## Our GSA Schedule & Contracts:

We hold two GSA Contracts. **GS-07F-6095P** for our Law Enforcement and Emergency Response Equipment and **GS-14F-8858B** for Specialized Shipping and Storage Containers. All items on either of these schedules can be ordered via GSA Advantage or through our sales team. Additionally, we hold contract **FA3047-09-D-0004** for the Defensor Fortis Load Carrying System (DFLCS) for the USAF Security Forces. For GSA sales through either our website or this catalog please call our sales team at : 800-582-2540

## How to Pay

**Payment Methods:** We accept VISA, Mastercard, U.S. Government SmartPay (formerly I.M.P.A.C.) credit cards, GSA and US government contracts.

## Pricing and Specifications

Occasionally, there may be a misprint or error in our catalog. GCS reserves the right to correct the misprint or withdraw the offer. Specifications, colors, legal and export restrictions, prices and availability are subject to change at any time without notice. It may be necessary to substitute an item of equal or better value that varies slightly from our catalog text.

## Please Note

Sale of certain items in this catalog are restricted to US Military and Law Enforcement personnel only. US State Department Regulations prohibit shipment of certain items out of the United States. Please call for details.

Revised 4/8/2011

## Trademarks

"All trademarks are registered and/or unregistered trademarks of Pelican Products, Inc., its affiliates or subsidiaries."

Safariland™ and Hatch® logos and designs are trademarks of Safariland, LLC, a limited-liability company, acting for and on behalf of BAE Systems, plc.

Stock photos courtesy of DoD, USAF, US Army, USMC, US Navy.

## Returns and Exchanges

Garrett Container Systems (GCS) is committed to providing you with quality products. If for some reason a product you have received does not meet published expectations, within 30 days of receipt, call us at 1-800-582-2540 and request a Return Merchandise Authorization number and direct mailing address.

New and unused products should be returned within 45 days of receipt. Returns or cancelled orders are subject to a 15% restocking fee. Please do not return the following products: clearance items; special made to order; containers; items that have been worn, washed, soiled or bear any evidence of having been used because we cannot offer a refund or credit.

Your order should be returned in its original packaging with the return form included with your packing slip, and a brief description of the reason for return. Keep your original invoice for your records. GCS will exchange or credit your original form of payment at time of receipt of returned items, less original shipping fees.

Please allow 5-7 business days from our receipt of your return to process a credit refund or exchange. GCS reserves the right to inspect, repair and/or replace items being returned as damaged or defective.

## Bags and Packs

### Multicam® GCS 3 Day Assault Pack

The Three Day Pack is ideal to carry your mission essential gear for short operations. Large enough to carry a few days worth of provisions, yet small enough to allow mobility when you need to move. Constructed of 1000 Denier Cordura Nylon, the pack features one large main compartment, one medium compartment, and one flat pocket on the front of the pack. Inside the pack is a sleeve for a hydration bladder. Thick padded shoulder straps and adjustable waist and sternum straps help distribute heavy loads and four compression straps cinch down the contents to keep things quiet. Also features a top mounted carry handle and modular webbing on the front and sides for attachment of additional pouches

[www.gcswarrior.com/4550](http://www.gcswarrior.com/4550)

**\$91.30**

**BC**

### Enhanced Warfighter Deployment Bag

- Main compartment and bottom are lined for strength, weather, and unit stenciling
- Concealed padded pack-style shoulder/pack straps (Low Vis)
- Extra heavy duty reinforced carry handles for 2-person carry
- Padded handle for single-handed carry
- Includes locking (TSA Approved) dual zippered main compartment with para cord pull tabs
- Two large lined, exterior pockets that can hold 1 pair of combat boots each
- Interior features include 4 large mesh zippered pockets
- 1000 Denier DuPont Cordura®
- **Overall dimensions:** 30" L x 15" W x 13" H
- **Capacity:** 10,052 cubic inches

[www.gcswarrior.com/4551](http://www.gcswarrior.com/4551)

**BC**

# CAMELBAK®

## Hydration

### Linchpin™

- Futura Harness by Mystery Ranch provides a custom fit
- External side pockets carry three M16 magazines each
- Radio equipment compatible with two lash points and dual antennae ports
- Overflow compartment provides easy access to gear
- Lightweight, durable 500D Cordura® Fabric
- **Capacity:** 100 oz (3 L)
- **Cargo:** 1800 CU IN (29.5 L)

**Colors:** Multicam®, ACU, Coyote Tan, Foliage Green

[www.gcswarrior.com/2514](http://www.gcswarrior.com/2514)

**\$170.93**

**This is our commercial pricing. Please contact GCS for government pricing.**

## JOINT MODULAR INTERMODAL CONTAINERS

JMIC is the missing link in the defense transportation system. It is the Factory-to-Foxhole Mobility solution. The JMIC ensures the efficient movement of supplies through the distribution system through to the tactical front lines.

Joint Modular Intermodal Containers (JMICS) uses the standardized interlocking container module concept. The JMICS allows for fast access and rapid assembly of loads and eliminates resource intensive cargo handling. It provides a more efficient distribution system from strategic to tactical levels.

Modular unit loads developed IAW the proposed MIL-STD can be employed as transportation/sustainment loads, unit equipment container or selective access storage.

JMIC lockdowns eliminate the need for additional securing hardware. Tactical truck loading and delivery operations validate strength of attachment hardware.

*JMICS locked down to JMIP.*

Substantial manpower reduction by eliminating banding and packaging of open pallets. And greatly decreases ship load time.

- Sling load Transportable
- RFID capability
- Smaller than 20 foot containers, enabling a building-block approach to stowage
- Interior/exterior tie-down rack
- Front/rear panel latches
- Cover latches
- JMIC interface locking
- 3 slide latches and 1 1/4 turn and slide latch
- 4 manual locks, one at each corner
- SAVI 654 tag holder located between fork pockets
- Four to eight JMICs can be stacked on 463L Pallets

Collapsible, reduces space requirements when not in use and is reusable.

Four to eight JMICs can be stacked on 463L Pallets	43.00 in.
Stacking height	40.75 in.
Interface fitting height	2.25 in.
Width	51.75 in.
Depth	43.75 in.
Pallet Base height	6.06 in.
Fork Pocket openings	3.88 x 12.20 in.
Distance between fork pockets	6.00 in.

Color selection:

- Unpainted aluminum
- Tan CARC
- OD Green CARC

GCS is a major manufacturer of reusable aluminum shipping containers of varying size and purpose. GCS specializes in general purpose cargo containers, military working dog containers and accessories and, purpose driven welded airtight units. The containers can be produced to a government design package, customer furnished requirements or custom designed and engineered by the GCS engineering group. The welded airtight units are produced to store and transport the many sensitive and costly components used in defense programs. Some of these programs include insensitive munitions, engine containers, bomb racks, satellite containers, UAV aircraft and missile containers. The containers feature industry standard components such as pressure relief valves, humidity indicators, cam locking latches, lift and tie down provisions, stacking interfaces, shock isolation system with custom support frame.

## LARGE GENERAL PURPOSE CONTAINERS

GCS produces a full line of 463L compatible general purpose containers for many uses. All containers are manufactured from double walled extruded aluminum and engineered to meet the demanding needs of the U.S. Military. Every container is four way forkliftable and is designed using customer input and requirements. Most containers can be purchased with electrical receptacles and lighting, making your container a usable workspace during training and deployments. Features include folding tables, generator compartments, hazmat doors, drawers and "D" ring tie down points. All containers are finished with mil spec Chemical Agent Resistant Coating in O.D. Green or Tan.

### Features:

- Plastic watertight containers as drawers on certain containers
- Cargo netting
- Hazmat Inspection Doors
- Electrical Power
- Receptacles and lighting
- Casters
- Interior D-rings
- Interior Workbenches

- ATV Containers
- ATV Trailers
- Maintenance Sheds
- Working Dog Kennels
- Welded Airtight Containers
- Large Armory Containers
- Squad Containers
- Collapsible Containers
- Tent Containers

**USAF Deployment Kits:** GCS has the experience, capability, personnel and drive to help your organization develop kits to fit your logistical needs. Please contact your GCS representative today!

