Notes - Abalashram was founded at the dawn of 20th century by the late Smt and Sri Venkatavarada Iyengar as a "Home" for total orphan girls and women with post-marital problems. Sri Iyengar paved the way for establishing Abalashram by marrying Smt. Krishnamma, a childhood widow. The burning ideals of Arya Samaj, his personal zeal for helping deprived women and the support he received from his life partner sowed the seeds. Both of them resolved to make a beginning in a small way and converted their own modest home, which was located at Basavanagudi, Bangalore, into a sanctuary for abandoned women and totally orphaned girls in 1905.

Notes - ActionAid is an international anti-poverty agency operating in over 40 countries, working with poor and marginalised people to end

poverty and injustice together.

We have been working with poor and marginalised people in India since 1972. We partner local NGOs, community based organizations and people's movements to collectively address poverty, inequality and injustice.

Our focus is on the rights of India's most marginalised communities: Dalit and indigenous people, rural and urban poor, women, children and minorities. These groups face an acute lack of access to and control over resources, services, and institutions.

We pay special attention to those in vulnerable situations such as people living with chronic hunger, HIV/AIDS or disability, migrant and bonded workers, children who are out of school, city-dwellers without a home, and people whose land or livelihood is under threat.

We also work with women, men, girls and boys who have been trafficked, displaced, or hit by natural and human-made disasters.

Notes - working with children & women on a rights based approach, creating awareness on citizens' rights, empowerments towards making people their own first line of defence. GCI believes that one cannot work in a specific area and not look at issues of equality, education, community participation and the like as separate. People need to become aware that they have a greater role to play in bringing about equality and demanding delivery of justice. GCI works in the field in crisis intervention when rights of women & children are violated, those seeking immediate support for education, medical aid and counselling, GCI supports & networks with the objectives of being transparent and accountable in every aspect of work related to the community and the projects undertaken. We believe and practice participatory governance both within the organisation and amongst the people we work with. Promoting equality first within our organisation and extending to every person we come in contact with anywhere. GCI works towards promoting dignity of labour irrespective of academic qualifications/age/caste/colour/religion/region. GCI also supports fair trade practices and fair employment practices especially in factories and industries where workers form the larger workforce. GCI also has a long track record of working with people especially women & children in making the law work for them. We believe in making children learn both academics and life skills. GCI is working towards a

society that is free of violence and discrimination of any form.

Phone Cell - 9449039414

Notes - ANANYA was started in March 1998, by a group of individuals concerned about the dearth of schools that provide relevant and meaningful education for the underprivileged children in and around Bangalore city. Even though the Indian constitution guarantees free and compulsory education to all children up to the age of 14, there are no schools that the poor can choose from. Either the schools are very good, but expensive and therefore beyond the reach of the underprivileged, or they are free but have poor physical facilities and offer a standard curriculum which is dull and boring. Most children, who drop out of school, do so because the schools do not cater to their special needs. Education in such critical context has no meaning or relevance to these children. It does not provide them with the required skills to overcome the social traumas or the emotional and physical hardships they face everyday.

Our long term objectives are:

To provide educational opportunities to underprivileged children so

that they can realise their dream of getting a school leaving certificate and contributing to the development and growth of the society in general and their families in particular.

The main purposes of the Trust are:

* To run a unique school ASK (Ananya Shikshana Kendra) that makes learning fun, relevant and meaningful for underprivileged children who are excluded from mainstream schools.

* To provide a platform ACT (Ananya Centre for Teachers) where people working with such children can meet to share experiences and ideas and create innovative teaching methods.

Notes - Arghyam Trust is a public charitable foundation setup with a personal endowment from Rohini Nilekani and working in the water sector since 2005.

Our mission is “Enough water, safe water always and for all”.

Arghyam seeks to support strategic and sustainable efforts in the water sector that address basic water needs for all citizens. We emphasize equity and sustainability - environmental, financial, social and technical - as the key desirable outcomes in all projects we support. Working with diverse partners, including NGOs, research institutions and government agencies, we give special attention to people’s participation, capacity building, innovation and scaling up through partnerships in our work. Some of our project areas include Integrated Domestic Water Management, Rainwater Harvesting, Sanitation, Groundwater Management, Water Quality and Watershed Development.

We are working with several partners to develop the India Water Portal (www.indiawaterportal.org), which is an open, inclusive, web-based platform for sharing knowledge, information and data on the water sector in India.

Notes - The Bangalore Kidney Foundation has provided medical services for kidney patients for over 10 years in Bangalore district.

Our foundation's goal and aim is to provide kidney-related medical services to ALL people in need, whether financially secure or not, in our state.

Our efforts have already established small clinics for dialysis services to needing patients in smaller rural areas. Many of our patients in need are very poor and cannot afford expensive dialysis treatment needed to avoid kidney failures. Without this treatment they are unable to work and face starvation.

At our foundation we use funds from paying patients and cover services for those of poorer sections.

Our foundation has as goal to establish 100 Kidney Mobile Med Vans that can reach remote and poor districts in the state of Kerala. We intend these vans to provide information on kidney related diseases as well as free dialysis services for patients in remote areas whom cannot afford neither travels to the city - or the care they need.

We also wish to be able to expand our staff support, our facilities and acquire new equipment which is needed badly.

Notes - Brief Information on CBR NETWORK (South Asia)

CBR Network (South Asia) is an international NGO working towards networking of all NGOs active in the field of Community Based Rehabilitation and Education of Persons with Disabilities, Women and Rural Development. With its regional office in Bangalore, in India, the Network is spread over more than thirteen states in India. At the international level, the Network is linked with Bangladesh, Nepal, Pakistan, Bhutan, Maldives and Sri Lanka. Since its inception in 1993, CBR Network is very active in accomplishing the snowballing effect through Dissemination of Information, Technical support, Training, Planning and Management of CBR Programs, Research and Publications.

CBR Network uses Community Based Rehabilitation as a strategy to approach the community and the government for the rehabilitation and inclusion of persons with disabilities in all developmental programs and protection of their human rights. The main thrust is given to ECCD (Early Childhood Care and Development), Inclusive Education of Children with Disabilities in mainstream schools, Human Resource Development for rehabilitation activities through training, transfer of technology and skills, advocacy to influence public policies, research and publications. CBR Network has been a consultant agency to UNDP, SIDA, Action Aid, NORAD, UNICEF, UNESCO and

NCERT. It has implemented World Bank assisted project Udhsiha Portage, a large-scale early childhood inclusive education program. Bangalore University and Karnataka state open Universities have entered into a Memorandum of Understanding with CBR Network for technical cooperation to develop human resources for the programs in Community Based Rehabilitation and Inclusive education. She is the chairperson for south zone of Rehabilitation council of India.

