K.S. Krishnamurti's analysis of Litigation

Dear Esteemed Readers,

This is the birth month of late Gururji K.S. Krishnamurti and **this issue of JASA is dedicated in the loving memory of him.**

America has chosen its President for the next 4 years with a thumping victory and there were frail attempts in some KP quarters to predict the election with rules that do not belong to late K.S. Krishnamurti. Here in JASA, we also try new experiments, but we do it with responsibility and give full credit to the authors (See JASA Idea Incubator). We do not mix K.S.K's original thinking with new developments and churn out a 'mixture' that fails. We should never stop trying otherwise new discoveries in KP will never happen. But all experiments should be done in a measured manner by first understanding and applying existing KP rules and then developing new ones. Unfortunately, for quick publicity, US Presidential elections through KP and unnecessary Birth Time Rectification undertaken in some quarters has back-fired to the entire KP community due to lack of proper knowledge, background and good intention.

In this regard, we would like to extend our **CONGRATULATIONS!!** to **Col. A. K. Gour for his successful prediction about Obama winning the 2012 US Presidential election in the *Journal of Astrology*, Sep-Oct 2012 Issue, published under the able editorship of Sri K. N. Rao ji of New Delhi.** We rejoice for Col. Gour's success because it is the success of 'astrology'. He used the birth time of Romney and Obama and made successful prediction using Vedic approach. He did not make any birth time correction, nor did he apply his 'home-grown' rule. He applied the well tested rules of Vedic astrology without distorting anything. Col. Gour's success is a lesson for all of us that established rules have a lot of value in astrology and unless it is proven wrong repeatedly, there is no need for new experimentations. Unfortunately, some quarters in KP have decided to "invent" their own rules and say anything in the name of prediction to make the KP community a laughing stock. We also extend our **CONGRATULATIONS!!** **Sri Madhu Nair ji (Pranav) and Sri M.K. Vishwanath ji for predicting Obama's win through proper KP rules, which were circulated much before time to selected KP Researchers by internet-based mediums.**

In this issue, we provide K.S. Krishnamurti's original thinking and mode of analysis about **Litigation**. Ultimately, it is a 'fight' – in a legal and civilized manner—between two individuals, using an established system called as 'judiciary' and employing 'agents' on their behalf called as Advocates. It is a situation of win or lose and many times ends up in an amicable settlement or compromise, but also quite sometimes leads to the penalty or punishment of one of the parties. Also the nature of the judicial system varies from country to country, which must be taken into account as the '**Sthana—Kaala—Patra**' during prediction in order to choose the correct implications of planets, houses and signs.

As a result of this multifaceted nature of litigation, today we find many conflicting rules of KP doing rounds in certain quarters. And strangely, so many of us are happily ready to forget what K.S.K has said in this matter. **It is with a purpose to share with the whole world the original thought of K.S.K about Litigation** that we are providing the article authored by him in *Astrology & Athrista*, April 1965 Issue.

Apart from these, you will find your favourite authors in this issue who require neither any introduction nor any advocacy of their erudite scholarship. They are the authors who have contributed and shaped the world of KP following the footsteps of K.S.K in a dedicated manner. Read each of the articles and enrich yourself.

Goodluck!

LITIGATION

Sir, I thank you and congratulate you for the accurate prediction given to me saying that on a Wednesday on 24-2-65, you will win the case. Actually the judgment was announced on 24-2-65 in my favour.

Can I ever be in future without any litigation? Oh God! Something or other crops up and I am dragged to the Court of law. Enough! Please say whether I will be free from these, at least for some years in my last part of life. I am enclosing my horoscope.

Reply:

Sir,

Peace and Prosperity are denoted by the 11th cusp, planets in the constellation of the occupants of the 11th house, occupants of the 11th house, planets in the constellation of the lord of the 11th house, lord of the 11th house, planets conjoined with or aspected by them.

Also, 11th house indicates that one will come out successful in any dispute, mostly by compromise as 11th house is for friendship and that too, permanent tie of friendship.

The Ascendant indicates whether one will have the courage and confidence to compete and be crowned with success or be funky and withdraw or submit apology and try to avoid dispute; also it shows whether one will be law abiding and try to have justice from the court of law or take law in his or her own hands or adopt any foul means to fulfil one's desire.

The Ascendant shows the person to whom the chart belongs.

The 7th house denotes the opponent. His health, longevity and success in his or her (opponents) efforts. 7th house signifies litigation.

12th house counted from the Ascendant threatens loss of money, prestige etc., and also failure in litigation for the native.

Similarly 12th house to the 7th Bhava indicates loss of wealth, honour, name, fame etc., to the opponent as well as defeat in any competition or election and failure in the litigation. Therefore 6th house portrays expenses to the opponent, gains to the native, but yet, litigation, misunderstanding, dispute etc.

Malefics in the 12th house cause adverse results to the person to whom the chart belongs. Therefore malefics in the 6th house are to penalise the opponent. That

is why, sages have said that malefics in the 6th house promise victory over enemies and the 6th house is included in Upachaya Sathanas 3, 6, 10 and 11.

Your lagna is ruled by Moon. It is in its own constellation, Hastham. According to Krishnamurthi Paddhathi, Moon between $13^{\circ} 53' 20''$ and $15^{\circ} 40' 00''$ is in Moon's star and in the sub of Jupiter. Therefore, if you file a case against any body, especially during Moon's sub period or sub sub period, on a Monday ruled by Moon or in Cancer Lagna owned by Moon or on a Rohini star day governed by Moon, your success is assured, even though your case may be weak. It may be that your opponent may have strong grounds to win. Yet lord of lagna in the sub of lord of 6 (12 to 7) will offer you success. There may be a loophole to torpedo their arguments and like a ship with a small hole sinks, the opponent will lose and you will win. Therefore you have the Providential help, the assistance.

Saturn is the lord of the 7th house. It was in $10^{\circ} 26'$. It means Saturn was in the sub of Sun ($10^{\circ} 20' 00''$ to $11^{\circ} 00' 00''$) (according to Krishnamurthi Paddhathi) who rules the 8th house—Ashtama to Capricorn the 7th house. Therefore your opponent's lord, Saturn was in the sub of Ashtamadhipathi. Hence your opponent must invariably lose, especially during your Saturn dasa. Evil days commence to your opponent at a time when you run Saturn dasa. Mars Bhukti (lord of the sign) Sun anthra (lord of the sub) i.e., between 10—8—1958 and 29—8—1958.

Rahu is in the 7th house. It is in the sign of Saturn, in the constellation of Sun and in the sub of Kethu ($7^{\circ} 00' 00''$ to $7^{\circ} 46' 40''$). Therefore Rahu in 7 is evil to the opponent. But to you, Sun is the lord of the 2nd house counted from Lagna and it is favourable to you.

When Rahu Bhukti followed, the opponent would have been giving you trouble though depressed and worried about the failures. Rahu portends loss to your opponent.