**QFEBX: SFS ADVANCED DESIGNATED MARKSMEN TEAM :** This kit is designed to provide enhanced situational awareness through observing and reporting enemy activity. It includes the necessary equipment for target identification and minor weapons maintenance. 

**QFE42: SFS Air Base Defense Squad Equipment UTC:** This kit is the AF Security Forces small deployment unit equipment package. It consists of support equipment including communications gear, security kit, pioneer kit (field fortification tools) and a 305 shelter system. This kit is designed as a standalone kit or for use with other kits. 

**ADMIN KIT LG & SM:** These kits were developed by the Air Force Security Forces for many of their logistical details. These kits contain administrative supplies for home station or deployed needs and can be adapted to meet your individual unit requirements. 

**Power Distribution Kit:** This kit allows the user to use their home station computers and other 110v UTC technologies at the deployed location. It provides the ability to maximize the power output of the generator and distribute power throughout the Operations Center. 

**Battery Kit:** This kit contains a waterproof case and batteries needed as identified for most UTC requirements. Battery types can include AA, AAA, 9v, 3v Lithium, D cell, GPS memory and main batteries. Can be adapted to meet your individual unit requirements.

**Other kits available:**

- Raven Kits
- Warrior Pak Field Kit
- FR PCU Kits
- Carpenter Tool Kit
- Radio Kits for UTC's

### Crime Scene Preservation Kit

Designed for the first responder, the Crime Scene Preservation Kit (CSP) provides all the essential equipment for Security Forces personnel dispatched to a potential crime scene. All items meet or exceed industry standards for crime scene prevention. This kit comes packaged in a water resistant, lockable Pelican case for easy deployment and redeployment.

[www.gcswarrior.com/2010](http://www.gcswarrior.com/2010) **\$425.34**

### Patrol Kit

The GCS Patrol Kit is designed to provide Security Forces patrol the critical safety items needed to handle all emergencies in a safe and secure environment while still ensuring public safety seven days a week, twenty-four hours a day. All items meet or exceed federally mandated safety requirements standards.

[www.gcswarrior.com/2011](http://www.gcswarrior.com/2011) **\$938.64**

### Security Kit *(image not shown)*

This kit contains the essential items needed to establish restricted/cordoned areas and control entry into and out of an area requiring added security. The kit includes:

- (1) TL 500 Case (lockable)
- (20) 28" Traffic cones
- (20) Cone collars
- (2) Rolls of Police Line "Do Not Cross Tape"
- (2) 4" Search mirrors
- (2) Slow/Stop Signs
- (2) Rechargeable metal detectors
- (2) 500' Rolls of red rope

[www.gcswarrior.com/2012](http://www.gcswarrior.com/2012) **\$1,370.92**

### Pioneer Kit *(image not shown)*

This kit is a defensive fighting position fortification kit. It consists of the implements to build, improve and maintain defensive fighting positions, bare base shelter systems, and man-made barrier systems. Included in the kit:

- (2) 26" handsaw
- (1) Axe
- (1) Hatchet
- (2) 18" machete w/sheath
- (2) Pick/mattocks w/handles
- (2) 8 lb Sledge hammers
- (1) Spare sledge hammer handle
- (1) 1750 Pelican case, which is airtight, waterproof and dustproof, containing all the items listed above
- (2) 29" Hand shovel
- (1) Claw hammer
- (4) Wire handlers gloves
- (1) Fuel can spout
- (1) Roll of 1" electrical tape

[www.gcswarrior.com/2013](http://www.gcswarrior.com/2013) **\$764.03**

**This is our commercial pricing. Please contact GCS for government pricing.**

## Drop Zone Kit

The Drop Zone Kit contains items required by the Drop Zone Safety Team Leader and Malfunction NCO to setup operational Airborne Drop Zone for personnel and equipment. This kit is composed of several purpose specific sub-kits: the DZ Kit, Night Operations Kit (including IR lights), Parachute Malfunction Kit, Tree Recovery Kit, Wind Measuring Kit and DZ safety kit. Sub-kit equipment packaged in sealed containers assures accountability of unused items during the reconstitution phase of deployment. Additional accessory kits can be purchased for units, such as TDA units, that do not have sensitive equipment on their property books. This kit is built using the same parts listed within Airborne SOPs from conventional as well as Special Operations Forces Units.

### Kestrel 3000 Pocket Wind Meter

The Kestrel 3000 is a handheld wind meter that can also calculate the dewpoint and heat stress index. The Kestrel 3000 features a protective cover and a large easy-to-read display with backlight. It is waterproof, floats and has a battery life of 300 hours.

[www.gcswarrior.com/3005](http://www.gcswarrior.com/3005) **\$212.00**

### Kestrel 4000 Pocket Wind Meter

The Kestrel 4000 may only weigh 4 ounces, but it has been tested under the most rugged conditions. Used by the U.S. Special Forces and combat weather teams, the Kestrel 4000 provides them with crucial environmental data. It also features the capability to store up to 2,000 sets of data that can be uploaded to a PC with the optional Kestrel interface.

[www.gcswarrior.com/3006](http://www.gcswarrior.com/3006) **\$299.08**

### Combat ID Kit

With extended ranges of modern weapons, it is virtually impossible for a gunner on the battlefield, even under ideal conditions, to visually identify a friend or foe target at maximum effective ranges without some type of target identification system. The GCS Combat Identification Kit is the answer! The GCS Combat ID Kit includes a 2x2 Thermal Panel Orange/Tan, 8 GloTape IR markers (which are made up of 4 markers and 4 shims) and an IR strobe light with 9v battery all contained within a water resistant pouch. The devices provide a distinctive signature when viewed through thermal viewers or night vision goggles and ensure that the gunner is capable of identifying friendly forces at maximum ranges.

[www.gcswarrior.com/3007](http://www.gcswarrior.com/3007)

**\$137.38**

### Lensatic Compass

CAMMENGA is the exclusive manufacturer of the official U.S. Military Lensatic Compass, built to the demanding specification of MIL-PRF-10436N. Battle tested - shock, water, sand proof, and functional from -50°F to +150°F. Seven Tritium Micro Lights allow for navigation in low-light conditions. Equipped with a magnifying lens, sight wire, and dial graduations in both degrees and mils to ensure accurate readings. Copper induction damping system slows the rotation of the magnet without the use of liquids. Built to last with an aluminum frame and waterproof housing.

[www.gcswarrior.com/3010](http://www.gcswarrior.com/3010)

**\$63.34**

### Face Paint

- USA DOD military issue
- 20+ applications
- No animal products
- 4-year shelf life
- Unbreakable mirror
- Hypo Allergenic
- Dimensions: 4" x 3.25" x .75"
- Colors include black, white, green, sand and loam
- Made in the USA

### GCS Three Day Assault Bag

The Three Day Assault Bag is ideal to carry your mission essential gear for short operations. Large enough to carry a few days worth of provisions, but yet small enough to allow mobility when you need to move. Constructed of 1000 Denier Cordura Nylon, the pack features one large main compartment, one medium compartment, and a flat pocket on the front of the pack. Inside the pack is a sleeve for a hydration bladder. Two covered ports on top of the pack allow for routing of a drinking tube, radio antenna or hand mic. Thick padded shoulder straps and adjustable waist and sternum straps help distribute heavy loads and four compression straps cinch down the contents to keep things quiet. It also features a top mounted carry handle and modular webbing on the front and sides for attachment of additional pouches. Made in USA.

Colors: ABU, ACU or Multicam®. Starting at  
[www.gcswarrior.com/1010](http://www.gcswarrior.com/1010) **\$83.00**

### Multi-Mission Pack

The MMP is a medium sized backpack which features a rigid spine plate for protection and comfort, a removable padded waist belt and padded adjustable shoulder straps. The outside of the MMP is covered with webbing as well as several cinch straps so you can tighten down the equipment load. The MMP also has top ports for an antenna or hydration tube and there is a drag strap on top of the pack. There are three (3) external zippered compartments and two (2) slide pockets for storage. Inside the MMP there are two (2) side slide pouches, a hydration sleeve and one (1) additional pouch with webbing located on the main flap.

