Expect to see painting of bus lanes, updating of parking regulations, and installation of new fare payment machines. You may notice temporary disruptions along the route such as parking prohibitions for marking installation, etc., as the MTA makes the changes necessary to support this new service. The route will begin on w. 106<sup>th</sup> Street and travel along Broadway to W. 120<sup>th</sup> St., east to Amsterdam then north to W. 125<sup>th</sup> St., then east on W. 125<sup>th</sup> St. stopping at Amsterdam, St. Nick/Frederick Douglass, Lennox, Madison, Lexington and 2<sup>nd</sup> Avenues before crossing into Queens and continuing along Astoria Blvd. The service will begin on May 25th. - Drivers should enter bus lanes to make right turns and for quick passenger pick-up/drop-off
- All bus lanes will be enforced by bus lane cameras.
- Parking, loading, and bus stops remain at the curb
- Off-Board Fare Payment and Transfers

The base cost of riding a Select Bus Service bus is \$2.50, the same as riding the subway or the local or limited-stop bus. Before boarding the bus, customers must pay their fares on the sidewalk at a Select Bus Service station using a MetroCard or coin machine, where they will receive a ticket as proof of payment. When the bus comes, customers may enter or exit through any of the bus doors, holding on to their ticket, which may be requested at random by MTA inspectors. There is no need to present your ticket to the bus driver. Customers without a ticket will be subject to a \$100 fare evasion summons.

#### **\*\*\*LG/USA PALISADES UPDATE\*\*\* (6 items)**

Last week's meeting (April 30<sup>th</sup>) of the Englewood Cliffs Planning Board was extremely well-attended, with many people speaking out against the height of LG's proposed project and against the town's proposed zoning changes

which would enable further such development. It was clear that the opposition is not just environmentalists and New Yorkers (as LG and the Englewood Cliffs mayor have alleged), but everyday residents of Englewood Cliffs who do not want to see their town destroyed by this development. They were grateful for the support of so many people throughout the town, state and region. For more coverage, visit WNYC and listen to the Brian Lehrer show's coverage: <http://www.wnyc.org/story/fight-over-palisades-view/>.

**Please note in your calendars some important upcoming dates, and ways you can get involved.** The Event Committee of Protect the [Palisades.org](#) encourages members and supporters to participate in the public events listed below to spread the word about LG's development and its threat to the historical and landmarked Palisades.

- 1) We are asking the public to consider carefully the character of the company from which they chose to buy their cell phones, TVs, washing machines, etc. This is not a "boycott."
- 2) Joining the Protect the Palisades Meetup group will let you know about events and make it easy to register for them, and will help us gather new supporters. It is especially important for those who are coordinating events to join our Meetup Group: <http://www.meetup.com/Protect-the-Palisades/>. To do this, create a user ID and password. Your actual email address will remain anonymous and you can choose a user name that is not your real name if you have any concerns. (Please note when you sign up you will be prompted to select interests; you can minimize emails you receive by selecting fewer or no interests.)
- 3) **Englewood Cliffs Planning Board Public Hearing \*\*NOTE NEW VENUE:** 143 Charlotte Place, Englewood Cliffs. It's the Upper School\*\* **IT IS IMPORTANT THAT YOU MAKE EVERY ATTEMPT TO ATTEND THIS HEARING. WE MUST HAVE A STRONG SHOWING. BRING YOUR FRIENDS. TRANSPORTATION FROM NYC WILL BE CO-ORDINATED BY NRDC.** The planning board will hear additional public testimony (continued from their April 30<sup>th</sup> hearing, which had more speakers signed up than could be accommodated in the 3-hour meeting) on proposed Master Plan which would enable development of buildings up to 150' in height along Sylvan Avenue west of the Palisades. Watch this space for details as to date, time and venue.
- 4) The New Jersey State Senate's Environment & Energy Committee has scheduled a hearing for **May 19<sup>th</sup> at 10am** in the State House in Trenton to discuss proposed zoning legislation which would protect the Palisades by rendering moot the zoning variance granted to LG by the town of Englewood Cliffs and other such local zoning laws. We are hoping for a very strong turnout. Attendees can sign up in support or opposition to the legislation. They can also sign up to testify. It is critical that we have a good showing as the opposition may come out in force. For more information about the hearing, email Joe Rappaport at [jgrappaport@rocketmail.com](mailto:jgrappaport@rocketmail.com). For more information on this legislation, visit <http://newyork.cbslocal.com/2014/04/29/lawmaker-launches-bill-that-could-derail-lgs-new-jersey-hq-plans/> and <http://www.njspotlight.com/stories/14/04/28/company-s-spire-on-palisades-draws-ire-of-governors-greens-investors/>. Feel free to add a comment at the end of the NJ Spotlight article.
- 5) And of course, if you are a letter writer and you haven't already done so, please write a letter to [CEO Bon-Joon Koo](#) and ask others to do the same. For more ways to help protect the Palisades, please visit our [Take Action page](#).
