NOTIFICATION TO PARENTS AND STUDENTS OF RIGHTS CONCERNING A STUDENT’S SCHOOL RECORDS

The Family Educational Rights and Privacy Act (FERPA) affords parents/guardians and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. They are:

- The right to inspect and copy the student's education records.
- The right to request amendment of any records believed to be inaccurate, misleading, irrelevant or improper.
- The right to permit disclosure of personally identifiable information, except to the extent that FERPA authorizes disclosure without consent.
- The right to a copy of any school record proposed to be destroyed or deleted.
- The right to prohibit release of directory information.
- The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.

PROTECTION OF STUDENT RIGHTS

No student will be required to participate without parental consent in any survey, analysis, or evaluation-funded in whole or in part by the U.S. Department of Education-that concerns:

- Political affiliations.
- Mental and psychological problems potentially embarrassing to the student or family.
- Sexual behavior and attitudes.
- Illegal, anti-social, self-incriminating, and demeaning behavior.
- Criticism of other individuals with whom the student or the student’s family has close family relationship

You have the right to file a complaint with the Family Rights and Privacy Office, Department of HEW, Washington, D.C. 20201, if you think this school or school system is not in compliance with the law. You have the right to obtain a copy of the official Red Lodge School’s policy relative to the Act at this school.

PLAN OF ACTION AVAILABILITY

SCHOOL LUNCHES

THE COST FOR HOT LUNCHES AT RED LODGE SCHOOLS WILL BE:

K-6	\$2.25	BREAKFAST	\$1.50
7-12	\$2.50	SECOND HELPING OF	
ADULTS	\$3.00	MAIN ENTRÉE.....	20¢

Red Lodge Schools will be offering breakfast to the students. Breakfast will start Wednesday, August 27th and will be offered to all students K-12.

Any student who has an approved application on file for free or reduced price lunch is automatically eligible for free or reduced priced breakfast. A method of counting must be established that will provide accurate counts of the number of full price, reduced price, free and adult breakfasts. The count by category for paid, free or reduced price breakfasts must be obtained at the end of the serving line. The maximum charge to a student eligible for a reduced price breakfast is 30¢. The previous year's application expires Oct. 1 of each school year, you must reapply.

School breakfasts provide a good start toward meeting the daily nutritional needs of food energy, protein, vitamins and minerals of students. Most school breakfasts are self-supporting, provided expensive meals are not planned. The primary problems encountered are providing the time for the breakfast (about 15 minutes) and meal counting.

FREE AND REDUCED PRICE MEALS

Red Lodge School is announcing its policy for free and reduced price meals served under the National School Lunch Program. Each school building office has a copy of the policy, which may be reviewed by any interested party. Application forms are being sent to all homes with a letter to parents or guardians. To apply for free or reduced meals, households should fill out the application and return it to the school. Verification of current income must accompany each application. Additional copies of the application forms are available in each principal's office. The information provided on the application will be used for determination of eligibility and may be verified at any time during the school year by the school or other program officials. For school officials to determine eligibility, the entire application must be filled out. Households are required to report increases in household income of over \$50 per month or \$600 per year and decreases in household size. Applications may be submitted at any time during the school year. The superintendent will review applications and determine eligibility. A formal appeal of that determination may be made to the Superintendent of Schools, who will conduct a hearing on the appeal. The policy contains an outline of the hearing procedure. Throughout the process

confidentiality is strictly adhered to. Any significant changes in employment or household size should be reported to the school. Changes may make the children of the family eligible for free or reduced price meals.

In certain cases, foster children are also eligible for these benefits. If a household has foster children living with them and wishes to apply for such meals for them, the household should contact the school for more information.

The information provided by the household is confidential and will be used only for purposes of determining eligibility and verifying data. In the operation of child feeding programs administered by the U.S. Department of Agriculture, no child will be discriminated against because of race, color, sex, national origin, age or handicap. If any member of a household believes they have been discriminated against, they should write to the Secretary of Agriculture, Washington, D.C. 20250.