Color: ABU

[www.gcswarrior.com/1011](http://www.gcswarrior.com/1011)

**\$190.76**

### Garrison Backpack

Three heavy duty reinforced carrying handles and a covered port hydration system are standard features on the Garrison Backpack. There is also a name tag and call sign loop patch and a front accessory pocket. The main compartment has a sleeve for a hydration bladder or internal frame (included) as well as adjustable padded shoulder straps with sternum straps and removable/adjustable waist strap.

Colors: ABU, ACU, Coyote Brown, Multicam®

[www.gcswarrior.com/1020](http://www.gcswarrior.com/1020)

**\$143.03**

### Grab & Go Bag

Whether at the range or traveling in a Hummer, our bag can efficiently store your mags, flashlights, water, MREs, radios, tools or just about anything you can pack into it. The bag comes with a shoulder strap and a hidden waist strap. If you are a squad leader in the field or a shooter at the range, you will like the versatility and strength of the GRAB-N-GO.

Colors: ABU, ACU, Coyote Brown, Multicam®.

[www.gcswarrior.com/1013](http://www.gcswarrior.com/1013)

**\$178.08**

**This is our commercial pricing. Please contact GCS for government pricing.**

### SlingPak

Contemporary design with full functionality. Sling design allows quick access to the main compartment. Mobile phone holder on the shoulder strap provides immediate access for those important phone calls that you receive or have to make. The padded back also provides long term comfort. There are also external pockets and a carry handle. Imported.

**Colors: Black or ACU**

[www.gcswarrior.com/1030](http://www.gcswarrior.com/1030)

Starting at  
**\$24.95**

### BugOut Bag

The Bugout Bag series continues to be Piper Gear's strongest selling product line. On pace to exceed 1 million units sold since the inception of the model. Rugged construction, quality materials and attention to detail are put into every bag. Versatility is the main element that maintains the Bugout Bag's popularity. The generous main compartment gives ample space for cargo and with the expandability, stores even more. Airline carry-on friendly, but large enough to pack multiple days of clothing with ease. Imported.

**Colors: ABU, ACU, Coyote Brown, Black.**

[www.gcswarrior.com/1031](http://www.gcswarrior.com/1031)

Starting at  
**\$72.95**

### Three Day Pass

Technical pack with built-in hydration system compatibility. This product is great for efficient travelers who appreciate functionality. The list of features include: padded, adjustable shoulder harness, waist belt, sternum strap, external cinch straps, name plate panel, custom zipper pulls and an organizational compartment. Imported.

**Colors: ABU, ACU, Foliage Green, Coyote Brown or Black.**

[www.gcswarrior.com/1032](http://www.gcswarrior.com/1032)

Starting at  
**\$53.95**

### Three Day Elite

Similar profile to the Three Day Pass Series with the addition of several features including a padded laptop section, mesh lined back and shoulder harness for improved breathability and aluminum back stays for improved load stability. The main organizer compartment introduces a great feature to this mid-sized pack: removable and reconfigurable accessory pouches that elevates the variations and efficiency of the pack to a higher level. Imported.

**Colors: ABU, ACU, Coyote Brown and Black.**

[www.gcswarrior.com/1033](http://www.gcswarrior.com/1033)

Starting at  
**\$97.95**

### Long Range BugOut Bag

Designed to carry a full load of equipment. The main compartment is expandable to manage all of your hydration, communication and organizational needs while the padded lumbar area and mesh lined back provide ultimate comfort and breathability. Multiple compression loops, tie downs, and attachment points for equipment and accessories. Imported.

**Colors: ABU, ACU, Coyote Brown and Black.**

[www.gcswarrior.com/1034](http://www.gcswarrior.com/1034)

Starting at  
**\$136.95**

**Berry Compliant and Made in the USA versions are available on our website.**

**This is our commercial pricing. Please contact GCS for government pricing.**

**Combat Wallet**

Organizer for all travel related documents to include passports, plane tickets, itineraries, immunization records, small manuals, etc. Made of heavy duty nylon with clear vinyl window for easy recognition and access. Velcro closures for security and fast access as needed.

Colors: ABU, Black, and Woodland.

[www.gcswarrior.com/1012](http://www.gcswarrior.com/1012)

**\$24.33**

**13" Laptop Sleeve**

The LBT-2725A padded ABU sleeve is for storing a 13 inch laptop. Zippered opening and location for attaching name tag or other form of identification.

### Rolling Loadout Bag

Generous main compartment with zipper along perimeter for complete access to cargo. Internal and external zippered pockets. Adjustable carry handle which can be used as backpack straps. Concealable pull handles. Three large diameter wheels to easily roll on firm surface or sand. Imported.

**Colors: Black, Coyote Brown and Foliage Green.**

[www.gcswarrior.com/1035](http://www.gcswarrior.com/1035)

**\$113.95**

### Rolling Loadout Bag XL

Same profile as the Rolling Load Out with the three-wheel system and organization features. The zippered, expandable main compartment adds approx. 3000 cubic inches. A simple, but effective design for hauling an incredible amount of clothing, equipment and gear. Imported.

**Colors: Black, Coyote Brown and Foliage Green.**

[www.gcswarrior.com/1036](http://www.gcswarrior.com/1036)

**\$128.95**

### Enhanced Warfighter Deployment Bag

Main compartment and bottom are lined for strength, weather and unit stenciling. There is a concealed padded pack-style shoulder/pack straps and this bag has extra heavy duty reinforced carry handles for a 2-person carry. Two large lined, exterior pockets that can hold 1 pair of combat boots each and interior features include 4 large mesh zippered pockets.

[www.gcswarrior.com/4551](http://www.gcswarrior.com/4551)

**\$257.51**

**BC**

### Black Loadout Bag

Part of the Defensor Fortis Load Carrying System (DFLCS) USAF SF Load Out Bag features a multi-wheeled design that allows the user to carry or pull the bag depending upon the equipment. The load out bag features a large main compartment for storage of deployment equipment, a "U" shaped zipper closure system, an adjustable length pull handle opposite the wheeled end, grab/carry handles at each end of the bag and several cinch straps to properly secure the equipment load.

[www.gcswarrior.com/1016](http://www.gcswarrior.com/1016)

**\$213.24**

### ABU Loadout Bag

There are three (3) external zippered pockets on this bag, one (1) large pocket that runs the length of the bag and two (2) smaller pockets on the opposite side. Inside the bag are six (6) different zippered pocket sections as well as internal cinch straps. The wheel base is protected with reinforced plastic skid plates and the bottom of the bag has two plastic runners to provide additional protection for the bottom surface. **Made in the USA.**

**Extra Protection**

Pelican’s Pick ‘N’ Pluck™ foam lets you customize the interior according to your gear. Simply measure your equipment over the grid and remove the pre-scored foam cubes. For flexible protection, check out Pelican’s optional padded dividers.

**Wheels**

Stainless steel ball bearing wheels (on select cases) last longer and ride smoother. The nylon hub adjacent to the stainless steel is made to resist heat. Result: less wear and tear on the polyurethane wheel.

**Watertight**

The secret is the tongue-and-groove fit with a polymer o-ring acting as a waterproof seal. Also the new Automatic Pressure Equalization Valve balances air pressure while keeping moisture out, resulting in a watertight case that is easy to open.

**This is our commercial pricing. Please contact GCS for government pricing.**

Our Pelican 1750 Weapons Case is available in two different colors and foam configurations. The case comes in Black or OD Green and is available with M-4, M-24, M-240 or M-249 foam. The case can also be configured with pick and pluck foam or no foam at all.

Shown with M4 Foam Insert

True functional comfort designed by flight crews for flight crews. By designing alongside actual military flight crews DRIFIRE® has created design elements that work hard in every day, real world environments. Combine those elements with the permanent flame resistance, cool, breathable, moisture wicking and antimicrobial properties that are built right into the garment and you have something to write home about.