Contact Person - Mr.Kumar Jahgirdar	
Phone Work - 25593848	
Phone Cell - 9845264488	

Notes - CRISP is a Non Governmental Organization (NGO) founded recently by a group of citizens, who recognize the serious effects of "parental alienation" on children due to single parent families on account of divorce or separation. CRISP also focuses on furthering the rights of a child to remain connected with both parents. While most NGOs pertaining to children deal with issues related to child labor, education etc we deal with issues related to unquestionable right of children to be cared for by both biological parents.

Our aims and objectives are based on research findings worldwide which indicate that children do best when both parents are actively involved in their lives, even after separation or divorce. We believe that conflict between parents will get reduced and the mental and emotional health of children will improve, when divorcing parents can

be assured of equal and meaningful contact with their children with mutual cooperation.

According to CRISP, Parents contemplating divorce should be given mandatory counseling on "shared parenting" and the benefits thereof by a panel of experts supervised by the family court. This will eliminate unnecessary child custody battles and stress to the parents and the child and also wasting of precious time of the courts.

Parental alienation occurs, when one parent disallows the other parent from communicating with their children for personal vendetta. The dominant parent then brainwashes the child against the other parent, assuring the child that it is all right to ignore the other parent." This brings a lot of mental distress and trauma to the child and the alienated parent.

Indian legal system is still based on patriarchal mindset, which considers fathers as not capable of nurturing the children. However, today many fathers are competent of taking care of the needs of the children for normal upbringing. When women can multitask by going to work after domestic chores and also take care of children, it is baseless to say that men/fathers are not capable of taking care of children. With rise in number of working parents in nuclear family setup, father's involvement in raising the children is a must. Otherwise, the child is simply left at the mercy of servants and strangers in day care centers and exposed to all sorts of child abuse.

Notes - CFM aspires:

To build God's kingdom through employing techniques and efforts in tune with the modern world of technology and technical know-how.

To prepare youth to face realities of life and help their revival that may bring about positive and everlasting changes in their attitude of mundane world and initiate in them the desire for a permanent spiritual, moral and social solutions to their ever multiplying problems.

To build a world-wide network of committed youth for Christ and be His apostles in carrying on His Message to the world and prepare the listeners to meditate on His name and mission.

To bridge youth destined to play a positive and worthwhile role of emancipating people, crippled by pernicious forces which move about freely undermining the spiritual ethos of the people.

Prayerful greetings in the name of our Lord Jesus.

We warmly welcome you to this ministry with a view to extend the frontiers of man and prepare him to associate himself with heart and soul in toto in the divine embrace of Jesus whose benign love paves way for the emancipation of man from the snares of sin and bondage and ushers him to enter the Temple of Happiness and Freedom.

Ours is a world-wide organization without any profit motive to weld together the youth of world nations under the banner of CFM and show them the path of joy and survival in this age of intense competition and confrontation. We welcome you to avail the opportunities provided by us and arise and awake from the disturbed environment in which you are, without your knowledge, forced to live.

Notes - CUPA is an organisation for the welfare of animals. A registered public charitable Trust, CUPA was founded in 1991 by Crystal Rogers, an Englishwoman who made India her home

CUPA was founded by Crystal Rogers. She was born on November 17, 1906. Her love for animals began at an early age, culminating in a remarkable career dedicated to animal care and marked by compassion, hope and community.

More than 10,000 wild and domestic animals pass through its portals, and activities range from urban stray dog control to load bearing animal relief centres; from a veterinary hospital, emergency care centre, and 24/7 animal shelter operation to rehabilitation of wildlife in their indigenous forest zones.

Notes - Founded in 1999, Dream A Dream empowers children from vulnerable backgrounds by developing life skills while at the same time sensitizing the community through active volunteering leading to a non-discriminatory society where unique differences are appreciated.

Dream A Dream provides children from vulnerable backgrounds with non-traditional educational opportunities designed to allow them to explore, innovate and build important life skills. These life skills are fundamental to child/youth development and to the successful transition into adulthood and becoming fully functioning and productive members of our society. Dream A Dream programs allow children to develop:

- Interpersonal skills including teamwork, communications, negotiation and coping skills
- Cognitive skills such as decision-making, problem solving and critical thinking
- Creativity, confidence, self-awareness and a passion for learning

Ours is a dream that started with a small group of young people wanting to make a difference in their Bangalore communities, but has developed into a professionally-run NGO serving over 700 children through a strong base of volunteers.

The twelve founder members of Dream A Dream are Brinda Jacob, Neha Shah, Vishal Talreja, Rahul Mathur, Supreeta Sampath, Pramod

Ramprasad, Sandeep Wadhwa, Rashmi Bajaj, Arjun Dugal, Shweta Kothari, Vipul Chhabria & Vishwa Prasad.

Notes - FAME India is a registered trust formed by concerned philanthropists, with the objective of working on developmental issues of our society, with a particular focus on disabilities. Our mission is to reach out & empower persons with disabilities, so that they may lead a life of dignity and be self-reliant.

There are challenges galore - Cerebral palsy, mental retardation, mental illness, Down's syndrome, learning disability, autism and, visual, speech, hearing & mobility related challenges. Considering the enormous needs of this society and the limited resources available, we do realize the enormity of the task we have undertaken.

Fame India wishes to creatively and efficiently utilize, resources and opportunities that exist within the community. We have enlisted the support of interested volunteers, and work jointly with other organizations, companies, and the government, in fulfilling this task.

Notes - In the year 2003, six engineers envisaged Gamy Foundation with a dream for strong and prosperous India by year 2020. Gamy Foundation is inspired by the ideals of Swami Vivekananda. The tremendous success of our Indian entrepreneurs on a global scale helped our infantile dream sprout in the fertile environ we live-in. Pretty soon we found this dream grow into a giant monolith. A strong urge to do our bit for the community coupled with our experience in community service activities in college days drove us towards joining hands to form Gamy Foundation. With limited resources and boundless moral support from our families, friends and patrons, Gamy Foundation is now a registered charitable trust, recognized under Sec. 80G of the Income tax Act 1961. This ambitious effort is wedded to the goal of "Empowering the youth to architect their own Destiny - Gamy."

Notes - GoSports Foundation is a non-profit venture primarily focused on securing funding and professional expertise for India's best and most promising sportspersons. The Foundation believes that by supporting the development of Indian sportspersons who demonstrate world-class potential, it not only greatly increases India's chances of winning medals on the world-stage, but also creates a potent tool to empower and uplift these athletes who come from weak socio-economic backgrounds. The NGO has directed its efforts toward providing crucial financial and professional support for high-potential sportspeople in India.

Notes - Greenpeace is a non-profit organisation, with a presence in 40 countries across Europe, the Americas, Asia and the Pacific. To maintain its independence, Greenpeace does not accept donations from governments or corporations but relies on contributions from individual supporters and foundation grants.