Now you are running Mercury dasa. Mercury was in Mar's sign scorpio but in

Saturn's star Anuradha and in the sub of Rahu. Explanation is given assuring failure to the opponent because of the disposition of Saturn and Rahu and thereby success to you.

Hence Mercury promises grand success to you. That is why, I predicted that the judgment will be delivered in your favour on a Wednesday or on the day when the star—nakshathra is Ashlesha or Jyeshtha or Revathi and at a time when the Ascendant (the point that rises in the East) is in Ashlesha or Jyeshtha or Revathi.

I understand from you that on 24-2-65 on a Wednesday, when Moon was transiting in Jyeshtha star, when the court was about to be closed, at the time when the Lagna was in Ashlesha, a judgment in your favour was delivered.

Let us thank our sages, admire Krishnamurthi Paddhathi and pray for peace.

How can prayer guarantee peace, when Karma is otherwise, which is clearly judged from the horoscope? Yet, we can presume that God may pay heed to our prayers as we do not hear from him and gather courage or apply Krishnamurthi Paddhathi, know what is in store for us and have real mental strength on the strength of the planets in the horoscope. When will the litigation be over? When can I have peace?

You once for all win the case during Mercury dasa Kethu Bhukti Jupiter anthra, as 6th cusp was in Kethu, star 'moolam' and in Jupiter's sign Sagittarius. Kethu was in Saturn's star and Kethu sub. To the opponent, Saturn is lord of 1 and 2, who is to offer health and also cause end of life to the opponent. Kethu is in the 7th Bhava which is a marakasthan. Hence to the opponent, Saturn is the Maraka Sthana adhipathi, in Bhadhaka Sthana, the 11th house. Kethu is in Marakasthan. Mercury is lord of 6 to 7 and is also in Bhadhaka Sthana, the 11th house to Chara rasi or movable sign. Hence Mercury dasa Kethu Bhukti Sani anthra is an undesirable time i.e., between 6—1—67 and 3—3—67.

Therefore your chart shows that you can be free from all such troubles from the Happy New year 1967.

As the Presidential Elections in the United States are on now, we wish to discuss about a very special case of two past presidents of the United States. President Abraham Lincoln had been elected on 06th November 1860 in the United States and exactly after a century in 1960, the 35th President, John Fitzgerald Kennedy was elected as the second youngest President of the United States.

There is a very big similarity between the lives of these two great leaders, starting from their births, in a span of time of nearly one hundred years. President Abraham Lincoln was born in 1809 and the President Kennedy in 1917. Both were assassinated, Lincoln in 1865 and Kennedy in 1963 in a gap of 98 years. Lincoln married in 1842 and Kennedy in 1953. The similarities in the life events of these two presidents show astrological connections too. Abraham Lincoln was born on 12th February 1809 and his nirayana birth chart is as follows;

KP & The Case of the Missing Girl

He is actively associated with various Astrological organizations of Kerala and used to contribute articles in the defunct Astrological Magazine, KP & Astrology etc. and also in the KP Year Book, The Astrological E-Magazine etc. He runs a forum "THE ASTROLAB" in the yahoo group, exclusively for the purpose of research.

The caller a lady hailing from a distant district was panic-stricken. She told me that the wedding of her only daughter was fixed to be celebrated by the end of August ;and nearly 1000 people were already invited. A month back betrothal was conducted. However, the girl was missing since the other day. The cops were informed but no news of her till now.

My immediate reaction was to ask her whether the girl had any lover. However, the lady told that her daughter has no such relationships She added that the girl was not good looking and was handicapped as such there is no question of any "love affair" involved. Her concern was the girl might have been kidnapped by some racket who takes kidneys and other organs from the body.

After disconnecting the phone, a time chart was cast immediately.

General Analysis

Virgo rises in the east. Jupiter, the planet of Divine grace, in direct mode, aspects the Ascendant indicating Divine protection and providential help .

Mercury, the ruler of Virgo representing the missing girl was in cancer, the eleventh House The eleventh House is for friends, well-wishers etc .

So one thing is certain, the girl is not only alive but also comfortably stationed amongst friends/well-wishers.

Subtle analysis from stellar point of view

Sublord of the Ascendant is Saturn, ruler of fifth House, Sixth House and posited in Ascendant . Nevertheless Saturn is a feeble significator of Ascendant fifth and sixth House since there are planets in the stars of Saturn

Saturn is in the star of Mars, ruler of third House, eighth House posited in the Ascendant. The combo of Ascendant and the life giving Houses, viz, the third and eighth House is positive . In Kp the final arbiter is the sub lord.

The sublord of the sublord of the Ascendant sublord Saturn is Mercury.

Mercury is in the eleventh House but there is a planet in the star of mercury .

Mercury is in the star of Saturn.

To cap it, the sublord of the Ascendant is strongly connected to Ascendant fifth and sixth Houses. The maraka or badhaka Houses do not feature. So the girl is alive, no doubt .

Have a look at the Ascendant cuspal sublord Saturn . It also appears as the sublord of the fifth House of Love seventh House of life-mate and eleventh House of permanent tie of friendship. The logical interpretation has to be the girl is with her lover.

Seventh cusp has close Trinal aspect of Rahu , the planet that is anti—traditional .

Sixth, Eighth and twelfth Houses and their rulers are against the accepted customs and conventions of the society . So is the case of Nodes. Uranus that co-rules Aquarius the sixth House tenants the seventh House in retrograde (unusual) mode . Jupiter that rules the seventh House is aspected by Rahu .

So it was concluded that the girl eloped with her lover who may be a member of another religion.

When will they get the news?

The most difficult part of the query is timing in such cases.

The eleventh cuspal sublord Saturn, no doubt is a slow-moving planet. But it is in Libra, a Moveable sign. So there won't be much delay.

Mercury, ruler of the Ascendant (the missing girl) ranks second in speed and occupies the eleventh House Cancer ruled by Moon the swift moving planet.

It is in applying sextile to exalted Moon its dispositor .

The first planet to change sign after the horary is conducted is Moon.

On 12th Aug Transit Moon will enter Gemini.

It will be in Mrigasira Nakshatra ruled by Mars, ruler of third House of communication stationed in the Ascendant (the girl). The etymological origin of the sign Mithuna (Gemini) is “Maithuna” means “couples” . The symbol too is that of a man and lady.

As such, it was predicted they will get some information of the girl when Transit Moon passes through Mrigasira Nakshatra corresponding to Gemini Sign.

Mars representing “cops” though in the Ascendant is 24 degrees away from the Rising degree. No doubt Mars rules the third House of “HELP” Still due to the cited reason it was told that cops won't be of much help in this issue.

On 15 Aug 2012 , Transit Mars enters Libra and will start afflicting radical Jupiter (lover of the girl) through its 8th House Parashari aspect . This indicates action of the cops getting intensified.