**Features:**

- Permanent FR and moisture management properties
- Flexible 2-piece ensemble increases air flow
- Multi-environment khaki hides dirt while minimizing over heating that can occur with darker colors
- Unique design features reduce binding, increase range of motion and reduce snag hazards
- Chest and upper arm pockets designed for easy access, even when worn under body armor
- Antimicrobial protection reduces odor and improves overall hygiene

Color: Black

[www.gcswarrior.com/7160](http://www.gcswarrior.com/7160)

**\$13.60**

### Balaclava

This balaclava is thin enough to fit snugly under helmets yet is thick enough to withstand bugs, wind and other extreme weather conditions while protecting the head, ears and mouth.

[www.gcswarrior.com/7161](http://www.gcswarrior.com/7161)

**\$11.98**

### FR Balaclava

XGO® flame resistant garments with Acclimate® F/R technology are designed to provide an increased degree of protection against potential exposure to heat and flame of a short duration.

In a flash fire situation, XGO® flame resistant garments are thermostable. They will remain physically intact when exposed to short duration flame and will not break open, thus helping to minimize burn injury as well as eliminating intensified burns caused by melt/drip when other synthetic materials are heated.

Colors: Black, Desert Tan, Foliage Green

[www.gcswarrior.com/7162](http://www.gcswarrior.com/7162)

### Crossbow 2X

The ESS740-0389 Crossbow 2X™ is a revolutionary new ballistic spectacle that redefines functional eye protection for military and public safety professionals. Includes two fully assembled eyeshields, one w/clear lenses and one w/smoke gray lenses, zippered hard case and micro fiber pouch. The Crossbow 2X™ features interchangeable 2.4mm polycarbonate high-impact lenses, 100% UVA/UVB protection. The Clearzone FC dual lens coating maximize scratch resistance on the outside and are fog resistant on the inside.

[www.gcswarrior.com/7430](http://www.gcswarrior.com/7430) **\$100.17**

### Ice 2X

NEVER CHANGE A LENS AGAIN!!! The new ESS ICE-2X™ is the world's first spectacle kit to feature two complete eyeshields. This new configuration eliminates time spent changing lenses, allowing users to quickly switch between pre-assembled eyeshields to adapt to changing light environments. Additionally, this new configuration helps extend product life by eliminating wear and tear on lenses that can occur when swapping lens colors.

[www.gcswarrior.com/7431](http://www.gcswarrior.com/7431) **\$53.81**

### CDI Max

Think of the CDI MAX™ as the original CDI™ on steroids. With a larger frame, thicker lenses and a whole lot more attitude, this is the ultimate in sunglasses for those who live life to the max. The extra-tough 2.4mm lenses are some of the thickest of any sunglasses in the world, and with maximum lens wrap you'll be more covered than ever before. Similar to battlefield-proven CDI™, the CDI MAX™ features the ESS Lateral Exchange System™, allowing you to quickly switch lenses to adapt to your environment.

### Personal Lighting System (PLS) Kit

The Personal Lighting System (PLS) takes the Streamlight Sidewinder, Sidewinder Compact and helmet mounts and packs it in a nice 1000D compartmented Cordura pouch.

The concept is simple. One location, one pouch to grab your lights! The benefit of both the Sidewinder lights is it allows operators both a large light to replace current close-in lights, and a small light that is already proven as a helmet mounted flashlight. Additionally, should the helmet light fail, the large flashlight can be slapped onto the helmet in its place in a matter of seconds. The pouch itself offers a compartment for each of the two lights and mount, with room for extra batteries. The pouch can also be used to store other needed items, when the lights are in use.

Colors: ABU, ACU, Multicam® or Coyote Brown.

[www.gcswarrior.com/4010](http://www.gcswarrior.com/4010)

Starting at  
**\$150.92**

### Vipir Gen 4 Mockingbird Light

This light is highly visible and can be seen up to 5km in darkness. It supports over 200 hours of flashes on one battery. This light also has three output modes: flashing, SOS signal and flashlight. It is durable and has a lifetime bulb (up to 100,000 hours). It operates from -40° to +50° C and is waterproof up to 100m.

This item or some of it's components cannot be exported from the United States of America. US Military APO Addresses are exempt.

[www.gcswarrior.com/4020](http://www.gcswarrior.com/4020)

**\$135.23**

### Liberator STT

Features the hands-free, hands-directed, hands-enabled light that has made Liberator the most revolutionary flashlight design advancement in over a century.

- 100+ Lumen Output LED
- Momentary and Constant-on with 3 Brightness Levels and Strobe
- Natural and Black Type III Hard Anodized Finish
- Includes Nylon Holster, MOLLE-Ready Clip, Batteries and User Manual
- High/Low Split-Switch feature
- Exclusive Task Light

### Improved Helmet Cover

The GCS helmet cover features an ACH Bracket cover to allow the user to conceal the attached ACH Bracket during daylight hours. The cover folds back and velcros in place when using the NVG system. Designed for one-handed operation.

Sizes: S/M or L/XL.

Colors: ABU or ACU.

[www.gcswarrior.com/7010](http://www.gcswarrior.com/7010) **\$26.12**

(shown with optional chinstrap)

### ACH Cover B

This helmet cover is designed to fit snug over the MICH/ACH helmet. This design features a button hole in the front for the attachment point of a night vision mount.

Sizes: S/M or L/XL.

Colors: ABU or ACU.

[www.gcswarrior.com/7011](http://www.gcswarrior.com/7011) **\$16.93**

### 4 Point Chinstrap

This 4-point Chinstrap contains a slide release buckle for quick, reliable securing and a comfortable nape pad. Attaches to your ACH using existing screws.

Colors: Black and Foliage Green.

[www.gcswarrior.com/7012](http://www.gcswarrior.com/7012) **\$15.85**

### Standard Chinstrap

The Team Wendy Standard 4-point Chinstrap incorporates a soft anti-microbial fabric in the chin cup and the nape pad to prevent chafing and skin irritation. Attachment points are nylon reinforced and compatible with current standard issue ACH, LWH and ECH hardware, as well as most other common tactical helmets. The chinstrap is constructed using 5/8-inch webbing with anti-chafe, anti-microbial sleeves, and meets all ACH, LWH and ECH retention test performance requirements.

Colors: Foliage Green or Black.

[www.gcswarrior.com/7020](http://www.gcswarrior.com/7020)

**\$47.65**

### H-Style Chinstrap

The Team Wendy H-Style Chinstrap is an updated version of the Standard chinstrap with a padded H-Style nape pad. It includes the option of both a padded chin cup and a standard chin cup, each lined with antimicrobial fabric. Both chin cups are reversible for left-hand/right-hand shooting configuration. Attachment points are nylon reinforced and compatible with current standard issue ACH, LWH and ECH hardware, as well as most other common tactical helmets. The chinstrap is constructed using 5/8-inch webbing with anti-chafe, antimicrobial sleeves, and meets all ACH, LWH and ECH retention test performance requirements.

Colors: Foliage Green or Black.

[www.gcswarrior.com/7021](http://www.gcswarrior.com/7021)

**\$52.95**

### X-Style Chinstrap

The Team Wendy X-Style Chinstrap features an X-style nape pad. The nape pad has just enough elastic tension to offer the user some flexibility even while the strap is firmly in place. It includes the option of both a padded chin cup and a standard chin cup, each lined with antimicrobial fabric. Both chin cups are reversible for left-hand/right-hand shooting configuration. Attachment points are nylon reinforced and compatible with current standard issue ACH, LWH and ECH hardware, as well as most other common tactical helmets. The chinstrap is constructed using 5/8-inch webbing with anti-chafe, antimicrobial sleeves, and meets all ACH, LWH and ECH retention test performance requirements.

**\$21.15****Zorbium Action Pad (ZAP™) Special Operations Forces Kit**

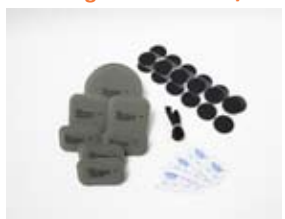

The ZAP™ SOF Set is designed to accommodate communication headset integration within ground combat helmets. The lack of a crown pad in the SOF kit allows the communications gear to be worn properly without compromising the protective quality of the padding. The set includes a set of eight ZAP™ pads – two trapezoid pads and six oblong pads – and an illustrated instruction manual.