As a global organisation, Greenpeace focuses on the most critical worldwide environmental issues such as:

- Oceans and ancient forests protection;
- Fossil fuel phase out and the promotion of renewable energies to stop climate change;
- Nuclear disarmament and an end to nuclear contamination;
- Elimination of toxic chemicals; and
- Preventing the release of genetically engineered organisms into nature.

Notes - The Home of Hope is located in Doddagubbi Village, in the outskirts of Bangalore. The Home is built on a half acre plot of land and was built to accommodate 80 residents. However, today more than 200 residents live here. There are just 80 beds and the kitchen has basic utensils that are used to prepare the meals for residents every day. The land for this home was donated by India Campus Crusade for Christ.

“I don’t want to see even one destitute on the roads. I want to have 1,000 people in my home. My vision is to see Bangalore free of destitutes and I pray to God to help me in my efforts.” says Raja who envisions a Bangalore that is bereft of beggars and street-dwellers. Raja strives to carry forward his vision as his home is where the future of the homeless lies.

Orphanages

Notes - Home of Love is a charitable Trust working for the orphan in Bangalore. Home of Love is a residential place for the new born, underprivileged and dying destitute rendering services like food, shelter, education, medical aid, clothing and nurturing with family warmth-ness wholeheartedly. It is a place where the every child will receive the motherhood love, care and responsibilities.

Today we come across that most of these children are neglected by the society, never wanted to give a platform to go ahead in their career. They are always kept beside the other children.

Home of Love had established mainly to raise voice for these children to have a better opportunity, to get involve themselves with the various activities to develop their personality. We are always looking at the growing of our children with a bright future.

We pray to God that these children will get all the basic amenities needed in life and help them to gain love, being cherish all around getting support and protection from all the harms and unevenness.

Goal

Home of Love wants to provide a real and loving home for needy children and to assist them in accordance with their right to live and

grow up to be free, healthy, and independent individuals who will not be exploited in the future.

Objectives

The main objective of Home of Love is to up-bring orphan, destitute, deprived, street and slum children, who live life in darkness without knowing the moral values of life. To teach them good moral values of life, we also train them to bring out their inner talents and shape them into good citizens. We take care of these children until they stand on their own feet.

To provide children with healthy and hygienic shelter.

To provide children with clean and neat clothing.

To provide children the scope for physical development through nutritious food, sports, and games.

To provide children qualitative education.

Though the problem is like an ocean before us, what we are doing is like a drop of water in a ocean. Even if we can change a few handfuls of such deprived children in our lifetime, we can give real meaning to our birth.

Origin

The Origin of Home of Love lies in the story of its founder and managing trustee, Satyanand. As a child, Satyanand was brought up in an orphanage, experienced that everyone is able to gain the materistic care and the sharing of shelter in an orphanage. The Love, Compassion, Care, Affection and Tenderness that a child needs in its growth were not able to feel and everyone was craving for it. Satyanand from his childhood had an aim to establish an orphanage where he can fill the home with love, care and the motherhood warmness and her nurturing.

Satyanand developed a strong awareness and compassion for the poor, needy and deprived. It was these experiences that led Satyanand to commit himself to the service of the poor especially children under his care. They were provided with food, shelter, education and are being given the opportunity to shape their own bright future. Satyanand ultimately plans to provide shelter to children under the wings of

Home of Love.

Home of Love is a non-profit, non-religious, non-governmental welfare organization. Home of Love was started with the primary aim of providing abandoned and deprived children with adequate shelter, food, medical facilities, and education. With the hope, that one-day these children will be able to stand on their own feet, making them independent, responsible and respectable citizens of the country. Home of Love's children also undergo yoga, meditation and regular health check-ups to keep them fit, strong and healthy. Home of Love's programs for villages extend beyond just awareness programs. Numerous medical camps are being organized in villages to help the poor and downtrodden alleviate their pain and suffering.

Social Motto

There is a purpose behind every person's birth. One should utilize his/her knowledge and efforts not only for his/her own growth but also contribute a little for the growth of the deprived ones, by which way one can give real meaning to their birth. Life is short; let us make it meaningful and purposeful. Let us all join and work together to up bring these less fortunate children of the society as good citizens of tomorrow and thus build a strong and peaceful world

Activities

The organization is taking care of orphan and abandoned children of the society, providing them with food, clothing, shelter and education. Main mission is to up bring these less fortunate children of the society in a divine environment, inculcate good discipline and shape them into good citizens. Our mission is to take care of these children until they grow up and can stand on their own feet. We plan to up-bring less fortunate children during the lifetime.

Notes - ImagineIndia was formed with the basic premise that one person CAN make a difference. We believe that each of you out there want to do something for the needy & all we do is provide a space for all the little drops to become a pond. While we stand for all causes, we are currently focused on Child care & development.

ImagineIndia works with grass root initiatives and projects aimed at child development and education with community involvement. ImagineIndia adopts rural schools with the objective of improving the facilities, infrastructure, quality of education & the overall joy of schooling. ImagineIndia also connects potential donors and volunteers with other NGOs, enabling the NGOs financially, helping them focus on their objectives and increase capacity.

Notes - India Literacy Project (ILP) was founded in 1990 in the USA by a group of young Non-Resident Indians. With its mission to be "A Catalyst for 100% literacy in India", ILP is a developmental support organization that works in partnership with local Non-Governmental Organizations (NGOs) and networks in India to play the role of a catalyst for literacy. ILP's main role is to enable and support the implementing partner (NGO) in its processes of strengthening the community, to identify and address the gaps in the delivery of education services, and to bring about systemic changes through advocacy.

Notes - Welcome at the Institute for Youth and Development, a secular, non-profit, voluntary organization established in 1978, mainly involved in sustainable rural development in Karnataka and Tamil Nadu

Our Major Objectives:

- To strengthen youth, women and the marginalized poor with qualities and skills that will prepare them for life and enable them to function as catalyst in the process of change and development;
- To create conditions to bring about a just, participatory and sustainable society;
- Training and education of farmers on land, water, appropriate cropping, preservation of environment and natural resources;
- To promote entrepreneurship: cottage, small and micro sectors;
- To coordinate and cooperate for development with youth organizations, welfare agencies, banks and government departments;
- To initiate and organize needs-based sustainable rural development projects regarding environment, energy, health, education, agriculture, animal husbandry, sericulture, income generation, etc.;
- To initiate the process to generate and promote conventional energy sources like biogas and solar energy for meeting sustainable rural energy needs;

- To improve ground water resources through various watershed development activities for sustainable agriculture;
- To develop and promote appropriate sustainable institutions for development and maintenance of rural common property resources including village tanks.
- To help designing implementation strategies and policy recommendations for development.

