Engineering and Generation Projects Sector

Approved Vendor List

General Instructions

- 1.This document (Approved Vendor list) has been developed by Generation Project Engineering Sector- Engineering Department.
- 2.All procurements shall be made by Contractors/Subcontractors according to the approved list.
- 3.The Contactor shall ensure that all his selected vendors should have valid ISO 9001 QC Certificate for particular facility and equipment while commencing procurement.
- 4.The procurement outside the approved list shall not be allowed. However, in special cases such as for example (Approved manufacturer decline to quote, requested product not listed in the AVL ...) the EPC Contractor shall send Product PQ request to the concerned Execution Dept, describing the circumstances and enlisting the reasons for not utilizing the SEC approved vendor list. The concerned Execution Dept. shall thoroughly scrutinize the validity of the contactor request. In case of valid reasons and considering impact on the progress, fill the PQ request (form 7.12) and send it to Generation Technical Qualification Division ENGTQDV@se.com.sa
- 5.Approval / disapproval by COMPANY of prequalification vendor / manufacturers documents shall not relieve the CONTRACTOR from his obligations under the Contract.
- 6.The manufacturer listings shall be interpreted in the following manner:
 - 6.1Manufacturer listed with the word "None" as a "Limitation". All products from the manufacturer in the given category are acceptable.
 - 6.2Manufacturer listed with a "Limitation": Only the product that meets the "Limitation" is acceptable. If noted as being manufactured "Under License", only products made under the terms of the license agreement are acceptable.
 - 6.3Manufacturer is listed with a specific "Location": Only products made in the specific location or area(s) are acceptable.