[www.gcswarrior.com/7033](http://www.gcswarrior.com/7033)
**\$55.07****Zorbium® Action Pad (ZAP™) Retrofit Kit**

The ZAP™ Retrofit Kit contains everything needed to convert any helmet with a strap suspension system to the ZAP™ padded system. The kit includes a complete set of seven ZAP™ pads – one circular crown pad, two trapezoid pads, and four oblong pads – velcro hook disks, alcohol wipes, a Team Wendy standard 4-point chinstrap, retention assembly, chinstrap hardware, and an illustrated instruction manual.

[www.gcswarrior.com/7034](http://www.gcswarrior.com/7034)
**\$79.45****Zorbium® Action Pad (ZAP™) Replacement Kit**

The ZAP™ Replacement Kit contains everything needed to completely replace any pad suspension system with a ZAP™ pad system. The kit includes a complete set of seven ZAP™ pads – one circular crown pad, two trapezoid pads, and four oblong pads – velcro hook disks, alcohol wipes and an illustrated instruction manual.

[www.gcswarrior.com/7035](http://www.gcswarrior.com/7035)
**\$74.15****EPIC™ Helmet Pad Suspension System**

Team Wendy's EPIC™ (Enhanced Protection, Individual Comfort) system represents a revolution in helmet pad protection and comfort. EPIC™ consists of a single, one-piece protective impact liner and 22 additional soft comfort pads in four shapes and two thicknesses that give the wearer total control of adjustability and fit. The comfort pad set also includes four Ultra Grip™ pads for added stability and two "wringable" sweat bands for moisture absorption.

EPIC's design offers a significant increase in protection at high-G impacts without adversely affecting weight or heat dissipation. EPIC™ employs the same Zorbium® foam proven through years of service in Team Wendy's standard ZAP™ products and fits all tactical, ballistic ground combat helmets. Illustrated instruction manual included.

**\$59.89**

**This is our commercial pricing. Please contact GCS for government pricing.**

### EPIC™ Replacement Kit

The EPIC™ Replacement Kit contains everything needed to convert any helmet with a strap suspension system to the EPIC™ pad system. The kit includes a standard EPIC™ pad set (one-piece impact liner and an assortment of 22 movable comfort pads), alcohol wipes, and velcro hook disks.

[www.gcswarrior.com/7037](http://www.gcswarrior.com/7037) **\$84.75**

All Team Wendy KEPS feature moisture wicking inner fabric to manage moisture, and perforated interior foam to increase airflow. Grippium™ lining on the straps and the backs of the pads prevents any slippage once strapped in place. Padded comfort sleeves eliminate strap “bite” and bunching and center foam padding provides cushioning and impact protection. Pads are ambidextrous and can be worn on either side of the body.

Team Wendy's FULL™ Profile system has a non-slip, textured cap with a distinctive flat center that provides superior grip and stability on any surface, wet or dry. The caps are size-embossed (no size tags) and secured by continuous, durable stitching to prevent debris from entering or lodging between the cap and the pad. Team Wendy's FULL™ Profile Knee and Elbow Pad System (KEPS) provides superior protection, comfort and functionality in a more generous platform, providing increased coverage and protection where it is needed most.

### Full™ Profile Elbow Pads

**\$16.68**

### Wolf Hook Sling

This sling/Lanyard is used to attach weapons to load bearing harness systems. In a world where less is better, the simplicity of the WOLF-HOOK shines. A two-piece system: the lower portion of this two-piece lanyard loops through the sling slots on M-4 carbine type collapsible buttstocks and attaches to its upper portion which is anchored to the accessory loops found on all load bearing equipment—simple. Length: fully extended – 19 inches; retracted - 9 inches (a full 10 inches of instant adjustability).

[www.gcswarrior.com/8010](http://www.gcswarrior.com/8010)

**\$14.60**

### TAS-3 Sling

GCS's BERRY COMPLIANT Tactical Assault Sling (TAS-3) can be carried in an assault position, then with an easy "one-thumb-release", you can be shouldering your weapon! It may also be slung over your back for "hands-free" carry. Our 3-point TAS-3 includes all of the hardware needed for rail mounting with the convenience of a swivel also.

[www.gcswarrior.com/8011](http://www.gcswarrior.com/8011)

**\$54.06**

### M-203 Quick Release Mount

Designed to provide a quick release capability of the M-203 barrel from the M-4/M-16 weapon.

# BLACKHAWK!

### Special Operations Stainless Hallagan Tool™

The Hallagan tool has been a standard entry tool for Law Enforcement, Fire and Rescue professionals for almost 75 years. Using recommendations from operators in the field, Dynamic Entry's design team has taken this classic design and modernized it for the 21st century. These redesigned tempered stainless steel Hallagan Tool heads feature friction ridges on all contact surfaces that are counter-angled to the head. Designed specifically to grip breaching surfaces securely, these counter-angled friction ridges also provide stability during breaching operations and prevent tool slippage. The solid fiberglass handle is electrically non-conductive to 100,000 volts AC --and features safety-guard handgrips that reduce the possibility of the operator's hands slipping into the working ends of the bar. The lightweight, sturdy fiberglass and stainless steel construction establishes the Stainless Hallagan Tool™ as the ideal tool for dangerous environments for both tactical and rescue operations.

[www.gcswarrior.com/8067](http://www.gcswarrior.com/8067)

This product is restricted to  
Military and Law Enforcement  
ONLY!

### Entry Kit

Since their introduction five years ago, Dynamic Entry's Tactical Backpack Series™ has become the standard for law enforcement and military agencies throughout the world. From the original Tactical Backpack Kit to our new Modular Backpack™, Dynamic Entry® provides operators in the field with mission specific tooling options to best meet their tactical entry needs.

- Features the newly redesigned tempered stainless steel wedge with counter-angled friction ridges
- Counter-angled friction ridges also provide stability during breaching operations and prevent tool slippage
- Safety-guard handgrips reduce the possibility of the operator's hands slipping onto the working end of the tool
- Handle system is electrically non-conductive to 100,000 volts A

### Samson Field Survivor Tool

For Standard AR pistol grips and Haogue AR15 Rev 2 grips

This tool is for every shooter who could find themselves in an escape and evasion or extended field deployment environment. Having this tool could mean the difference between being able to save your life as well as the lives of others.

Imagine having every tool you need to get your AR back in service, right from your pistol grip. The Samson Field Survivor is a multi-tool system that has a patent-pending mechanism which secures inside the pistol grip.

[www.gcswarrior.com/8070](http://www.gcswarrior.com/8070)

**\$125.80**

### eFECT Gun Tool

Retired Military personnel wish they had this tool back in the day for maintaining their weapons! The eFECT Weapons Tool was developed for maintaining the M16A/M4 used by the U.S. Military and Federal agencies.

It incorporates components that make field cleaning and maintaining a weapon faster and more precise without having to use an entire cleaning kit. It is compatible and interchangeable with cleaning components like brushes, scrapers, picks and rods. This is the ultimate tool to have with you on any mission.

[www.gcswarrior.com/8880](http://www.gcswarrior.com/8880)

**\$79.85**

### Small Arms Armorer's Tool Kit

If you are an armorer you should not be without this kit! The Otis MFG-4101 Small Arms Armorer's Tool Kit includes: Armorer's tools for just about any job: pliers, picks, drivers, and wrenches etc..., Otis quick detach Armorer's tool bag for the grab and go, and Otis Deluxe Military Elite cleaning system. (This complete weapon tool system designed with the armorer in mind comes equipped with blackened brass scraper tool and optics cleaning gear for scopes, binoculars & range finders. Also included are the 10 necessary bore and chamber brushes for small arms, and the 85211-5® Deluxe Military Cleaning System. The Deluxe Military Elite® will clean 5.56MM to .50 Caliber, & Gauge.) Packaged in a state of the art container with custom foam cutouts, accountability of your tools is virtually guaranteed. You will not find a better kit to keep your unit weapons in serviceable condition.