On 15, 16 and till morning hours of 17 August 2012, Transit Moon will be in sign Cancer the eleventh House. Moon apart from owning the eleventh House is also a strong significator of eleventh House since it is in the star of Sun in eleventh House.

Mercury is in the star of Saturn in Ascendant (the girl). Mercury is the karaka for communication. Mercury denotes the girl by virtue of owning the query Ascendant .So the combo of {Asc & XI) when activated by Transit Moon , there will be clarity in this issue .

The girl may not return since Jupiter ruling the fourth House is in a fixed sign Taurus and is in the grip of Nodes. Since Saturn as ruler of sixth House afflicts Sun (Court), litigation is sure to occur.

Rang up the lady and apprised her about the findings of the horary chart with a request to give feedback, no matter, whether the prediction goes completely wrong .

Actual outcome

1, As predicted, when Transit Moon entered Mrigasira Nakshatra corresponding to Gemini sign, the parents of the girl detected a note from her pillow saying that she is leaving at her own volition and there is no need to enquire about her.

2, The girl eloped with a handsome guy (note Jupiter the L7 occupying Taurus ruled by Venus, the planet of beauty) belonging to **another religion**.

3, When Tr Moon was in Aslesha Nakshatra , the couples surrendered to police and was produced before court . The girl refused to go with her parents.

All these things were reported by the lady.

However, the lady was told not to misguide the Astrologer and was emphasized she had prior knowledge of her daughters love affair .She didn't say anything but that was certainly the fact. Reason was, in the horary chart , Jupiter has dual portfolio , one of 4H of Mom and other the 7H of lover

Tail's end ----- The story of Rahu and Mercury

Readers may kindly go through the longitude of Rahu (North Node) and Mercury, the planet that represents the missing girl.

Both are of the same longitude. When the case was studied I could not make out what does that signify? It is instructive to take note on a later date the lady who rang up told that her daughter cannot see anything without glasses and the girl in her hurry to leave the house did not take her spectacles..

Let me conclude this write-up by Thanking Dr Andrew . It is a pleasure writing for JASA that has progressively increasing readers. With liberal, broad minded Dr Andrew as the editor , who fully knows the pulse of the contributors as well as the readers and who himself is an Astrologer par excellence no wonder JASA is the most sought after internet Astro-journal .

This is a very helpful article for all those who want to be truly proficient in KP astrology. The author, Sri Pranav ji, has shown point by point how he has made the wonderfully accurate prediction about missing person that eludes even the most professionally acclaimed astrologers. There are lots of gems found in this article especially how (just like KSK himself) the author has blended the nature of signs and planets while offering predictions apart from using sub lords very accurately.

We Congratulate and thank Sri Pranav ji for his accurate prediction and sharing this with the whole world of Astrology

“Jai Guruji Meena 2”

Events in one's life are always pre-destined and also may happen as per their prarabhdha karma, events like major accident and losing near and dear ones are saddest part. Here we are going to discuss on a chart how this native could escape from a major accident.

A lady came to my house on 26th Sep 2012 morning, for astrology consultation and informed me that she met with a major car accident on 04.03.2012. In that accident, ten of her relatives died including her mother, husband and only son. She asked me a question, how I got survived in the major accident.

I have given the answer using the rule from the book of **Dr.NVRA Raja's Stellar Effects in Astrology Jeeva and Sareera** page No. 318.

Rule: Whenever Jeeva or Sareera planets of 1,6,8,12th and Mars are connected with Dasa, Bhukthi and Anthara lords then events like accidents may happen. But if the same dasa, bhukthi and anthara lords are connected to 5th and 11th house then that native recovers and gets cured.

Accident causing house, 6th house Jeeva and Sareera planets are Jupiter and Mercury, Hospitalisation house (12th) Jeeva and Sareera planets are Rahu, Moon. Event will take place suddenly due to 8th house connection, 8th house lord's Jeeva and Sareera planets are Moon and Rahu. 1st house Jeeva and Sareera planets are Jupiter and Mercury. Karaka for accident Mars Jeeva and Sareera planets are Jupiter and Mercury. If 1st, 6th, 8th and 12th house are connected only accident like events may take place. Native was running Saturn dasa, Venus bukthi, Mars Anthara from 01.03.2012 to 07.05.2012 at the time (04.03.2012) she had met major car accident, ten people died on the spot in the accident, It was miracle the native is the lone survivor, she lost her mother, husband and her only son. How could she escape from such a major accident? She could escape due to connection of 5th and 11th houses with Dasa, bukthi, anthara lords.

Dasa Lord Saturn is transiting in Libra aspecting the 1st, 6th house and Mars's Jeeva planet Jupiter transiting in Aries. Dasa lord Saturn is conjoined with the Moon the Jeeva planet for 8th house and Sareera planet for 12th house. Bukthi Lord Venus is also transiting along with the 1st, 6th house and Mars's Jeeva planet Jupiter in Aries. Anthara lord Mars is conjoined with 1st, 6th house and Mars's Jeeva planet Jupiter.

Here we can note the connection of Dasa bukthi and anthara lords with Jeeva and Sareera planets of 6, 8 and 12th houses, but she could survive from the major car accident due to connection of 5th house and 11th house Jeeva and Sareera planets. Note here that the Dasa lord Saturn in the natal chart is with the transiting Moon (Gemini) and also the natal Moon, the Sareera planet for the 5th house and Jeeva planet for the 11th house lord. Over and above as the principle says Sanivath Rahu, the dasa lord Saturn himself behaves like Rahu the Sareera planet of 11th house. And the bukthi Venus is posited in the Mercury's house the Jeeva planet for the 5th house and with the Moon the Sareera planet of 5th house and Jeeva planet of 11th house. Mercury the 5th Jeeva planet is transiting over Anthara lord Mars in Pisces (natal chart). Anthara Lord Mars transiting in Leo is also aspecting the 11th house Sareera Planet Rahu posited in Scorpio. In this analysis we can see that the Dasa, bukthi and anthara lords have connection to 1, 6, 8, 12 houses and 5 and 11th house Jeeva and Sareera planets, that is the reason she could survive in that major accident.

A young man who was doing job in MNC at MOHALI was anxiously waiting enhancement of Salary and its arrears payment for the last 2-3 months approached me to know astrologically “When his MNC will sanction the requisite arrears for payment I told the querent to intimate any horary number between 1 to 249 accordingly he told the number as 222. I made the chart as per K.P THEORY on dated 13-8-2012 at 3:06 pm at Chandigarh.

Moon Reveals The Nature Of Query

Moon lord of 6 in 4 starlord of moon is Mars which is lord of 2, 9&10 mars aspects 2&11. HENCE Moon is significator of 2[money], 6 [job] 10 [occupation] 11 [gain] So, moon reveals the nature of query.

Confirmation Through Ascendant Sub Lord

In the horary map ascendant indicates effort of querent. In this case Asc sublord is Jupiter, is in 3, lord of 11 and Jupiter having no planet in its star hence Jupiter becomes strong significator 3&6 being sublord of 3 and 6. So ascendant sublord is significator of 6&11.

