inks and aqueous coatings. Its machine-washable filter rids the air of press powder, paper dust, pollens and bacteria. As a result, your employees will take fewer sick days, and jobs will print with increased accuracy.

② Attract and keep talented employees

By purifying the air in your facility 24 hours a day, The One That Works helps you meet OSHA and EPA standards, resulting in happier, healthier employees.

③ Give you an edge over your competition

For less than 40 cents a day, The One That Works is capable of solving all your indoor air pollution problems; with one less thing to worry about at work, you're free to focus on satisfying your clients.

Order yours today! 1-800-288-2023
www.modernsolutionsinc.com

Our 30-day performance guarantee promises that, if you're not in love with **The One That Works**, you can return it for a full refund.

Receive a **FREE 3-wheel cart** for portability and an extra machine-washable filter (\$110 savings) when you order by June 30, 2009. Mention Code PM09

Convenient Size: 16.5" Diam. 15" Height

Mission Statement:

Printers' Marketplace's goal is to be the number one publication serving the printing industry, bringing buyers & sellers of equipment, services & supplies together.

Circulation:

Issues mailed from a rotating master list of Commercial Printers, Instant Printers, Newspapers and Equipment Dealer records.

Error Responsibility:

Printers' Marketplace is responsible only for the cost of the ad for the first incorrect insertion of the ad. Each insertion of an advertisement is proof of publication and it is the responsibility of the advertiser to check the accuracy of each insertion. The publisher shall not be liable for slight aesthetic changes or typographical errors that do not lessen the intent of the ad. No adjustment can be made for advertisements not published. In the event of any error in an ad for which the Publisher is liable, the liability is limited to adjusting that portion occupied by the error in relationship to the entire value of the advertisement. No adjustments will be made 30 days after initial insertion date.

All Rights Reserved:

No part of this book may be reproduced without written permission.

Should I Rebuild My Folder?

If your folder is getting harder to set up, with more wasted stock during setup and operation, it is probably due to worn rolls and other related parts.

To find out how Baumfolder can save you money, contact the Baumfolder Parts Department to learn about our folder rebuild kits.

The Universal Suspension Feeder

Enables the printer to stream feed envelopes through the press saving time and maximizing profits.

- ☒ Designed for the Heidelberg QM 46-2, PM 46-2, QMDI, DI Pro, GTO and SM52. Also runs great with the Ryobi 500 Series, Prestek 52DI, Hamada 252/452, Shinohara 52 and others.
- ☒ No tools needed for set-up or change over.
- ☒ Installs quickly without electrical or mechanical connections to the press. Timing and speed automatically matches the press.
- ☒ Micro lateral adjustments.
- ☒ Designed for run lengths of 1000 and above.
- ☒ A variable speed delivery conveyor provides efficient reboxing of the envelopes.
- ☒ Virtually maintenance free.
- ☒ Feeds most common size envelopes from 3 5/8" x 3 7/8" up to 10" x 13" and from C7's up to B4's international