Notes - Janaagraha is a not-for-profit institution started in December 2001 by two founders - Ramesh and Swati Ramanathan. From a movement to include people's participation in public governance it has now evolved into a robust institution for Citizenship and Democracy. It now has an eminent governing board and an active Working Council that makes operational decisions for the organisation. Of the thirteen programmes in Janaagraha four have advisory groups with members that are highly accomplished working professionals. Besides our staff of twenty nine, we are supported by the energy of at least 200 volunteers at any given point in time.

Notes - About Us

KB Foundation was started on 27th July 2008 in Bangalore by SRIKARTHIK G K, an enthusiast who wants to do something for the society. The main aim of this foundation is to eradicate poverty to the extent possible by educating and supporting the poor and needy. Sriarthik believes that by education we can bring changes in the society. In a country like INDIA we lose 1 among 4 children due to Malnutrition and 60% of the children in India discontinue their education by the age of 10-12. EDUCATION is a must for the change and our aim is to provide basic education to an individual so that they can help themselves and lead a dignified life.

Some of the main objectives of the trust are :

- * Home for the aged, orphanages
- * Education to poor, sick, disabled
- * Relief to poor
- * To establish and develop institution for the physically disabled or mentally retarded person.

village called Dasarahalli. Dasarahalli means Dasara village. This place is 15 Km away from the city area and people who are living in this area are very poor. Some women have husbands, some are separated, and some are widows, some are not looking after their wives. Their children are wandering here and there like beggars. They are not able to give any education to their children.

If this project starts in this area, we can give self-employment to women, education to the children or a boy's and girl's home (Looking after the children, their food accommodation, and education and their welfare).

I request your help for this non-profit organization and the development of this organization to help the village people.

This organization has informed us they are qualified under their local country tax law to receive tax deductible contributions

<http://www.karmayog.org/ngo/ktrust/>

Notes - Karuna Trust, instituted in 1986, is a public charitable trust, located in Karnataka. The Trust began as a response to

the prevalence of leprosy (21.4 per 1000 population) in one district. Prevalence of leprosy dropped from 21.4/1000 population in 1987 to 0.28/1000 in 2005. From Leprosy control, Karuna Trust diversified into various other health aspects as well to integrated rural development. The main focus areas are health, education and livelihoods, with public-private partnership initiatives.

Notes - The Kushal Foundation in Bangalore is an NGO founded in
March 2005 to provide free primary health care and community health
education for socio-economically disadvantaged children living in the

slums of Bangalore and surrounding villages.

Kushal (meaning “well being” in Sanskrit) is working towards this goal through the operation of healthcare centers providing free primary health services for children and antenatal women located within economically disadvantaged communities that lack access to basic health care either because of a lack of economic means, physical proximity or insufficient medical care provided by government health centers. Our health centers foster community involvement and emphasize an integrated preventive, promotive and curative approach that tracks the complete development of young children, including regular health checkups by physicians, immunizations, and health camps.

Notes - Lovedale does not believe in charity. We do not run formal schools, but a bridge school, Our's is not an orphanages, though orphan children live with us, but a foster Home. We wok close with the child helpline of the Bangalore City Police commissioner's wing MSV which rescues children from difficult situations, such as child labor, abandoned, born to HIV infected sex workers, runaway children etc. We have witnessed transformational change happening over the last 7 years experience.

ovedale is a fully integrated not-for-profit organization that delivers innovative module in Education in rural India. We intend to redefine the existing Education system with scalable and sustainable solutions, which empower the deprived children to grow up with quality education that puts them on par with other children, fighting to break the vicious cycle of poverty and helping them grow into able youth of tomorrow.

Notes - Vision

We believe that all persons with disability have the potential to become independent and self sufficient and given the right opportunities to achieve their goals and play a useful role in the community

Mission

We assist people with disability to become independent by

Making them aware of thier rights and responsibilities
Providing them with an enabling atmosphere through networking with other organizations and people
Designing training programmes that teach them coping skills
Supplementing educational needs
Vocational training
Job placements

Mitra Jyothi has designed a variety of training and support

programmes that will assist persons with disability become independent and instill in them the confidence to achieve their goals.

Established in 1992, the talking book library converts books on varied topics into audio tapes. The library has 21,000 audio cassette on both educational and general topics. The library has a membership of 1060. The talking library has now moved a step further and is being digitalised for better preservation.

Sanchaya is a monthly audio magazine in Kannada produced by the organisation. It gives general information to the visually impaired. The magazine is immensely popular and has a membership of over 90.

Notes - Let me take the pleasure of introducing ourselves as Moksha an inclusive group of creative performers with people, with and without disability , who believe in continuously promoting the values of life through the medium of dance and theatre.

With our Motto being "Entertainment with a purpose and purpose with a difference" Moksha proves the fact that creativity in dance can no longer be restricted to the significant movement of ones own two legs - it grows far beyond just the feet - uniquely aiming at the exploration and expression of the mind.

We are proud to state that our dances are so professional and our quality is at par with any other professional dance troupe in India . With four public performances for some of the top MNC's and NGO's, two charity shows for a leading hospital in Bangalore and a disability dance audition cum workshop so far - we are proud to have made a difference in the lives of many.

With an aim to take the concept of inclusive dance more seriously, we decided to form an organization - Moksha Creative Art Centre, which was registered as a Trust on the 2nd of June 2007.

Phone Work - 32929584

Notes - The works involved are: Sustainable Rural Development, creating a NEW ECONOMIC ORDER. The said development is being attempted through a new concept of APIX, wherein rural areas would be developed by converting available resources (both renewable and human resources) into agro-produce, engineering materials, alternate petrochemicals, alternate energy, and bio-fertilizers. I have combined with a leading NGO, Sumangali Seva Ashram, to set up the APIX_Pilot plant. The concept of APIX could be organized all over India to create an unprecedented development empowering local people through earning power... not made available through any schemes so far. More can be seen at:
<http://apixssaproject.wordpress.com/>

Notes - MCC – Murray Culshaw Consulting – supports the voluntary sector (NGOs) with communication and fundraising. Through our consulting, training and research work we encourage voluntary organisations to communicate primarily with the public, receive support and in return, become accountable.

We are looking for enthusiastic, committed individuals who have the conviction that they can bring about positive change in society. We are ready to take on freshers, but would prefer individuals who have some relevant experience and an understanding of social issues. Appropriate qualifications will help, but are not the deciding factor.

These positions are more suitable for individuals already based in Bangalore – these positions do not qualify for relocation allowances.