So querent efforts will be fruitful in getting financial benefit/arrears of salary from his job.

Fulfillment Of Desire

Querent's desire will be fulfilled if 11th sublord and its starlord both are not retrograde. And both are in direct motion and they are significator of house 2, 6, 10&11. In this case 11th sublord is Rahu in 9 Rahu is aspected by Jupiter lord of 11 Rahu is placed in sign of Mars which is lord of 2&10. Further Rahu is in the constellation sat which aspects houses 2, 6&11. Hence 11 th sublord signifies houses 2, 6, 10&11 So querent desire will be fulfilled for financial benefit.

Cuspal Sub Lord And Houses To Be Judged

2nd house shows ones bank position and self acquisition

6th house denotes getting money on account of service rendered

11th shows, hopes, wishes, and their realization, net profit on account of profession etc

2 ND CUSPAL SUB LORD

2 nd sub lord is Ketu is in 3 and Ketu has no planet in its star so Ketu is strong significator of 2 being sub lord of 2. Ketu conjoined with Jup which is lord of 11 further Ketu is in constellation of Sun which is posited in 6th house So 2nd sublord signifies 2,6&11 which shows financial benefit .

6 TH CUSPAL SUB LORD

6th cuspal sublord is Jupiter in 3 lord of 11. Jup having no planet in its star is strong significator of 6 being sublord of 6th house further Jup is in constellation of moon lord of 6 so 6th sublord signifies 6 & 11 which is conducive for job benefit.

MARS DASHA AND MOON BHUKTI FROM 7-2-2012 TO 7-9-2012

MARS DASHA

Mars in 7 lord of 2 and 10 Mars again is in star of Mars lord of 2 and 10 its in sub of Sat which aspect 11, 2&6. So Mars Dasha is conducive for financial benefit being significator of 2,6,10&11. Moreover mars is also ruling planet.

MOON BHUKTI

Moon in 4 lord of 6 Moon in the star of Mars lord of 2&10. Further its sub is also Moon lord of 6. So Moon Bhukti signifies 2, 6&10 which is conducive for financial benefit Moreover MOON IS ALSO RULING PLANET.

I told the querent that he will be getting his financial benefit before the end MARS DASHA

AND MOON BHUKTI THAT IS BEFORE 7-9-2012

Time Of Frutification And Transit

All the ruling planets Mars, Merc and Moon are fast moving planets so the fructification of event will be earliest as explained above it will be before 7-9-2012 to elaborate more accurately I moved the position of the Moon. On date 13-8-2012 Moon was in Gemini sign of Merc and Mrigshira Nakshatra of Mars after Mrigshira next star is of Ardra of Rahu as Rahu is not a R.P. After Ardra Nak Moon moves in Cancer[moon] sign and Punarvasu Nakshatra of Jupiter on date 15-8-2012.

Although Moon is R.P but Jupiter is not a RULING PLANET so reject Punarvasu Nak of JUP. On date 16-8-2012 Moon is in Cancer sign and it enters in star of Pushya [Saturn] although Moon is a R.P. but Saturn is not R.P. So reject Pushya Nakshatra of Saturn. On dated 17-8-2012 Moon enters in the Nak of Ashlesha[Merc] as Merc and Moon both are RULING PLANETS, so select this date of 17-8-2012, I told the querent that he may get financial benefit and other arrears by 17-8-2012

Facts Of The Case

It was informed by the querent that his employer finalized and announced the financial benefit on Dated 17-8-2012 for all the employees of M.N.C Stationed at Mohali Unit including the querent but it was notified on dated 18-8-2012.

My parnam to our GURU ji Sh K.S.Krisnamurti for this wonderful padhadi of K.P.ASTROLOGY.

6. May 10th, 2013 to June 8th, 2013

Basis: Aries ingress chart dated April 14th, 2013; 1:20:23; at New Delhi. The supporting new moon chart is dated May 10th, 2013; 5:59:05; at New Delhi. There is also a Lunar eclipse occurring on May 25th, 2013; 09:12:02; at New Delhi.

- The Asc in the ingress chart is Sagittarius. The ingress happens in the 5th house with malefic aspect of Saturn and in rahu/ketu axis. The lord of 5th house has become weak by being in gandantha and also combust. This shows that the stock market will be in bearish phase and some noted film personality will face health issues/expire. The new moon also happens in the 12th house of the India independence chart. This denotes secret ploys by the foreign spies, foreign investments will be hampered.

- The lunar eclipse occurs in the 1st / 7th house of the India independence chart. The people will be dissatisfied with the policies of the government. The functioning of the cabinet will be unsatisfactory. The relationship with the foreign countries will be affected. The eclipse occurs in the 6th / 12th house of the ingress chart. There will be riots and violence. There could fear of epidemics. There can bomb explosions. The foreign elements could be threat to our country.

Is it Promised or not:

General: Marriage is an institution of varied association. "Marriage is made in heaven". Marriage is fixed by destiny .The promise or denial of marriage depends largely upon the condition and aspects of the Moon and Venus in a male's horoscope,

- Sun and Venus in case of females. In this chart Sun and Venus 1°-24'-50"Conjunction (S) and in a fruitful sign.
- In case of Male's the signs of marriage are: Mars in aspects to Venus and Venus Strong; Venus and Mars are in 44°-47' -04"Semi- Square (A) Venus is in 4, lord of 3and 10. Venus is in a fruitful sign and gets Directional strength, hence strong.
- The Moon in a fruitful sign and strong .Venus in a fruitful sign and strong .Jupiter or Venus in the seventh house :The fruitful signs ,Cancer ,Pisces ,Scorpio ,on the seventh ,or intercepted therein :
- The Moon in a fruitful sign in the first, fifth, tenth, or eleventh: Venus similarly placed: Venus is in a fruitful sign and in fourth directional strength.

