GRE Exam Pattern 2010

by HSB on DECEMBER 21, 2009

in [GRE](#)

GRE Exam pattern will not change in 2009 and 2010. To get high GRE Score, you have to know what kind of questions are asked in GRE exam and prepare for exam accordingly.

GRE Exam Pattern

GRE Exam pattern for Computer based Test (CBT).

- **Analytical Writing** – 2 essays. Total Score for 2 essay is 6.0
 - Issue Essay – 45 Minutes
 - Argument Essay – 30 Minutes
- **Verbal** – 30 Questions and maximum 30 minutes. Score can be from 200 to 800. Score above 400 is good, but high verbal requires good practice. GRE Verbal includes following question types [[How to improve your GRE Vocabulary?](#)]
 - Analogies
 - Antonyms
 - Sentence Completion
 - Reading Comprehension
- **Quantitative Reasoning** – 28 questions, 45 minutes. Score range 200 to 800. It's easy to score above 700, but perfect 800 requires practice.
 - Quantitative Comparison
 - Problem Solving
 - Data Interpretation
- **Unscored Section** – Test will include one unscored Verbal or quantitative section.

GRE exam pattern will change from 2011. [GRE Exam Pattern 2011](#).

Hi all,

I took GRE on March 22 and I found that there wasn't any section which was not scored. I mean, I just had 1 extra argument task, which they said, would not be scored.

I thought I would get a section which can either be scored or not be scored. To my surprise, there wasn't anything of that sort.

Hi all,

It's really high time for us to appreciate the services rendered by HSB by keeping us updated on information related to GRE and admission process in US. All details given by them regarding GRE can be easily understood by everyone. I have a doubt in analytical writing section. Are the essays written in analytical section should be written in American English or is it accepted if the contents are in British English. I have this doubt because being Indians, we are used more to British English while GRE is much concentrated with America

i will take the gre in january...

i m wondering if in the GRE exam ETS require you to convert measures in different unit of measures for example from inches to feet??

thank y'all

[REPLY](#)

12 natraj December 25, 2009 at 1:57 PM

I took GRE on dec 23rd. They given unscored section as argumentative essay and it is clearly identifiable. then what about that?

[Entrance Exams 2010 Education and Career in India](#)

[GRE Papers](#)

The Educational Testing Services (ETS), United States of America, conducts the standardized examination GRE (Graduate Record Examination). GRE aims at measuring the ability of a candidate which is demanded by nearly all the institutes abroad which offer admission to various streams such as Research Programs, Fellowship Programs and Graduate Studies. The representative of ETS in India holds the responsibility to conduct the exam. The institutes look for the GRE scores among various other parameters to make a student eligible for admission to various courses except Management. For admission to Management stream the exam is GMAT (Graduate Management Admission Test).

It is not necessary that having a high score in GRE alone guarantees a candidate in some Graduate School or University abroad but obviously this test forms the first major step towards getting admission to any foreign university or Graduate School of one's choice.

The Educational Testing Services, United States administers the test in two sets all over the globe. The two sets are GRE General Tests and GRE Subject Tests.

The first test i.e. the GRE General Test is aimed to measure quantitative reasoning, analytical writing, critical thinking and verbal reasoning skills of the candidate. These skills do not belong to any particular field of study and are actually the skills acquired by the candidate over a long period.

The GRE Subject Tests are in eight specific subjects and test the undergraduate achievements.

A candidate can sit for either of the two tests mentioned above or for both. It depends on the desired course and the university requirements.

GRE- Complete information-Test tips

GRE

- The GRE is now only available as a computer-adaptive test. This is how it works: instead of having a pre-determined mixture of easy, medium, and hard questions, the computer will select questions for you based on how well you are doing. The first question will be of medium difficulty; if you get it right, the second question will be selected from a large group of questions that are a little harder; if you get the first question wrong, the second will be a little easier. The result is that the test automatically adjusts to your skill level. The Tough questions have more credit than easier ones.
- You can still earn a very high score even if you answer several questions incorrectly. Correct answers to Harder questions leads to large score as compared to easier questions. This means to Get large score more difficult questions has to be answered.
- Some (Very few) Universities may demand Subject GRE.
- After completing your exam you can send your scores (free!) to four Universities so be prepared.
- Your GRE scores are valid for 5 years.
- You may appear again in GRE after one month.

Total testing time is up to three hours, not including the research section. The directions at the beginning of each section specify the total number of questions in the section and the time allowed for the section.

The Analytical Writing section is always first. For the Issue task, two topics will be presented and you will choose one. The Argument task does not present a choice of topics; instead, one topic will be presented.

The Verbal and Quantitative sections may appear in any order, including an unidentified unscored section. Treat each section presented during your test as if it counts.

| Section | Number of Questions | Time |
|--------------------|---------------------|------------|
| Analytical Writing | 1 Issue Task* | 45 minutes |
| Analytical Writing | 1 Argument Task* | 30 minutes |
| Verbal | 30 | 30 minutes |
| Quantitative | 28 | 45 minutes |
| Unscored** | Varies | Varies |
| Research*** | Varies | Varies |

* For the Issue task, two essay topics are presented and you choose one. The Argument task does not present a choice of topics; instead one topic is presented.

** An unidentified unscored section may be included and may appear in any order after the Analytical Writing section. It is not counted as part of your score.

*** An identified research section that is not scored may be included, and it is always at the end of the test.

Some Facts

- Maximum score for sections Verbal, Quantitative is 800. An analytical writing score will be reported on a 0-6 score scale, in half-point increments.
- GRE is generally required by universities in North America (USA and Canada).
- Most Universities require General GRE for admission to MS and Ph.D. in Engineering Sciences.
- Generally for engineering Students score above 1200 (750+ 450+ 4) is considered good for admission for middle order universities ranked between 40 to 90 .There may be some deviations.
- For all engineering Students GRE Q is most important for best results GRE Q must be well above 740 ,GRE A above 650(A>4.0/6.0), GRE V above 450.
- GRE score can considerably improve University Ranking. TOEFL is most important. TOEFL score must be well above 213.Generally
- Top 50 ranked Universities may require GRE>1300(770+,530+,>4/6) and TOEFL>250.For International students Verbal section is quite difficult. So they must prepare hard on vocabulary.

Note: Work hard in GRE Quantitative. Work on Permutation/combination, probability, mean/median/mode... etc.
