

INDEX OF

*Rosicrucian*  
*Monographs*

Seventh and Eighth Degree

Rosicrucian Order, AMORC

### ***To the student:***

This index has been arranged to help the student who wishes to review certain mystical and occult subject matter in the monographs and, in doing so, to get a better understanding of what the Emperor has presented in these Degrees.

It is impractical to list hundreds of ideas that could have been included in this index, but we have given the essential material and cross-indexed it where we believed it would be helpful.

It should be noted that:

1. All exercises and experiments are listed under the heading: **Exercises and experiments**. They are not given elsewhere in the body of the index.
2. All books and booklets are listed alphabetically by title under **Books, booklets, and Manuscripts**.
3. All concurrences are listed alphabetically by subject under **Concurrences**.
4. Initiation monographs have been indexed only for the preliminary and supplementary matter and the **Story of Light**; the main body of the initiation is not indexed.

The following abbreviation is used in this index:

Init. — Initiation

# Rosicrucian Incense

## INDIA MOSS ROSE

*Long-Burning • Specially Prepared*

SPECIAL  
SANCTUM INCENSE

Compounded from an exclusive formula for meditation purposes. Large, slow-burning cubes.

Many members find it difficult to secure the proper incense for their Sanctums. Incense generally purchased is not always entirely satisfactory for simple experiments at home. As you perhaps have discovered, it is sometimes necessary to open the windows and doors for ventilation purposes while using some varieties of incense. We have an incense specially selected by us that is most favorable to the conditions under which our members study.

Make the use of your incense more enjoyable and understandable. Available from the Supply Bureau is the large, interesting discourse entitled *Incense—Its Meaning and Use*.