- The Moon and Venus unaspected by Saturn and stronger than Saturn
- The lords of the first and seventh house in conjunction or good aspect. Lord of the first sun and Saturn are in the same sign and in a fruitful sign.
- Pluto or Neptune in the seventh although emphasizing the idealistic marriage again brings a liability towards unfaithfulness on the side of the partner , leads temptations towards adultery which ,if given away to, will break the marriage The Moon in a male's horoscope ,being in a fruitful signs in aspect to Saturn ,disposes late marriage .
- The Moon oriental and unaffiliated .Mars in aspect to Venus, Venus or Jupiter in the seventh, or lord of first going to an aspect with the ruler of the seventh denotes early marriage.
- The Moon and Venus well placed in congenial or fruitful signs, and not aspected by Saturn or Uranus, the native le feel to marry .If Moon is found to be oriental of the Sun .i.e. increasing in light. and oriental i.e., between fourth and seventh ,or the first and tenth cusps ,the native marry early ,but Moon in occidental and decreasing in light , denotes marriage taking place in the later part of life .
- Moon and Venus are in good positions ,and not aspected by Saturn or Uranus ,but Moon in occidental and decreasing in light , then marriage take place at a moderate age .,neither early nor late .In Case Of females Sun and Venus aspect one another, whether they are square or trine, or inimical to another must be carefully be studied The Moon strong in the fifth or seventh , aspects to many planets ,denotes early marriage .
- Marriage is intended for the growth of family, at the same time it permits husband and wife to legally live together to perform certain rights, duties and for pleasures. In a horoscope 7th house signifies legal bondage, partnership in life. The potentiality of the 7th house in a chart is governed by the nature of the 5th, 9th, and 10th houses.
- In addition to this we have to consider the 2nd house, which signifies additional member to the family by birth of children, 11th house signifies permanent tie of friendship for pleasure and progeny. Venus is said to be the chief governor of marriage .karaka. Further, as for as men is concerned, the chief indicator of marriage is the natural seventh house from Aries i.e. Libra and its lord Venus , in case of women it is Aries, being the seventh from Libra i.e. Aries and Mars and also Jupiter. In a women's chart it is also necessary to consider Moon and Mars, since the menstrual period is regulated by these planets. In man chart Sun is to be examined.
- In man chart, we have to consider Libra and 7th house from the ascendant, Sun and Venus, and in women chart we must note Aries and seventh from the ascendant/, Moon and Mars and also Jupiter. The eighth house signifies sex life, from these houses and Scorpio in case of men and Taurus in case of women have to be added. Then the extra marital life is determined by the twelfth house from the ascendant and Pisces. While in women's chart Virgo needs to be included. However in man chart the ascendant, Sun and Venus, in case of men and in case of women the ascendant, Moon and Mars apart from Jupiter. Is to be considered.
- A strong, well placed, unaffiliated Venus gives a harmonies and balanced marital life of man. .Similarly Mars governs the balanced sex life of women. Venus is to be examined with the Sun, and Mars with Moon. The position of Venus is in a male chart is to be compared with that of Mars in the wife chart and in case of women to be seen with that and similar comparison is to be made between Sun of husbands chart and the Moon in the wife's chart is necessary. Either they agree or not. The next step would be to look for Navamsa and note the agreement.
- Saturn in seventh house frustration and disappointments. If afflicted in the eighth it makes one serious in matter of sex life.
- Sun and Moon are in a close conjunction along with Jupiter in a fruitful sign .Venus is in own sign in 6th house ,but nearer to 7th cusp Sun and Moon are not afflicted by Saturn .Jupiter is not afflicted .In this chart Sun and Venus are in Conjunction [S] in a fruitful sign .

Vedic astrology has given lot of importance and recognition, to Rahu and Ketu the two nodes of the Moon, physically nonexistent. The Hindu mythological literature describes Rahu and Ketu as serpents. Lord Sri Vishnu, Lord Shiva, Lord Subramanya and Lord Sri Krishna and almost all gods had linked and connected to serpents. Since ancient times knowledge of Rahu and Ketu has existed. Guruji Sri NV Raghavachary (Meena2) repeatedly used to say that, it is astonishing to note that mere points of intersection of the earth and Moon's nodes should be so strong in their impact on human life. Rahu is known as the dragon's head and Ketu as the Dragon's tail, signifies that the Moon's nodes, for the Head is forward looking and the tail represents the past.

These are two nodes formed by the intersection of the Moon's orbit with ecliptic. The line joining them is termed as Nodal line. The nodes are 180 degrees apart. Some call these nodes as Caput and Cauda. These nodes are only mathematical points in celestial sphere. The rate of motion is about 19 degrees 20 minutes per year and thus the period taken by them for one revolution of the zodiac is about 18 years. Vedic astrology treats Rahu and Kethu as chaya Grahas and they are mentioned in many places in Srimath Ramayana by Sage Valmiki, Mahabaratha of Veda Vyasa also makes mention of Rahu and Ketu.

They are classified as karmic planets. Vedic astrology classifies both Rahu and Ketu as malefic , Rahu indicating mundane matters and Ketu indicating spiritual and salvation. All the twelve signs of the Zodiac are allotted to seven planets that is Sun,Moon,Mars,Mercury,Jupiter,Venus and Saturn and all the days of the week are named after the seven planets . No Hora is allotted to Rahu or Ketu but names after the seven planets alone. As per Meena Naadi and Jathaka Alankaram that Rahu and Ketu are exalted in Scorpio and both debilitated in Taurus.

As per Meena1 and Meena2 , Gemini, Virgo, Libra , Sagittarius, Capricorn and Pisces are friendly signs of Rahu and Ketu. Unfriendly houses of Rahu and Ketu are Cancer and Leo(houses owned by the Sun and the Moon). Both Rahu and Ketu are thamasic in nature, similarly Saturn and Mars are Thamasic in nature. Further Meena2 States that Rahu the emitter of poison through the mouth and the Ketu emitting the poison or venom through its tail on the planets and as per Hindu astrology Rahu and Ketu are the head and body of an Asura(Demon) . Guruji Sri. NV Raghavachary (Meena2) had done lot of research and

given wonderful principles on influence of Rahu and Ketu while arriving favourable and unfavourable results on a horoscope. He had given lot of karakathwas to Rahu and Ketu and also mentioned the importance of them, while arriving strength of planets if they are in groups. Further states, if Rahu and Ketu happen to be ruling planets then they only will deliver the results to the native at appropriate time. Here I would like analyse one such principle given by Guruji for your reading and applying.

Principle: In general benefic planets in Ketu's constellations will not yield good results.-Meene2 Principle.

	Moon Venus Jupiter

Lagna		Mars	10

Sadabisha 3

Aswini(Ketu)

This chart belongs to a wealthy person born in an affluent family. But he had suffered in Middle of Moon dasa. He had to face lot of troubles and incur loss in business. Over and above he was not in good terms with his adoptive father. Let us analyse what is the reason for this trouble and loss. Ascendant is Sagittarius and its lord Jupiter is placed in the star of Aswini whose lord is Ketu. Note: Moon the 8th lord is in Aswini star. Venus the lord of 6 and 11th house is in Aswini star. Jupiter the lord of Lagna and 4th house is in the star of Aswini. Benefics Moon, Venus, Jupiter are in Ketu's star. Ketu is in the star of Sadabisha 3 pada- makes it to take Vargottama position and is very powerful.

Further 9th lord Mercury and 10th lord the Sun are with Ketu. This also made the natives life not comfortable. The Moon posited in 5th house with Lagna lord Jupiter could not help in his dasa since Ketu is very strong in giving results of litigation, obstacles loss of comfort etc. We can observe that the lagna, fourth, sixth, eighth and eleventh houses directly connected through the Ketu's star lord and hence these houses of benefics had not flourished.