[www.gcswarrior.com/8090](http://www.gcswarrior.com/8090)

**\$4,217.33**

**This is our commercial pricing. Please contact GCS for government pricing.**

## Otis Cleaning Kits

These 1/2 lb. cleaning systems replace over 3 lbs. of conventional gear. The chamber, shoulder and neck can easily be cleaned. Bore obstructions, mud or snow, can be dislodged out the muzzle end. A stuck empty case or bullet lodged in the neck can be easily knocked out. Specific tools are included to clean the locking lugs, bolt face, carrier key, bolt and slide. All parts are blackened to eliminate glare. Fast and accurate cleaning can be accomplished in minutes.

Mini Unattended Ground Imager: MUGI

(shown with optional backpack)

The MUGI--Mini Unattended Ground Imaging sensor is a rugged stand-alone fully contained system that transmits day/IR night images to an Operations Center. The MUGI is an entirely operational system built to supply the ground forces with real-time persistent covert surveillance. The MUGI can remain in the area of interest for months (on one battery charge), performing intelligence gathering 24/7 from a concealed location. The system also provides area scanning with no external movement. The daylight camera utilizes a 12x zoom which provides a visual range of over 2.5km on a moving person size target and a thermal imager for detection of a moving target at 1.2km. The MUGI was specially designed to be camouflaged for quick employment of the system in special operations environments. It is perfect for deployed operations because it is ideal in providing route, dead zone and other critical areas of key terrain coverage where the system needs to remain disguised. Or if stealth is not a factor, it can be positioned in plain sight as a force multiplier for aircraft security or any other mission that needs be easily deployed and work independently, supplying the operator with full video motion detection of remote and hidden areas of interest. The MUGI can also be connected to other, small, UGS (Unattended Ground Sensors) creating a net of concealed sensors for missions such as breach sealing or gap filling in the border control or force protection.

## Armament Technology INCORPORATED

### ELCAN SpecterDR

The ELCAN SpecterDR Dual Role Optical Sight represents a revolution in optical sight design. The world's first truly dual field of view combat optical sight. The SpecterDR switches instantly from a 4X magnified sight to a 1x CQB sight with the throw of a lever. Unlike zoom sights, the SpecterDR offers an optimized optical path and identical eye relief in both 4x and 1x modes. Depending upon the situation, the user may adjust the sight to illuminate the entire crosshair or just a brilliant red dot in the center. In 4x mode the SpecterDR offers a generous field of view, long eye relief, and ELCAN's legendary crystal clear image. Available in 5.56 or 7.62 ballistic reticle.

[www.gcswarrior.com/4240](http://www.gcswarrior.com/4240) Call for pricing.

### ELCAN SpecterM145

The ELCAN SpecterM145 Optical Sight combines ELCAN's legendary robustness and optical brilliance with a ballistically calibrated LED-illuminated ranging reticle. Designed for application to machine guns, M4 Carbines, M16/AR15 and AR10 rifles, it is in wide service with the U.S. Army and has been proven to withstand the rigors of modern combat. The sight may be mounted to any MIL-STD-1913 receiver or base in seconds and will retain zero when removed and re-attached to the weapon. The M145 series is built to stringent specifications and is designed for extreme-duty applications where only the most rugged equipment will suffice.

TATM HMA w/ 1 hole, 3 hole and Universal Shrouds

- Compact and lighter in weight by approximately 25% of the performance specification
- All helmet mount components (except pins, springs, balls, and washers) are manufactured from high-strength, light-weight aluminum and titanium
- Helmet mount surfaces have durable finishes to withstand extreme environmental and field conditions
- Operating levers, knobs and buttons are designed with tactile differentials for safe and easy operation
- Vertical Height Adjustment: approximately 1"
- Eye Relief Adjustment (Fore/Aft): More than 1.5" with .1" incremental adjustments
- Angle (Tilt Up/Down): 18 degrees
- Safety Locking and Release Systems: Will not allow the Night Vision Device [NVD] to inadvertently release from the helmet mount; this positive safety system allows the operator to quickly attach or release the helmet mount from the helmet bracket with one hand, with or without gloves
- Safety Goggle Release System: Incorporates a rotating knob (one-hand operation) that will not release the goggles until completion of 120 degrees of rotation (patented feature)

# WILCOX®

## LG G10 One-Hole Base w/Integrated Breakaway Base and Universal NVG Mount

The L3 (G10) One-Hole is made up of three subsystems: 1) One Hole Base; 2) Integrated Breakaway Base; 3) Universal NVG Mount. The One-Hole Base is very low profile, flush mounted and snag free to the helmet which prevents parachute lines from getting entangled. If the breakaway feature is chosen it would allow the Universal NVG Mount to break free under a stressed condition preventing neck injury to the Operator and possible damage to the plastic housing of the NVG.

[www.gcswarrior.com/4280](http://www.gcswarrior.com/4280) **\$659.53**

One-Hole Base

One-Hole Base w/ Integrated Breakaway Base

One-Hole Base w/ Integrated Base & Universal NVG Mount

L4 G24 Mount with Low Profile Breakaway Base

OpsCore Universal Interface Shroud

G25 Mount with OpsCore Shroud

## L4 G25 Low Profile Breakaway Mount

The L4 G24/G25 Low Profile Breakaway Mounts provide firm attachment of an AN/PVS-7A or 7C NVG to MICH/ACH helmet drilled with standard one-hole and three-hole drilled helmets via Ops-Core Shroud or standard Army 1-Hole Shroud. Custom interfaces (sold separately) allow the additional mounting of AN/PVS-7B, 14, 15 and 18 NVGs. The G25 includes the G24 Mount with Ops Core Shroud.

[www.gcswarrior.com/4281](http://www.gcswarrior.com/4281) **\$725.27**

### OpsCore Shroud

The OpsCore Shroud is all aluminum construction with powder coated finish and stainless steel ballistic hardware that fits all ACH, MICH, PASGT and Lightweight Marines Helmets with MARSOC/WARCOM 3-hole pattern. The system includes a foam gasket that prevents vibration. It is the lightest, lowest profile, least obtrusive and least expensive front shroud currently available.

**This is our commercial pricing. Please contact GCS for government pricing.**

At Garrett Container Systems, we have recently introduced our new line of professional grade leather and nylon handler gear. The products we now offer in our **Top Dawg** line are as good if not better than any equipment you have ever used with affordable prices. Every item in our **Top Dawg** line is custom made by our own leather crafters here in America from only U.S. material and hardware. We use only the finest quality leather and solid brass hardware. GCS **Top Dawg** gear comes to you ready to go to work; no oiling, saddle soap, or conditioner needed. You will be surprised how soft and comfortable each item feels “right out of the box”.

In addition to our own line of handler gear, we have partnered with such well known and respected manufacturers as Demanet, Bende, K-9 Storm, First Light, CEJAY, ScentLogix, Adventure Lights, Jack Swain, VinylWorks, KONG and many others in an effort to offer you the best products and at an affordable price.

Top Dawg and GCS has shown its commitment to the MWD community by providing major sponsorship to MWD competitions for many years and will continue to do so. Please contact GCS for potential MWD competition sponsorship opportunities.

*The Top Dawg Team*

### Braided Leather Leash

This leash features braided ends and smooth rounded edges. Made from 100% top quality harness leather. This leash has no stitching to wear out and no rivets to break. If the barrel snap needs replacing, simply unbraid the end and replace the snap. **Colors: Brown or Foliage Green Leather.**

[www.gcswarrior.com/5010](http://www.gcswarrior.com/5010) Starting at **\$17.01**

### Leather Leash

This leash has smooth rounded ends and is made from 100% top quality harness leather. It is hand-made by Amish craftsman right here in the USA. It is available in 4' and 6' lengths. Due to its hand-made nature, the lengths are approximate. **Colors: Brown or Foliage Green Leather.**

[www.gcswarrior.com/5011](http://www.gcswarrior.com/5011)

Starting at **\$14.46**

### Looped and Braided Leather Leash

This leash features braided ends and smooth rounded edges. Made from 100% top quality harness leather, this leash provides a finished look and that already broken in feel. Hand-made by craftsmen right here in the USA. Due to its hand-made nature, the lengths are approximate. **Colors: Brown or Foliage Green Leather.**

[www.gcswarrior.com/5012](http://www.gcswarrior.com/5012)

Starting at **\$15.32**

### BioThane™ Leashes

BioThane™ Beta is a revolutionary material that has the look and feel of leather and represents a balance of toughness, softness and low temperature flexibility. BioThane™ products will not rot and will hold up to years of abuse and neglect. It is often referred to as "synthetic leather". The Top Dawg line of BioThane™ products provides only the best in quality and workmanship unsurpassed in today's K-9 marketplace. BioThane™ leashes are 3/4" wide. Made in the USA.

