Next weekend is our monthly collection for the **Parish Food Pantry**. Your continued generosity to this collection is greatly appreciated. We have been able to provide temporary assistance to many thanks to your kindness.

The family of **Mary Holt** would like to express their deepest appreciation to the Helping Hands Committee for their assistance with the reception that they provided following their mothers Memorial Mass. It was truly wonderful and your efforts made such a difference in their lives that day.

Your aluminum cans are valuable! Why? Because they help support seminarians currently pursuing their vocations to the priesthood. Please Help! The Knights of Columbus collect cans for recycling which gives us the funds to send monthly stipends to three seminarians through the K of C Refund Support Vocations Program (RSVP). Knights around the world raised more than \$2.9 million to support 4900 seminarians last year. We need your help! Please drop your cans in the collection area behind the gym anytime. Thank you for your help.

Health Ministry

Exercise and Hot Weather: Although it is important to be physically active during all seasons of the year keep these hot weather precautions in mind. Take it slow. If your're used to exercising indoors or in cooler weahter take it easy at first. As your body adapts to the heat increase the length and intensity of yoru workouts. Drinkk plenty of fluids. Your body's ability to sweat and cool down depends on adequate rehydration. Drink pelnty of water while working out even if you don't feel thirsty. Consider sports drinks if your workout is intense or longer than an hour. Dress appropriately. Lightweight loosefitting closthers promotes sweat evaporation and cooling byl lettin more air pass over your body. Avoid dark colors which absorb the heat. Avoid midday sun. Exercise in the morning or evening when it's likely to be cooler outdoors. Wear suscreen. A sunburn decreases your body's ability to cool itself. Have a backup plan. If the heat is too much work out at the gym, walk laps inside the mall or climb stairs inside.

July 25, 2010

Dear Parishioners:

As many of you are aware, every year in late August or early September we produce a bulletin insert with a detailed breakdown of our July through June fiscal year revenue and expenses for both the parish and the school. We will do that again this year but since we have just reached the end of our 2009/2010 fiscal year, and as we begin a new year, I want to report to you more generally on the financial health of the parish and the challenges that we face in the current economic environment.

Those of you who regularly read the parish bulletin know that we ended the year below budget regarding offertory contributions. The budget number that you see in the bulletin each week includes what is needed to support all parish operations, pay diocesan assessments and fund church ministries. It also includes what is needed to fund our subsidy and tuition assistance commitment to OLPH School as well as our subsidy to Notre Dame for our parish teenagers who attend school there. The shortfall in offertory that you saw was met by using savings that we have accumulated during the years when we exceeded our offertory expectations. By doing so, we were able to meet our expenses.

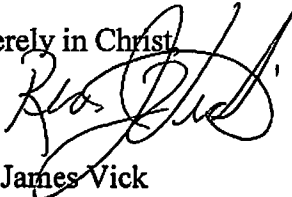

Parish office management and the Parish Finance Board, along with the School Committee and School administration, work hard to be responsible stewards of parish resources, overseeing expenses while supporting the ongoing mission of both church and school. It is clear, however, that the economic downturn of the past few years, and its impact on parish families, has been felt by Our Lady of Perpetual Help on many levels; reduced offertory contributions, a decline in enrollment in our school, increased requests for tuition help both at our school and at Notre Dame High School, and, finally, a marked increase in requests for food and other assistance by parishioners.

Over the past four fiscal years school expenses have been reduced a total of 7% while the school continues to provide a quality Catholic education for our children and works to improve teacher compensation. The parish budget for the new 2010/2011 fiscal year has been reduced 3.4% compared to 2009/2010 but the weekly number needed to meet budget that you will see in the bulletin will remain the same as last year. This was done in order to work toward building a minor contingency fund for what may be increased tuition assistance and other needs of our parishioners.

This is the point in the letter where I ask for your help. We are a generous and welcoming parish. We have been that generously welcoming parish for nearly 75 years. I am asking you now to do two things: Pray regularly for Our Lady of Perpetual Help Parish and for our ability to continue to serve the needs of our church and school community; and, also, to consider what more you might be able to do to help the parish financially. Both of these things are vitally important to Our Lady of Perpetual Help.

We have begun the process of reviewing various options and programs that will help us stabilize and then increase our weekly offertory contributions. As I mentioned above, it usually comes down to two things for any Catholic parish; prayer and financial stability. Without enough money a parish is unable to perform its mission. We are no different. These are tough times, I realize, but I promise that Our Lady of Perpetual Help Parish will continue to use your contributions wisely; to meet our church commitments, to help our families, to help our school and to help those who need food or support at this time.

Sincerely in Christ,

Rev. James Vick