Like this, Meena2 had given striking principles in his work Practical Stellar Astrology, I am sure these principles will help to decode or decide the strength of a horoscope.

Assess Lagna

Rahu is sub-lord of Lagna. Rahu falls in the star of retro-Saturn and in its own sub. Saturn placed in lagna shows the matter is related to health and its sub-Rahu placed close to 8th cusp indicates danger to life by disease.

Assess 6th and 8th cusp

6th cuspal sub-lord is Venus and 8th cuspal sub-lord is Mercury. Note that Venus falls in the sub of Mercury and Mercury falls in the sub of Rahu. Due to this relationship, 6th sub-lord gets connected to 8th cusp indicating that the native has tendency to be gripped with chronic diseases.

Further looking to the 8th cusp, Mercury as 8th cuspal sub-lord is a very strong planet, as there is no planet in its star and its placement in badhaka house shows the tendency of the chronic health issues to become obscure in nature and fatal.

Assess 11th cusp

11th cuspal sub-lord Jupiter falls in the star and sub-lordship of Rahu and Rahu totally eclipses Jupiter due to its placement in the sign of Jupiter. Rahu controls 8th cusp by way of being the sub-lord of the 8th Sub-lord Mercury. Thus, 11th house does not save the native to recover from the spells of fatal diseases.

Assess dasha Bhukti

Native is running the dasha of Venus-Saturn.

Dasha lord Venus falls in the star of Jupiter placed in 6th house showing that the native may get caught in the grip of disease during its tenure. Venus falls in the sub of Mercury placed in 9th house (badhaka) that shows the disease could be stubborn and fatal.

As observed above, Venus is in the sub of Mercury; Mercury in the sub of Rahu and Rahu indicating succumbing to fatal disease. Thus, Venus does not show any respite in recovery mechanism.

² Part I of this article was published in JASA Sept-Oct 2012 Issue

Bhukti lord Saturn is retro, thus is adamant in nature to dispense results. Saturn falls close to lagna, thus has a definite say in matter of health. Saturn falls in star of Venus in 7th house (Maraka) and in the sub of Rahu that is also placed in 7th house (Maraka again).

Thus, dasha-bhukti does indicate some serious health issues possibly leading to fatal point arising during its periods.

Analysis of Birth Chart by LSP principles

As indicated in my strategic approach to handle Birth Chart, the various LSPs of the horary chart are jotted down as follows. Readers may note that I am not elaborating the calculation of each LSP and the readers are requested to refer my article in inaugural issue of JASA for the calculation, concept and usage of LSPs.

LSPs for Horary Chart (day time)

LSP	Sign-long	SgL	StL	SbL	SsbL
Punya	Capricorn 07-12-00	Sat	Sun	Ket	Sun
Jeeva	Aries 17-49-03	Mar	Ven	Mar	Mer
Jadya	Leo 18-05-23	Sun	Ven	Mar	Mon
Santap	Gemini 01-50-37	Mer	Mar	Mer	Sat
Mrityu	Leo 06-8-25	Sun	Ket	Rah	Sat
Apamrityu	Cancer 07-16-14	Mon	Sat	Mer	Sat

Let all the above LSPs be overlapped in the birth chart and delineated as follows.

1. **Punya LSP**

Punya LSP deals with the Punya carried at a given point of time for overall help.

Punya LSP falls in the 5th house, thus the Punya carried in the Prashna seems OK and due to this reason, there would be definitive efforts for cure.

At the stellar level, Ketu is the sub-lord of Punya LSP.

1. Ketu falls in Lagna
2. Ketu falls in the star of 12th lord Moon placed in 11th house, thus it gives hope on some recovery (11th house) in the hospital (12th house).
3. Ketu falls in the sub of Rahu that falls in maraka house.
4. Ketu disposes Mercury due to its placement in the house of Mercury and Mercury is the sub-lord of 8th cusp. This does not portend good and this contracts chronic fatal disease.

Thus, Punya LSP is not supportive to the longevity.

2. **Jeeva LSP**

Jeeva LSP denote life force of the native

Jeeva LSP falls in 9th house (badhaka) that leads obscurity of disease.

At the stellar level, Mars is sub-lord of Jeeva LSP

5. Mars is positionally strong and is retro hence strong in dispensing karma results.
6. Mars is placed in lagna, thus it influence longevity
7. Mars is in the star of Sun placed in 8th house, shortening the matter of longevity
8. Mars falls in the sub of Rahu, not conducive of longevity, as observed earlier.

Thus, the life force of the native is nearing extinction and does not promote longevity.

3. Jadya LSP

- Jadya LSP denote chronic disease content in the body
- Jadya LSP falls in the 12th house, referring hospitalization.
- At the stellar level, Mars is the sub-lord of the Jadya LSP and all the results repeat as observed earlier.
- Linked to Jeeva LPS, the chronic disease content may diminish the life force of the body, hence lowering life span.

4. Santap LSP

- Santap LSP denote the manifestation of miseries in life

Santap LSP falls in the 10th house.

10th cuspal sub-lord is Mercury that is already analyzed to indicate low life.

Thus, miseries may manifest by lowering life by fatal chronic diseases.

The sub-lord of Santap LSP is Mercury that further affirms the evil of Mercury.

5. Mrityu LSP

- Mrityu LSP notify death circumstances
- Mrityu LSP falls in 12th house, showing death in hospital
- Rahu is the sub-lord of Mrityu LSP
 - As discussed earlier, Rahu is very evil for longevity
 - Rahu eclipses Jupiter which is the sub-lord of 5th and 11th cusp, thus the revival from the diseased condition is unlikely

6. Apamrityu LSP

- This LSP indicates the nature of death, if it is untimely and bad.
- This LSP falls in the 11th house, hence the serious efforts could be attempted for recovery
- Mercury is the sub-lord of this LSP
- Mercury is in the lordship of Rahu that eclipses life giving planet-Jupiter. This indicates bad death and un-timely. Note that Rahu is the sub-lord of Mrityu LSP that controls Apamrityu, thus the end of life could be painful and obnoxious (Rahu).
- Readers may note that Rahu gives diseases where dead cells do not get discharged from the body and due to the accumulation of dead cells, diseases such as Tumors, Cancer and loss of organs take place.
- Perhaps, such diseases could be the cause of apa-mrityu.

Readers may note that there is a lot of information revealed by the LSPs, which may not have been revealed by mere introspection of cuspal links.

Conclusion

In this case study, both the horary and natal charts are analyzed with a cross hatching of overlapping horary based LSPs on birth charts.

Based on analysis of horary and natal charts, it was inferred that the native is under a serious threat of life by some dreaded disease which may be incurable. It was inferred that the native does not have much lease of life and may succumb to the disease by way of its dreadness.

These findings were communicated to my friend on phone with the prayer to almighty for native's betterment.

The facts of the case

My friend appraised me the following facts by the end of the same day.