Notes - Nithyananda Dhyanapectam is a worldwide movement for meditation and healing. The foundation has its spiritual headquarters in Bengaluru (Bangalore), India. The advent of Paramahansa Nithyananda on planet earth is to spread the inner science of enlightenment by delivering physical health, mental wellness and spiritual awakening for all beings irrespective of their race, gender or nationality. To achieve this, Nithyananda Mission aims to initiate 100 million people into the unique meditation Nithya Dhyaan and one hundred thousand people to "living enlightenment".

Notes - People For Animals- Bangalore (PFA), is a non-profit conservation organisation and has been working to promote harmony between humankind and nature. PFA recognizes that animals have the

ability to experience pain, and as such they deserve certain basic rights protecting them from pain caused by humans. It believes that non-human animals should not be subjected to suffering and exploitation by humans because alternatives exist for nearly every traditional "usage" of animals.

Notes - Our tree planting is unique because it involves citizens and communities. They help us in every step right from identifying sites for tree planting, watering and protecting the saplings.

The participation increases awareness about our dependence on trees for survival. It also provides a common cause for people to come together and do something to improve the quality of life for years and generations to come.

Our tree planting is done with prior permission of the Government authorities / owners of the tree planting sites.

Contact Person - Mr.Raja SriRama

Notes - The advent of "Ramarajya" verily implies the ushering in of prosperity and plenty, blessedness, bliss and peace on earth and

goodwill among men. If such a state of true happiness is to come about then all fear and uncertainty must vanish from man's heart. But fear will persist as long as there exist suspicion, distrust and disbelief amongst men. To eliminate distrust and suspicion, all falsehood, deception, crookedness and untruth must exit. Then alone mutual trust and respect can be created amongst men

Ramarajya Foundation is the result of divine inspiration and is dedicated to benefiting all sentient, to work selflessly for the betterment of all life forms, to offer impetus to the coming of Ramarajya

Ramarajya Foundation further believes that social benefit and upliftment is possible by emulating the ancient concept of Mariyada Purushottama Rama and his fundamental Ramarajya - As Lord Sri Rama was incorruptible, people were prosperous: as he provided them complete security, they were able to engage themselves in creative and productive activities; as he offered them leadership by example, he was like a father unto them; and as in their hour of distress he was by their side to wipe their tears, he was like a son all his subjects

Thus the Foundation believes that incorruptability, security, good leadership and compassion inculcated in all human beings is a necessity of life & an undeniable social prerogative and hence is extending its services to all life forms & non-life forms under its ambit of activities to inculcate these qualities in humans, who are the custodians of nature on this planet

Ramarajya Foundation is formed for the main propose of charity, benevolence, moral & spiritual upliftment, relief to the poor, education, medical relief, promotion of religion, sports & games, environmental custodianship, research, and the induction & advancement of any other object of general public utility

Ramarajya Foundation focuses on giving momentum to ethical character & nation building by facilitating life (all encompassing) to mature in a safe, productive and happy setting

Notes - We introduce ourselves as Non Government Organization (NGO) registered vide Registration No.872:1993-94 dated 11.1.1994 in the name of RAO EDUCATION SOCIETY. The organization is having vast experience from last 10 years involving in rural education in India. We are conducting so many project like Free Computer Education in rural villages (the institute named as "SOFT CREATORS and Prashanth Computers under Rao Education Society) , blood donation camps, Free eye camps and health camps, Free eye surgery, environment training , primary and secondary education, rain water harvesting, Soil Conservation , Awareness about Sanitation in the villages, Drip irrigation, Yoga training, values and culture, science and technology etc., Basically our motto is to serve rural remote villages where the people is below poverty and the education is not even 10% and a family who earns below Rs.3000/- Per month. We have very good management and staff to conduct the projects, but we have no funds source to conduct the projects. Where ever we get the small amount of donation which is not sufficient for traveling expenses and our Government of India will sanction the budget according to their calculation which they calculated 20 years ago. What ever we get from Government is not sufficient to full fill the projects. We can give you the details about our NGO and projects details further if it is required by you. We humbly request you to help financially to serve the poor and remote villages in India. Note: We will submit all related documents as per your requirement

Notes - Our organization was started in the year 1994 only by seeing and realizing the difficulties and horrible condition of child labourers.

The founder of the organization Mrs.Benazeer has a Masters in Hindi and is a resident of Bismillah nagar, Bangalore – India.

Activities:

- * Literacy and non-formal education
- * Childcare or crèche programme
- * Child Labour school
- * Health Education
- * Women Empowerment & self help group
- * Income generation

1. Literacy and non-formal education

* Under this programme, working children come to non-formal classes as part time or full time basis. The non-formal education is nothing but education through games and fun. The aim of non-formal education is to provide a basic knowledge for livelihood. Non-formal education comprise of life education and vocational skills.

* Thus non-formal education programmes for eradication of child labour prevents children from entering the labour force and helps literate those who are already employed.

SOCIETY)"

an organization born with humble beginnings but with greater visions,
striving relentlessly to work for down trodden and needy. For many
years it has worked closely with those brothers and sisters, who are in
the lower strata of the society. Its main mission is to bring Peace
among the lives of numerous people by meeting the economic,
Medical, Intellectual needs of the needy.

“Men are not born as Saints or sinners, but are born as rich or poor” In
understanding above saying ROBES (REVIVE, ORGANISE, BUILD
& EMPOWER SOCIETY)"

work for those unfortunate and deprived class, to uplift them in all
possible ways.

Notes - Like every common man we have a dream to contribute some
of our life time to help this society in our own small little ways. We

thought we can and we should. We are not rich nor are we powerful, but we see ourselves, but we see ourselves as one team with solid thoughts, a team that can support. With all the thoughts crossing our minds and our conscious calling us to help the needy, we decided firmly to start up an organization called "ROOTS".

The generic term Root may be described as "a part of the body of a plant that develops, typically from the radicle and grows downward into the soil, anchoring the plant and absorbing nutrients and moisture". Basically a plant without Root has no identity of its own and can never exist.

Like the way the Roots take the responsibility of enfolding the entire tree, which in turn provides various benefits, we the Roots Foundation believe in embracing the entire society and instigating the change that we want to see. We are not the pioneers but are indisputably one of the kind that aims at strengthening the society and the organisations who need our help and support. We believe in the phrase "I am only one, but I am one. I cannot do everything, but I can do something and I will not let what I cannot do interfere with what I can do."

We hereby invite people to lend their helping hand to make this society a better place to live where no kid is an orphan, no parent lives his/her last days in vacuum and no woman is found straying on the roads to feed her hungry child...Think, you and I can make the difference!!!

Notes - The mission of starting "Samaja Sevakara Samithi" is to bring back the glory of humanity into the world where money, power, cruelty are dominating the beautiful minds. Why we needed an organization is that people don't get convinced even when a good person is working unselfishly. We, a group of like minded Engineering students from Bangalore started our activities with the celebration of a day dedicated to all Social Workers. Even the story behind celebrating the day is some what interesting

Notes - Improve the condition of needy people by providing wholesome education which will aid them in all round development and make them independent.