[www.gcswarrior.com/5013](http://www.gcswarrior.com/5013)

Starting at **\$12.48**

### Grip-Tite Leashes

Top Dawg's Grip-Tite brand of BioThane™ leashes are what every dog trainer wants in a piece of working dog equipment. Grip-Tite leashes feature an incredible no-slip grip and are virtually maintenance free. BioThane™ is a matte PVC coating with leather embossed over nylon webbing. Advantages of BioThane™ leashes over leather is that it is totally weather-proof, abrasion and cut resistant, tear and crack resistant, mold and mildew resistant, lightweight, easily cleaned and decontaminated, and remains flexible in low temperatures. Now, how's that for serious equipment! Available in 4', 6', 15' and 30' leashes. Grip-Tite leashes are 3/4" wide. Made in the USA.

[www.gcswarrior.com/5014](http://www.gcswarrior.com/5014)

Starting at **\$17.59**

### Retractable Leash

The 26' belt-style retractable leash fits all dogs. It features a soft-grip handle for comfort and an instant-stop brake system for complete control. Extends up to 26'.

[www.gcswarrior.com/5015](http://www.gcswarrior.com/5015) **\$62.59**

### Nylon Leash

This leash is constructed with a 3/4" single ply web and is primarily recommended for large dogs. Top Dawg's high quality nylon is specially processed to prevent fraying and increase the strength. All nylon products are carefully and neatly finished for comfort, appeal and durability. Made in the USA.

[www.gcswarrior.com/5016](http://www.gcswarrior.com/5016) **\$11.34**

### Agitation Lead

The 26' belt-style retractable leash fits all dogs. It features a soft-grip handle for comfort and an instant-stop brake system for complete control. Extends up to 26'.

### Agitation Collar with Handle

These agitation collars are durable and built to last a lifetime. You'll love to use this type of collar for off-leash protection training. Remove the leash and you can still securely hold your dog until point of release. The stand-up handles are tough and sturdy and the collar fastens with a heavy duty buckle. **Made in the USA.**

**Colors: Brown or Foliage Green Leather.**

[www.gcswarrior.com/5040](http://www.gcswarrior.com/5040)

Starting at  
**\$28.36**

### Leather Choke Collar

Beautiful handmade rolled leather slip/choke collar is made with quality harness leather and brass hardware. The rolled leather collars are designed to prevent damage to the dog's hair. Collar has an adjustable buckle to adjust overall tightness. Tightens while end slides through ring to work as choke collar. Made in the USA.

**Colors: Brown or Foliage Green Leather.**

[www.gcswarrior.com/5041](http://www.gcswarrior.com/5041)

Starting at  
**\$26.50**

### Single Ply Leather Collar

Our K-9 Leather Dog Collars are handcrafted from the finest English harness leather available to provide superior comfort and durability. These leather dog collars are tanned, edged and stitched. The solid brass hardware will not turn silver or corrode like plated hardware which can cause skin irritations and allergic reactions for some dogs. Made in the USA.

**Colors: Brown or Foliage Green Leather.**

[www.gcswarrior.com/5042](http://www.gcswarrior.com/5042)

Starting at  
**\$24.95**

### Leather Agitation Collar

These mil spec collars are constructed with one continuous latigo harness strap that is doubled for incredible strength. This collar is designed to distribute the weight throughout the dog's neck for more comfortable work. Great for agitation, tracking, or general use!

**Colors: Brown or Foliage Green Leather.**

[www.gcswarrior.com/5043](http://www.gcswarrior.com/5043)

**\$26.66**

### Choke Chain

Sophisticated production techniques, consistent quality control, superb craftsmanship and the highest quality raw materials make Herm Sprenger German chain products superior.

[www.gcswarrior.com/5044](http://www.gcswarrior.com/5044)

Starting at  
**\$13.61**

### Jafco Muzzle

Jafco muzzles are available in clear vinyl or black or white polyethylene plastic. One of the unique features of the Jafco muzzle is that it allows the dog to drink, using a water bowl or bucket, with the muzzle on. The Jafco muzzle can also be worn for long periods of time.

[www.gcswarrior.com/5050](http://www.gcswarrior.com/5050)

Starting at  
**\$31.34**

**This is our commercial pricing. Please contact GCS for government pricing.**

### Leather Muzzle

The workhorse of the muzzle world, it has a steel reinforced nose piece, heavy leather sides and padded liner for your dog's comfort. This is a favorite of law enforcement and the military alike. Hand-made by craftsmen right here in the USA utilizing extra durable stitching and heavy duty brass hardware.

Colors: Brown or Foliage Green Leather.

[www.gcswarrior.com/5051](http://www.gcswarrior.com/5051)

\$51.04

### Leather Muzzle 10

Some say this is the best muzzle in our inventory. We'll let you be the judge for yourself. This leather muzzle utilizes only the finest in quality leather and materials. Hand-made by craftsmen right here in the USA utilizing extra durable stitching and heavy duty brass hardware, this well-fitting, comfortable muzzle is reinforced to maintain its shape under extreme agitation. Designed to fit German Shepherds.

Colors: Brown or Foliage Green Leather.

[www.gcswarrior.com/5052](http://www.gcswarrior.com/5052)

\$70.32

### Leather Strap Muzzle

This well-fitting, comfortable muzzle is made of durable harness leather to maintain its shape under extreme agitation. Handmade exclusively by our craftsmen, you have to see this muzzle to believe the craftsmanship and quality. Due to weave design, the muzzle provides the dog with super ventilation. This muzzle is probably the most comfortable muzzle available on the market today.

Colors: Brown or Foliage Green Leather.

[www.gcswarrior.com/5053](http://www.gcswarrior.com/5053)

\$48.77

### Leather Attack Muzzle

The latest in attack/take down muzzle design. Full coverage security with wide area frontal steel re-enforcement with a bite bar sewn into the inside front of the muzzle. Perfect for when taking a fleeing suspect or "squirter" down is the choice over a bite. Constructed of top grade leather and hardware. Made in the USA.

Colors: Brown or Foliage Green Leather.

[www.gcswarrior.com/5054](http://www.gcswarrior.com/5054)

\$51.52

### Best Fit Muzzle

Velcro fastening for easy adjustment to fit your dog perfectly. High quality nylon webbing provides ventilation for your dog. Open front allows for easier panting and breathing.

[www.gcswarrior.com/5055](http://www.gcswarrior.com/5055)

\$7.25

### K-9 Storm Close Quarters Attack Muzzle

The K-9 Storm Close Quarters Attack Muzzle™ is designed to be used in situations where the working dog is with other operational personnel in confined areas, such as airships, armored personnel vehicles, or entry team stacks. Maintain full muzzle control and full K-9 apprehension capabilities. Should you need to send your dog to apprehend, release dog as you normally would. As the dog advances forward the rip cord attached to your lead automatically removes the muzzle. Muzzle remains with handler.

[www.gcswarrior.com/5021](http://www.gcswarrior.com/5021)

\$117.60

### Leather Padded Tracking Harness

Our harness utilizes top quality harness leather for maximum strength and comfort. The breast plate is designed with extra thick felt to offer your working dog total comfort and to absorb the shock of a strong hit during bite work. Hand-made by craftsmen right here in the USA utilizing extra durable stitching and heavy duty brass hardware.

**Colors: Brown or Foliage Green Leather.**

[www.gcswarrior.com/5063](http://www.gcswarrior.com/5063)

**\$51.04**

### Leather Tracking Harness

Made of 1" wide top-quality harness leather (soft and strong) with solid brass buckles and rings that won't rust for long life. H style harness is open in the chest to allow the dog freedom to put his head down and track. It has 4 buckles to properly fit your dog. Made in the USA.