- a. His younger brother was unwell for a few months and was searching for a good diagnostic centre to discover what was wrong with him.
- b. He was thus called to Bangalore and was subjected to medical check up.
- c. He was diagnosed Cancer in advanced stage and the whole of upper half of the body till intestines were infected with it. There was no hope given by the doctors.
- d. He was admitted to the hospital as a last resort and was undergoing liver cirrhosis at present.

Acknowledgement

The KP principles are infallible and are crystal clear, although, they require genuine efforts for understanding and application. The efficacy of LSPs in KP domain ever proves to be valuable that provide sound second opinion to the KP dictate. Prof. Krishnamurti has devised a pioneering predictive model in astrology, which deserves sincere appreciation.

In this part we will discuss the astrological peculiarities of Mrigashira Star. *Soma* is the presiding deity of Mrigashira. *Soma* refers to moon. People born in this star will prosper on worshipping *Soma*. *Mrga* means deer in Sanskrit and *shirsha* means head: *Mrgashirsha* means deer's head. Since this star resembles 'deer head', it is *Mrgashirsha*, whereas some would prefer to call it *Mrgashira*. The month which corresponds to this star is the month *Margasheersha*, extolled in the *Bhagwad Gita* (X: 35): *Maasaanam margasheersham* – I am *Margasheersha* among months.

Mrgashira belongs to a group of stars termed *Ardhavam*, where the first two quarters fall in one rasi and the next two fall in the subsequent rasi. The other stars which share this trait are *Chitra* and *Dhanishta*. People born in *Mrgashira* are truthful, shrewd in judgment of people's character, and good at lecturing. They unhesitatingly discard long-term relationships if found wrong. One born in the first quarter of this star will become a king. One born in the second will become wealthy. One born in the third will acquire luxury goods. One born in the fourth quarter will have many types of apparel to wear.

Mrgashira also belongs to a category of stars, the *Tiryak mukha* (horizontal facing). *Ashwini*, *Mrgashira*, *Punarvasu*, *Hasta*, *Chitra*, *Swati*, *Anuradha*, *Jyeshtha* and *Revati* are other examples of such stars. These stars are suitable for travel and such activities, which involve horizontal movement.

Activities common in any trade such as book keeping, correspondence, and transactions are favoured by *Mrgashira*. Borrowing is another common feature in trade; individual business persons borrow funds to manage short-term needs. Certain astrological principles should be followed for the borrower to be able to repay the loan on time and honourably.

The borrower should never borrow when the ruling asterism is *Hasta*, when the Sun moves into a new house, and on Tuesdays and Sundays. *Mrgashira* is an ideal star for borrowing.

Mother feeds a newborn immediately after the umbilical cord is cut. For some reason this were not done, then it can be done when *Mrgashira* rules. The other stars that can also be considered for such an event are *Punarvasu*, *Pushya*, *Hasta*, *Sravana*, and *Revati*. The time fragment when the child is given solid food has a critical bearing on its health and long life. *Mrgashira* is ideally suitable for giving solid food for the first time to a child.

Tonsuring done when ruling star is *Mrgashira* bestows affluence on the holder. This star is suitable for the *chowla* (tonsuring) ceremony for a new born. The child should be named on the 12th day

from the day of birth. If that is not possible due to any unforeseen circumstance, then the naming ceremony can be conducted on a day ruled by *Mrgashira*.

Weaving and sewing can be done when this star rules. However *Mrgashira* is unsuitable for wearing new clothes. If such an event occurs on a day ruled by *Mrgashira*, then that dress will be spoilt by rats.

Foundation-laying is an important event in the construction of either a house or a non-residential building. *Mrgashira* is suitable for foundation laying ceremony. Even for fixing the main doorframe to a building, *Mrgashira* is auspicious.

Learning of skills such as carpentry, welding, painting, knitting, and sculpturing can be commenced when the ruling asterism is *Mrgashira*. *Mrgashira* is also a favorable star for minting coins, and to commence learning dance and music. Nose and ear piercing is a key element in Indian tradition. For piercing of ears and nose, *Mrgashira* is a suitable.

Mrgashira is suitable to commence learning. In particular, study of grammar should be started on a day ruled by *Mrgashira*. The alternatives would be the days ruled by *Rohini*, *Punarvasu*, *Pushya*, *Hasta*, *Anuradha*, *Dhanishta*, and *Revati*.

Days ruled by *Mrgashira*, *Ashwini*, *Pushya*, *Hasta*, *Chitra*, *Anuradha* and *Revati* ensure cordial employer—employee relations. If employees commence duty on days reigned by the above stars, lockouts, hartals and other similar problems would not occur.

For establishing friendships, *Mrgashira*, *Pushya*, *Anuradha*, and *Poorvaphalguni* are favourable.

Mrgashira is a favourable star for cremation, especially in instances where the body is not traceable and a dummy is to be used instead. It is also suitable for cutting and trimming of body hair and cutting of nails.

Grahapravesa ceremony (entering a new house) can be done when *Mrgashira* operates. It is a suitable for wearing new ornaments. A disease contacted on *Mrgashira* star will get cured in 5—9 days even though *Muhurtha Chintamani* maintains that it will take 30 days. Dental operations such as drilling or cutting can be done on this star and this time is also suitable for either giving enemas or taking laxatives. In general this star favours commencement of treatment and consumption of medicines.

Mrgashira is suitable to commence of painting such as painting of a building or painting of an artwork. *Mrgashira* favours the coronation of a king, assumption of office by either a Minister or a Head of State. *Mrgashira* favours all kinds of real-estate activities. Persons possessed by spirits can be exorcised on a day ruled by *Mrgashira*.

Mrgashira is highly favourable for travel; others being *Aswini*, *Pushya*, *Hasta*, *Anuradha*, *Sravana*, *Dhanishta* and *Revati*. This star is equally favourable for returning home after a journey.

Mrgashira favours setting up missiles and weapons either in defensive measure or in offence.

*Suggestion Box***Suggestion of the Year 2012**

To,
The Editor,
JASA, India

Sir,

At the outset, please accept my deepest gratitude and high appreciation of your tireless effort and open minded approach towards making an international journal that adds real value to the world of astrology. I have been reading your journal from its very first issue and I find it thousand times better than *[name removed]*.

Firstly, I would like to suggest that **please keep on providing original KSK scanned pages** in this highly esteemed journal. In *[name removed]*, Mr. *[name removed]* and his friend keep on writing KP rules created by them. In fact half of the magazine is written by them. But you in your journal provide us with original KSK write-ups, duly acknowledging his contribution. **This is a great asset for us. Please keep doing it.**

Secondly, my suggestion is please **maintain similar formatting** for all the articles. I find that different page formatting is done for different authors. It will look much better in my view.

Thirdly, authors like **Subhash Ektare, Nayan Mukhopadhyay, Vijay Kumar, Madhu Nair, Kaushik Ray, P. Muralidharan, O.V.N Murthy, M.C. Appa, Mr. Vediko** and other KP contributors should become regular contributors. Their KP articles are very enriching. Please ensure that in every issue we keep on getting to read their articles.