To give value based education to people who have come from a poor financial background as the Bhagavad Gita says "Nahi Gnanena Sadrsham pavitramiha vidhyate"

We can't quantify our targets. We want to prove that we can bring about a change in the society by providing value-based education. This is what we want to achieve

Notes - Sampark started its activities as a resource agency for NGOs in 1990 and was formally registered in July 1991, under the Karnataka Societies Registrations Act (1960). Sampark's mission is to expand the capacity of vulnerable and poor people, especially women and to

improve their lives, primarily through increasing their income-earning ability. We recognise that this requires a considerable variety of training inputs, apart from resources and infra structural linkages.

As a resource organisation, Sampark supports NGOs, co-operatives and women's self-help and informal groups based in India through consultancy on income-generating activities, enterprise development and gender related issues as well as with facilitating and conducting trainings on related topics.

Field based Activities:

- Promotion of women's savings & credit groups
- Promotion of cluster associations
- Capacity building training
- Micro credit
- Literacy/educational support
- Vocational training enterprise support
- Action research on mental health
- Sustainable natural resource management

Research and Advisory Services:

- Research Studies
- Impact/ Evaluation Studies
- Project design
- Organisational strategy development
- Training of NGOs and Students
- Documentation
- Publications

Notes - SNEHA is a non-profit, voluntary organization, striving towards the sustenance and nurture of the marginalized sections of the Society.

This organization is formed by a group of individuals whose pursuit is to bring a purposeful change in the Society. The origin of SNEHA dates back to the year 2004. It all began with a discussion and a resolution taken by the like minded individuals of Shahi Exports Pvt. Ltd., Bangalore, to bring a positive change. A series of initiatives were taken up with an objective of raising awareness regarding an egalitarian Society as well as promoting self-reliance of the underprivileged sections. Inspired by its phenomenal success, many other volunteers joined hands to be a part of this change process. As the days passed, SNEHA grew in terms of size and events. In November 2008, SNEHA saw itself receiving a legal status when it was registered under Indian Trusteeship Act. Presently, SNEHA is running as a full-fledged NGO. The able guidance of the trustees and the pursuant zeal of its members have made its programs very effective to the lives of people it has touched upon. SNEHA today owes its accomplishment to its founder Dr. James Thomas.

Notes - Sree Guruvayurappan Bhajan Samaj Trust (SGBS Trust) was formed in 1978 with the main objective of promoting Nama Sangeerthana. Over the years, the trust has grown in multiple dimension to promote Social and Cultural Activities.

SGBS Trust is single-minded in its aim to improve the quality of life around us, be it through music or education or other social activities.

SERVE THE SOCIETY - PROMOTE ABIDING PEACE

INTRODUCTION:

Formed in 1978.

One of the popular cultural/social organisations in Bangalore.

Enjoys the support of a wide network of individuals & corporates.

TRUSTEES

Professionals engaged in business or with corporates with complementing skills and experience.

A group of volunteers committed to the cause of the Trust and sharing a vision of making a difference to the society.

PROMOTING ART AND CULTURE

Three main festivals of SGBS Trust are Gokulashtami, Sharadotsav and Thyagaraja & Purandharadasa Aradhana.

Monthly music concerts on the first sunday of every month to promote budding talent.

Cultural programmes for over 50 days in a year, free for public.

SPIRITUAL PROGRAMMES AND NAMA-SANKEERTHANAM

Spiritual discourses and devotional programmes are part of the festivals.

Festivals include Ashtapadi Bhajans, Divya Namam, Radha Kalyanam and Nrithya Sankeerthanam.

Weekly (Saturday) Bhajans conducted in different locations on request

SOCIAL COMMITMENT

The Trust provides help, relief and empowerment to the under

privileged, with no discrimination based on age, sex, caste, creed or religion. Current activities include:

Financial assistance for the education of about 325 deserving students every year through programme " Shiksha" (education), where the fees are directly paid to the schools.

Free employment and marriage bureau

Establishment and running of a centre, " Sanathana Dharmasamstha", to conduct the last rites/annual shraadham of the departed (For assistance, Contact 25567990)

Free facilitation for funerals

Notes - Sri Sri Ravishankar Vidya Mandir (SSRVM) Trust is the educational wing of the Art of Living. It was founded by His Holiness Sri Sri Ravi Shankar in the year 1999 as a Charitable Spiritual and Educational Public Institution to impart value education in a stress-free and child friendly environment.

Within a short span of five years, SSRVM has established 64 institutions in 16 States across the country. This network comprises of 59 schools and 5 institutions for higher education. To add to this network of institutions, the target is to establish atleast one school in every district of India.

Notes - Akshaya Patra means an "Inexhaustible vessel" from which unlimited food can be drawn.

Facts & Numbers

Every year, 2.5 million children die in India, accounting for one in five deaths in the world. More than half of these deaths could be prevented if children were well nourished. India's progress in reducing child malnutrition is very slow.

The proven path to helping the poor, is by educating them. Providing food works as an important factor that encourages education; this in turn enables overall development transforming lives and communities.

A hungry child cannot be expected to have an urge for education. We provide nutritious meals to about 1 million children - with a vision to encourage education amongst the poor.

Law for Action

Many impoverished children performed poorly in school due to short attention spans associated with extreme hunger. Other children either did not enroll in school, or dropped out at a young age choosing to seek work during the school day to earn money to feed themselves and their families.

Earlier, school meals was irregular and in many places non-existent. Responding to pressure from the people, the Supreme Court of India passed an order on November 28, 2001 which mandated: "Cooked

midday meal is to be provided in all the government and government-aided primary schools in all the states."

Akshaya patra partakes this responsibility.

The Birth of Akshaya Patra

Thus evolved Akshaya Patra, a not-for-profit organization with a baseline "unlimited food for education".

We started feeding children in June 2000. What started as a pilot project in five schools in Bangalore, for 1,500 children, has now grown into a mammoth endeavor reaching out to 9,73,147 children in 16 locations across six states.

Akshaya Patra serves hot, freshly cooked school meals to underprivileged children in India on every single working day of the school.

Why school meal?

Education is the best tool to unlock the vicious and self-perpetuating cycle of hunger and poverty. By providing school meals to the underprivileged children we are encouraging them to study and reap the benefits of education.

What do we provide?

The wholesome meals that are in line with the local palate are prepared as per the recommendations of qualified nutritionists.

In North India In South India

Chapatis Rice

Dal or Sabji Lentils with Vegetables

Vegetable Rice or Kheer Yoghurt

How we are different?

