BETZ Distribution Transformers

Remanufactured Sales ⊙ Maintenance ⊙ Repair

CALL
ALEX ADAMSON
OR LINDA BRUNO

Betz Transformers specializes in standard and custom designed transformers. This procedure includes both pole & pad mount 1-phase up to and including 833kVA and 3-phase compartment pad mounts and substation units from 10 to 5000 kVA. All remanufactured units are computer designed and wound with new copper conductor, HH insulation and PCB free oil. *We offer a 36-month warranty.*

BETZ TRANSFORMERS

BETZ Transformers Inc. has provided oil-filled distribution transformers to utilities, mining, heavy industrial, and contractor businesses for the past 40 years. We have a mobile field service and we purchase surplus or obsolete units.

DIRECTORY OF
Dealer-Advertisers By Numerical Code

Each of the hundreds of dealers who advertise in the SURPLUS RECORD is assigned a reference number indexed numerically on these pages. Simply select your requirements in the ALPHABETICAL ADVERTISING SECTION and once you have a dealer's number, refer back here for name, address and phone number. All items listed carry the dealer's reference number after his name.