Fourthly, my gratitude to you for also publishing articles by **NVR Raja and Ms. Vijaylakshmi** on Meena Nadi as well as **Sunil Gondhalekar** on his 4 step method. Truly, your journal is stellar astrology journal and please keep on publishing other facets of stellar astrology as well.

Last but not the least, I am missing your valuable comments and suggestions on KP system in this highly esteemed journal. **I have already purchased your BTR and RP video courses and have no words to explain how grateful I am to you forever in my life to get knowledge from you, so I want more to hear from your through this journal.**

My best wishes to you and may this journal become the largest circulating astrology journal of the world.

Sincere Regards,

G. Subramaniam, Chennai

Introduction

In this second part I will show how to predict any Marriage from the natal chart and also the number of children looking in the chart. I will use my father chart to illustrate the two events by my understanding of this theory.

Houses

7th :The prime house of marriage

2nd :The prime house of family

11th :Gain of life partner/ spouse /Family. It also signifies fulfillment of desires.

Combination and timing of marriage

Marriage of native takes place in the Dasha-Bhukti and antara of the planets signifying **2,7,11** . To pin point the marriage or the settlement of marriage an Astrologer should check the transits in the following way.

Transits of Planets

Transits of the Planets are to be seen to pin point the events precisely. First see the transits of any slower moving planet (Saturn, Jupiter, Rahu & Ketu). They should transit the relevant houses which signify the combinations of a specific event. Then go on to see the transits of fast moving Planets (Sun, Mercury, Venus & Mars). When they join the slower Planets, the event take place.

Any of the three Planets which signify combination for event may/ may not be from the DBA should

1):Either conjoin in one house

2):Or aspect each other

3):Or transit the significator houses

³ Part I of this tutorial was published in JASA Sep-Oct 2012 issue.

4):Or aspect them

5):Or transit over their natal positions

To see also the transit of the antara lord in the Nakshatra signifying the combination for any event.

After one of the above conditions is fulfilled the event can take place at any given moment.

Analysis

Sun, Moon, Mercury, Jupiter, Rahu, Ketu and Venus signify Marriage event and the 7th sub-lord Jupiter signify 2,7 and 11 (**chart is a A-A rated by certificate in hand**) so the event is promise. When many planets at least 4 or 5 strongly promise the event, the event will take place looking in the natal chart.

The event took place in Jupiter dasha, Venus bhukti and Ketu antara in the 21th of June in 1961.

Dasha lord Jupiter signify 7 in sign , 2 in star and 11 in su

Bhukti lord Venus signify 2 in sign , 7 in star and 2 in sub

Antara lord Ketu signify 2 in sign , 5 (love marriage) in star and 11 in sub.

This event took place in a foreign land Bedford UK and combination of marriage should combine with combination for foreign travel **3,9,12**.

Jupiter : 3,9,12 ,Venus : 3,9 and Ketu 3,9,12 together with 2,7,11 signify Marriage in foreign land.

How to count number of children

The number of children of a native will have depends upon number of times 2,5,11 appears in all the planets in the Horoscope clearly. In my personal view I will also consider 2,9,11 as 9 is 5 from 5th house a facilitator house for children birth.

Looking at the table above :

Ketu signify 2 in sign 5,9 in star and 11 in sun = 1 birth child

Sun signify 11 in sign 2,5 in star and 2 in sub = 2 birth child

Rahu signify 2 in sign 11 in star and 5 in sub = 3 birth child

Jupiter signify 2,9 in star and 11 in sub = 4 birth child

These planets strongly promise children for native in fact my father had exactly four children. A friend of mine in his horoscope has two full combination for children, Sun signify 2,5,11 and Venus 2,9,11 , a male child was born in 2010 and soon he will have another child in 2013. This rule could be useful with others method for counting number of children and soon I will make a research on this subject.

Conclusions

In this system there are many interesting rules like, predict the color of your car, and guess your profession etc. and in future I will write on it.

Senior astrology practitioners are invited to send their 'knowledge inputs' on any branch of stellar astrology for publishing in this section – 'Classroom'.

The write-up should contain astrology rules/dictum/principles/applications which reflect the original thinking of the inventors/propounders.

All write-ups must contain appropriate references of books/magazines etc with original author names, publisher and page numbers to enable interested readers take up further reading and research.

Billet Doux

Dear Dutta ji,

Sadar Parnam!

I have been reading JASA since its inception and find your journal very open and rich with diversity. This is lacking in many other places. Apart from KP, you are also publishing other stellar forms such as Meena 2 Nadi and Sunil ji's 4 Step theory.

I wish you all the best for the good work you are doing.

Best regards

N. Modi, Mehsana

Sir,

JASA is doing great. Subhash Ektare's articles are really eye-opener.

But missing Nayan Mukhopadya's article since last few issues. Please tell him to write more. No where I am finding such good research in KP.

Regards,
Martin, Belgium

Respected Sri Indrajit ji,

Every 2 months I wait eagerly to download JASA, though in the last few issues it is getting released late than 5th of that month. But the quality of the articles compensate for my wait.

Specially, Ektare ji's article on KP research has helped my sharpen my knowledge. Kaushik Roy ji's articles are also very clear and simple. Vediko ji's article in [name removed] are more KP oriented than what is found here. But his PAM Theory is very good. I am using it myself. I never get to see new things in [name removed] but you provide us very rich and diverse inputs.

Any chance of getting Nimje ji to write for JASA again. I met him in Hyderabad and he is a very nice person.

God bless you Sir and carry on the good work.

Respectfully I remain yours,

SK Jain, Ahmedabad

Dear Mr Andrews,

Pl accept whole heart congratulations for successfully completing one year after launching of JASA. The Journal from the beginning turned out to be very professional nature as well as for a beginner a guide to follow how KSP principle helps in delineation. That way it has become a tool to learn KSP through self study.

The Anniversary issue is really star studded. It has very good articles and proved to be better than any other so far being published and being made available in the market.

It is quite a surprise that Dr.rao Nemani, DrE.S.Neelakantan as well as Dr Vijay Kumar too volunteered to contribute very good articles in the Annual issue that has made it very special for readers like me. I am sure your sincere good work and efforts to promote Astrology in a modern way will help readers to learn KSP procedures and also the magazine will reach new heights.

In these days, every thing costs. Such a voluminous issue is difficult to make available free. I think a membership scheme would help for the growth and promotion of journal on long-term basis. For the first time you have made it more user friendly by assign a code to down load the magazine in PDF format. Certainly this initiative will go in long way for all of us in referring the issue when ever any information needs verification and study of the various exemplary instances brought out in the issue.

Certainly you deserve special thanks and the team that joined voluntarily to bring out this wonderful annual number that raised the standards in Astrology by discussing those issue very vital to jyotish vigyan

sincerely yours
vrkrishnan