» Our kitchens are technology intensive, engineered to minimize human intervention and obtain sustained quality.

» Food is distributed to schools through heat-insulated, dust-free special purpose vehicles.

» Meal is standardized, high quality and hygienic.

Notes - THE CONCERNED FOR WORKING CHILDREN (CWC)
BELIEVES THAT THE PROBLEMS OF CHILDREN WHO WORK
CAN BE SOLVED WITHIN THE PRESENT CONTEXT

THE OBJECTIVE OF THE FOUNDING MEMBERS OF CWC WAS TO DEVELOP A PROGRAMME WHICH WOULD HAVE A SUSTAINABLE IMPACT ON THE ISSUE

In order to achieve this, CWC works with local governments, community and working children themselves to implement viable, comprehensive, sustainable and appropriate solutions in partnership with all the major actors, so that children do not have to work. It empowers working children so that they may be their own first line of defence and participate in an informed manner in all decisions concerning themselves.

Notes - George Foundation was established in January 1995 in Bangalore, India, as a not-for-profit organization under the Indian Trust Act. Our mission is to work towards poverty eradication in India, promote environmental health, and strengthen democratic institutions and values in developing countries. Consistent with this mission, the Foundation initially embarked on two major projects:

Project Shanti Bhavan: Facility to house and educate at a time 336 children of deprived backgrounds from pre-school to grade 12. It is a world-class institution committed to excellence and globally shared values.

Project Lead-Free: Infrastructure to test for blood lead levels in urban population throughout India. In 1998-99, the project conducted 25,000 blood tests of children, pregnant women, and emergency referrals, and this study led to a world conference in Bangalore in 1999 that resulted in the initiation of prevention measures by the Government of India and several other developing countries.

Subsequently, the Foundation initiated several new projects:

Healthcare Projects: A medical diagnostic and management system (EDPS 2000) was developed and implemented in 1998 to improve the delivery of rural healthcare. Subsequently, the Baldev Medical & Community Centre was opened in December 2000 to provide primary health care and health education for the rural communities around Shanti Bhavan.

Women's Empowerment: Several initiatives are currently under way to empower women through education, cooperative farming (BALDEV FARMS), vocational training, savings plan, and business

development.

Community Development: Various projects to foster community involvement and welfare have been successfully initiated by BALDEV community centre.

Tillany Fine Arts Museum and Gallery: This project is designed to assist talented and upcoming artists and artisans who have not been able to promote their work. These artists and artisans from poor backgrounds do not have the means to create art consistent with their talents, and display their work in the right environment.

Indian Institute of Journalism & New Media (IIJNM): This institution is a joint venture of The George Foundation with Adi Chunchanagiri Foundation, under the banner of BS&G Foundation. The institute has developed the curriculum in association with Columbia University Graduate School of Journalism, New York, offering students a diploma program at the Master's level, to promote quality journalism through a free, fair and independent press.

Centres for Studies in Emerging Critical Issues: Dr. George has spearheaded several studies to debate and present viable solutions to economic, environmental, human rights and other major issues facing both developing and advanced countries

Phone Cell - 9886546608

Notes - The Lewis Foundation of Classical Ballet is committed to building up an institution with a strong foundation and sound financials. With the support of sponsors and patrons, the organisation's vision of helping under-privileged children shape their future and laying the foundation for western dance in India will be strengthened and sustained.

The Lewis Foundation provides free training for both under-privileged children as well as children with exceptional talent, in the field of classical ballet, with the ISTD Imperial Classical Ballet syllabus. Regular jazz, pilates and yoga sessions give the students a wide exposure to other styles of western dance and also condition their bodies. Yana draws upon her immense and diverse experience to devise classes catering to specific age groups with focus on technique, creativity, appreciation, fun and total involvement. These classes also invite the students to use dance as a medium of self-expression, as well as for energy and emotional release.

Classical ballet is a physically and mentally demanding art which cannot be learnt without regular intensive training and practice, at an advanced level. At this point of time, such training is not available in India. In order to raise the standard of western dance in India, therefore, the Lewis Foundation is working towards sending talented dancers for full-time training at vocational schools abroad. Selected dancers undergo free training from the Foundation, through the numerous grades of the ISTD syllabus till they are actually ready to

audition for dance schools abroad. They also receive assistance with visa applications and other formalities.

Career counselling forms part of the overall training programme for potential performers, as it is not sufficient merely to strive towards perfection, but also hone the skills that are required to progress in the face of stiff international competition.

The Lewis Foundation regularly conducts workshops, performances and fund-raisers - locally and nationally - to spread awareness of classical ballet and the importance of proper technique in western dance. Special performances in orphanages and for charitable organisations showcase classical ballet, jazz and national dancing to inspire children and youth. Workshops for under-privileged children are conducted as part of the children's outreach programme, using dance as a medium of self-expression and development.

Notes - The Renaissance Foundation is a registered charitable TRUST in the India under the Trust Registration Act, Karnataka, and Registration No. : - KRI-4-00027-2007-08. It is solely dedicated to the improvement of environment - physical, social and human.

Organization's basic philosophy and Goal:

Vision:

A society where poor, deprived, excluded and marginalized has equal access and control over their rights and entitlements, resources and institutions in order to lead a life with dignity.

Mission:

- To promote social inclusion and democratic along with responsive and accountable governance so that all the vulnerable sections and their children are empowered to effectively participate in mainstream development and decision-making and implementing processes as well, at all levels.
- To work towards fighting the causes of poverty and social injustice and for building a society in which all are guaranteed dignity, human rights and equal opportunities.

· Encourage rural women to be enterprising in small savings; ensure the right of children to be children, especially the girl child and Spread awareness about balanced gender relationships
· Perceiving a strong correlation between poor quality education and the increasing incidence of child labour, TRF's educational interventions will address the right of every child to quality education.
Goal:

To help people to help them selves for cultivating a better life and a just society where voices of the poorest, deprived and marginalized are heard and develop out of ownership and participation.

Notes - Our NGO is formed with the broader intention to provide as much help as possible regarding the following aspects,

- 1) Adult education in the form of night schools.
- 2) To motivate the parents to send their children to schools without forcing them for child labour.

- 3) To improve the socio economic condition of the people through the formation of SHG groups and by introducing the income generative activities like cattle rearing, Handy crafts training, Petty shop business.
- 4) Promoting organic farming through the preparation of different organic fertilizers, pesticides, Establishment of seed banks etc.
- 5) Introducing watershed programmes like farm pond construction, border trench construction etc.
- 6) To promote afforestation.
- 7) Health related issues.

Notes - We appreciate your interest in our Ministry. And we thank
God for Generous friends like you.

