

## Employers that have recruited and hired graduates of the Cambridge Nurse Assistant Program in Eastern MA:

When you contact the following facilities & agencies, remember to introduce yourself politely, tell them I referred you from the Red Cross Nurse Assistant & Home Health Aid program, and ask what the best way to apply is. When you visit in person/go to interview, remember to bring your certificates, resume, and references!

I recommend that you ALWAYS call and/or go online to an organization's website before visiting an office, INCLUDING HOME CARE AGENCIES. Many places require online applications or will not speak to you unless you have an appointment. I also recommend calling BEFORE FAXING your resume as well, to ensure you use the correct number and person.

The following organizations and facilities are organized by type of care, and are T accessible/do not require that you have a vehicle unless noted next to the name.

Facilities that have hosted our classes' clinical internships are noted with asterisks (\*\*\*) next to their names.

### Skilled Nursing Facilities, Assisted Living Facilities, and Acute/Rehabilitative, Long-term Care Hospitals:

Many of the facilities below (and more) are owned by healthcare systems, such as Benchmark, Atria, Kindred Healthcare, and Epoch Senior Living. On the "careers" section of their system-wide websites, you can create an account and apply to many job openings and many locations at once. I recommend starting here if you have access to a computer. You may also call these facilities; they are usually more flexible about online applications than regular hospitals, but you should call and check. ### Hospitals:

Applying online is usually required for a hospital position. Read each instruction below. You may call Human Resources if the phone number is listed, or call the main number and ask for Human Resources:

Like long-term care facilities, most hospitals are quickly becoming managed by healthcare system organizations, such as Partners Healthcare, Caritas Christi, and Hallmark Health. On the main system-wide websites, you can create an account and apply to many openings and locations at once. I recommend starting here if you are open to various hospital locations. Below are some major healthcare system websites in Greater Boston:
