RETAIL CONSIGNEES FOR FSIS RECALL 013-2014

FSIS has reason to believe that the following retail locations received meat or processed products made from the meat that was recalled by Rancho Feeding Corporation. Therefore, it is important that you use the product-specific identification information, available at <http://www.fsis.usda.gov/wps/portal/fsis/topics/recalls-and-public-health-alerts/recall-case-archive/archive/2014/recall-013-2014-update-021814> with this list of retail stores to determine whether you have products in your possession that have been recalled. (Store list begins on page 2.)

Recall 013-2014 was issued by the slaughterhouse, and the carcasses that are the subject of the recall were shipped to other establishments where they were further processed into smaller cuts or processed products, like frozen entrée products. If you are concerned about meat purchases at one of stores included on this distribution list, ask the store manager or manager of the meat department if any meat, including raw or processed product, was implicated in recall 013-2014.

EDITOR'S NOTE: FSIS decided to reissue the recall [release](#) first issued on Feb. 8, 2014 and updated on February 14, 2014. When the recall release was first issued on February 8, FSIS was unable to ascertain what facilities were involved. As the facilities were notified, the list of States affected grew. FSIS now believes that recalled product was shipped to distribution centers and retail establishments nationwide. This [update](#) is a consequence of a properly working recall process. Retail establishments may issue their own recall statements to inform the public about products processed with meat associated with this recall.