Titus Faith Ministries, Aims to preach the Gospel of Jesus Christ personally to the unreached crowd of India. It is independent in Personal, Finance and Administration. At present it works with 20 Evangelists in the states of Karnataka, Tamilnadu, Andhrapradesh, and Kerala and so on.

We follow the Gods commandment

"Go ye therefore and teach all nations, baptizing them in the name of the father and of the son and of the Holy Ghost:
Teaching them to observe all things whatsoever I have command you."

Matthew 28: 19, 20. And it is established on the rule of our Lord
"Where there is no vision the people perish" (Proverbs 29: 18)

T.F.M is a Team of committed servants of God dedicated to touch the untouched in this country of India with the Gospel of our Lord Jesus Christ

T.F.M encourages Missionaries, Evangelists and Gods servant across the world to work for the common goal of "Reaching the unreached" in as many ways as possible.

Any type of participation and encouragement on your side in the interested fields (spiritual nourishment, Teaching and Training Medical care for the sick, Construction work etc) are most welcome.

T.F.M encourages you to be an Active member of praying and supporting and also to stand with this Ministry for expanding the kingdom of God.

Notes - TRDC is an NGO founded during the year 1994. It is registered under Public Charitable Trust Act and under FCRA act 1976 with Government of India. The organization has its project area in Uttara Kannada, Mysore, Haveri districts of Karnataka with its headquarters in Bangalore. The issues of acute poverty, natural resource degradation, ill health, illiteracy and lack of awareness on various aspects of development among the rural communities have prompted TRDC to focus on environmental protection, climate change adaptations, and education among rural communities with self-help approach for their own development. TRDC works in arid and semi-arid tropical zones which are complex ecosystems with natural potential sufficient to provide a good quality of life, if the development approach adopted is socially just, ecologically sustainable and culturally appropriate. TRDC tries to address many of the most basic problems faced by the rural people seeking to improve their quality of life by addressing the issue of natural resource degradation, poor education standards, alternative income and employment opportunities in these regions.

Vision:Universal Access to Resources without Discrimination

Mission:Foster Sustainable Communities through Education and Natural resource conservation to promote a safe environment for human and wildlife on the Planet

Website: vidyavikasatrust.50webs.com

Respected Sir/Madam,

The Donor in India Gets Income-Tax Exemptions U/S. 80(G) of I. T. Act, 1961 & visually impaired Student will complete his / her education.

Please & Kindly treat this as a Personal letter to your name only

Warm Greetings,

Even a small help from your company is a great moral

encouragement .We are ready to give any detail for your doubts.

Please visit our website vidyavikasatrust.50webs.com

Vidya Vikasa Trust was established in January 2002. The Trust is registered as a Charitable Trust is basically striving hard for a commitment to the cause of the education of the economically weaker sections of students' community particularly for Blind Students Education by Providing Financial Assistance in various Forms with the help of Public Donations.

While visually impaired Student will complete his / her education with Donor's Financial Assistance, the Donor in India gets Income-Tax exemptions benefits under 80(G) of Income-Tax Act 1961 The Interest realized is being utilised for ECONOMICALLY BACKWARD MERITORIOUS BLIND STUDENTS by providing financial Assistance in addition to (a) Tape Recorders, (b) Detecting Walking Sticks,

Due to pressure created by the section of Blind Students Trust formulated a Project/scheme under the Title "Literacy Mission for Blind & awareness of Educational Support". Under this scheme Trust will take care of the services of Blind Student by providing Scholarships / financial Assistance , Tape Reorders, Brail watches, Brail literature in the form of cassettes, computers, food to needy, medicines, kits, uniforms and other social welfare activities for the visually impaired students. The Trust has started to award SCHOLARSHIPS to BLIND STUDENTS not only during 2004-2005 but also during 2005-2006 & 2006-07,2007-08,2008-09. So far the Trust has awarded 141 visually impaired Students of both Rural Urban areas.

A Scholarship Distribution Committee will be formed every Year Under the Chairmanship of an Retired Accounts Officer preferably from Accountant General's Office (Central Government) & he/she will be assisted by the Members from Donors coming under Category A & B. The decision taken by this committee will be final. The details how Blind Students are benefited so far from the Trust are as follows:

Notes - Tribal people constitute 8.2% of the population of India. Vivekananda Girijana Kalyana Kendra (VGKK) is committed to the holistic , sustainable development of tribal people ,keeping in mind their socio-cultural background and their rights.

Vivekananda Girijana Kalyana Kendra (VGKK) which was founded in October 1981 by Dr. H. Sudarshan, now has 25 years of developmental experiences with the soligas and other tribes in Chamarajanagar and Mysore districts of Karnataka and subsequent experiences with tribals in Tamil Nadu , Arunachal Pradesh and Andaman & Nicobar islands. This experince has resulted in an integrated approach to tribal development with Health , Education , Livelihoods and Biodiversity conservation as the means to sustainable development and empowerment.

Networking & Advocacy:

Participation in "Tribal joint Action",a federation of voluntary organisations working for tribal people.

Promotion of Tribal Federations.

Conservation & Livelihood Security:

Sustainable harvesting of NTFP and processing - Honey , Amla and

herbal medicines.

People's action against forest fire , poaching and quarrying.

Capacity building of TribalCO-operatives.

Environment education in the school.

Conservation education and eco-tourism.

Sustainable agriculture - organic farming and seed bank promotion.

Objectives :

To implement a comprehensive, holistic, need-based, gender & culture-sensitive, community -centered, system of health care integrating indigenous health traditions.

To establish an education system that is specific to the tribal language ,culture and environment.

To promote biodiversity conservation and sustainable harvesting of Non-Timber Forest produce.

To ensure livelihood security through sustainable agriculture , vocational training and value addition of forest produce.

To empower tribal communities through sanghas (People's organisations) and Women's self-Help Groups.

Notes - Yogaathma, an international non-religious, a non-
denominational, educational and humanitarian non-profit Yoga
Foundation, which addresses all aspects of human wellbeing.

Our Mission:

Yogaathma Foundation is an entirely volunteer-run, international nonprofits organization dedicated in aim of serving people and to create world peace through Yoga and Smile. In Yogaathma, activities are designed to create an inclusive culture that is the basis for global harmony. The Foundation's mission is to uplift society by strengthening the individual through programs that create a sense of belonging, restore human values, develop life to its full potential, and encourage people from all backgrounds, religions, and cultural traditions to come together in celebration and service, approach has gained worldwide recognition.

The Foundation operates as a social business and its main activity is to organize "Paanchajanya Kriya" courses, yoga and meditation workshops, education for all and trauma relief in areas of trauma and disaster. The Yogaathma organization is headquartered at Bangalore and operated by over thousands of volunteers worldwide. Every single action and activity of the organization throughout worldwide is done on a volunteer basis. Hence volunteers are welcomed throughout the year wherever they are held.