**Colors: Brown or Foliage Green Leather.**

[www.gcswarrior.com/5060](http://www.gcswarrior.com/5060)

**\$45.37**

### Nylon Tracking Harness

Made with machine washable heavy-duty 2" nylon and high-strength, quick-release buckles. Side panels allow for department patch and the loop Velcro® on either side allows for attachment of reflective strips. This black Patrol Harness offers an easy one-buckle on and off.

Small fits Malinois 56 - 80 pounds and German Shepherds 56 - 75 pounds. Medium fits Malinois over 80 pounds and German Shepherds 76 - 90 pounds. Large fits German Shepherds 95+ pounds, Rottweiler 90+ pounds, and Bloodhounds.

[www.gcswarrior.com/5061](http://www.gcswarrior.com/5061)

**\$37.43**

### A K-9 Storm Military Harness

The K-9 Storm Military Harness is constructed of US Mil Spec webbing and hardware. It is fully adjustable and fits all MWDs. The harness features silent tactical Kevlar nylon loop that is rated to 2500 lbs. The hardware is phosphate finish non-reflective black alloy steel. There is a quick attachment for Vipir lights and a built in handle for close quarters control. **Colors: Tactical Black, Coyote Tan and Olive Drab.**

[www.gcswarrior.com/5022](http://www.gcswarrior.com/5022) **\$195.51**

### B K-9 Storm Spec Ops Harness

The K-9 Storm Spec Ops Harness is constructed of US Mil Spec webbing and hardware. It is fully adjustable and fits all K-9s. The spec ops harness features the same basic features as the K-9 Storm Military Harness, but also includes Chem Stick attachments.

**Colors: Tactical Black, Coyote Tan and Olive Drab.**

[www.gcswarrior.com/5023](http://www.gcswarrior.com/5023) **\$179.52**

## Hurdles

The VinylWorks hurdle set includes three hurdles that can be adjusted to heights of 18", 24", 30" and 36". The hurdles are easy to assemble, requiring the placement of pins in pre-drilled holes. Sand bags are provided for extra-stability.

[www.gcswarrior.com/5101](http://www.gcswarrior.com/5101)

## Window Obstacle

The top section of the window obstacle is fixed at 73" in accordance with DoD specifications and the hurdle (bottom section) can be adjusted to heights of 18", 24", 30" or 36".

[www.gcswarrior.com/5102](http://www.gcswarrior.com/5102)

## Tunnel Crawl

The Tunnel Crawl is 18" in diameter and 8' in length and is constructed of a high-density polyethylene. Sand bags are provided as part of the set.

[www.gcswarrior.com/5103](http://www.gcswarrior.com/5103)

## Double Stairway

The double stairway is fabricated from both extra strong, ribbed and tongue and groove profiles and non-slip vinyl materials. The double stairway measures 8' in height and 24' in length.

[www.gcswarrior.com/5106](http://www.gcswarrior.com/5106)

*Note: This item does **NOT** meet DoD standards.*

## A-Frame

The VinylWorks A-frame is constructed of non-slip materials and has cleats to provide extra traction. The A-frame can be extended to a maximum of 6' in increments of 1/2". Safety support chains are included on each side of the A-frame to provide extra stability.

[www.gcswarrior.com/5104](http://www.gcswarrior.com/5104)

## Dog Walk

The VinylWorks Dog Walk is constructed of non-slip vinyl and has cleats for added protection. The Dog Walk requires the dog to negotiate a narrow incline, a 12' narrow and narrow decline ramp.

[www.gcswarrior.com/5105](http://www.gcswarrior.com/5105)

*All Vinyl Works products are manufactured using the highest standards to meet DoD requirements. **Call one of our sales representatives for pricing information.***

## Classic Kong Toy

ScentLogix-K9™ Scent Kits are the most comprehensive non-hazardous detector dog K-9 training kits. The Kit's non-hazardous specifications and overall detection range also exceeds current US MN01, US MN76 and Mil Spec detector K-9 explosives scent kit configurations. These training aids have been proven to have cutting edge productivity both within CONUS and OCONUS operational theatres.

Due to the unique nature of the ScentLogix™ scent components, it enables the creation of non-hazardous, but realistic training scenarios within civilian populations and built-up environments. ScentLogix™ kits are also suitable for green dog training and can be used in all climatic conditions. ScentLogix™

### MS26 Scentkit

The MS26 ScentKit, is a revolutionary collection of explosives detection training aids specifically formulated and configured for the reinforcement and maintenance training of EDDs and SSDs within military working dog programs. The MS26 contains Mil Spec Explosive Detection ScentKit contains a 12-month supply of each of the following: TATP, HMTD, DB-Smokeless Powder, TNT, Semtex, Dynamite, Explosive Taggants, Black Powder, Untagged RDX and Tagged RDX.

All ScentKits provide a 12-month supply of research grade odor. The Kit includes one aid-protecting outer bag, scent-flow indicating matchsticks to observe true air movements, a step-by-step user guide, a science-inspired logbook, plus full product support.

### Safari Medium Coarse Comb

This comb is an excellent all around grooming comb. The wide and narrow spacing of the teeth provide complete grooming. The long teeth penetrate to the root of the hair.

[www.gcswarrior.com/5301](http://www.gcswarrior.com/5301)

**\$11.34**

### Safari Pin Brush

This Pin Brush helps to lift out loose hair and debris. Brushing distributes natural oils, leaving a shiny, healthy coat. The Pin Brush can also be used to fluff the coat by brushing against the direction of hair growth.

[www.gcswarrior.com/5302](http://www.gcswarrior.com/5302)

**\$9.09**

### Safari Dual Shedding Blade

Safari shedding blades are designed to remove loose hair and leave your dog with a clean, healthy coat. The Safari dual shedding blade can be used with the handles together or separated.

[www.gcswarrior.com/5303](http://www.gcswarrior.com/5303)

**\$11.34**

### K-9 Drying Towel

The Moisture Magnet is the superior way to dry off your dog after a bath or a run in the rain. This professional drying towel is guaranteed to dry your dog in half the time. It actually pulls water from dog's coat.

[www.gcswarrior.com/5304](http://www.gcswarrior.com/5304)

**\$4.39**

### FURminator Medium deShedding Tool

Reduces shedding up to 90 percent by removing the loose, dead undercoat without damaging the topcoat. The deShedding edge is 2.65" wide.

[www.gcswarrior.com/5305](http://www.gcswarrior.com/5305)

**\$41.22**

### Safari Curved Firm Slicker

Firm, stainless steel bristles help remove mats, tangles, and loose hair. Comfort grip handle and curved head make grooming easy. With regular use the Curved Slicker brush will also help to reduce shedding.

Photo by Andy Anderson of Mike Forsythe and his working dog Cara, shown here breaking the world record for highest man/dog parachute deployment -30,100'. Cara is wearing a K-9 Storm Vest. Both utilized oxygen for the jump.

### Cooling Vest

Working canines experience heat stress more quickly and severely than humans. The Canine Body Cooling Vest safely increases work tolerance time and reduces the negative effects associated with heat stress. Keep your partner vigilant and alert with the Canine Body Cooling Vest. The "optimum cooling temperature" inside the cool vest (approx. 55° F/13° C) absorbs excess heat from the canine's ventral abdomen allowing the canine to naturally cool itself, reducing its respiratory burden.

**Sizes: L or XL**

[www.gcswarrior.com/5340](http://www.gcswarrior.com/5340)

Starting at  
**\$170.24**

### K-9 Cool Pad

The K-9 Cool Pad can be used to maintain your dog's optimal body temperature even in high heat and humidity. The K-9 Cool Pad lasts 4+ hours and can be charged in a refrigerator or in a container with ice and water for field use when refrigeration and electricity are not available. The cover is durable, heavy duty and easy to clean. The K-9 Cool Pad is 19" wide and 36" long.

[www.gcswarrior.com/5341](http://www.gcswarrior.com/5341) **\$214.29**

### Kool Kennel Kit

The Kool Kennel Kits consists of:

- Kool Kennel
- A/C Power Coverter
- XL Vari-Kennel
