## Six-Year-Old Boy Donates Money From Tooth Fairy

**Simon Prouty Gave Away The \$5 He Received From The Tooth Fairy To Help Others In Need**

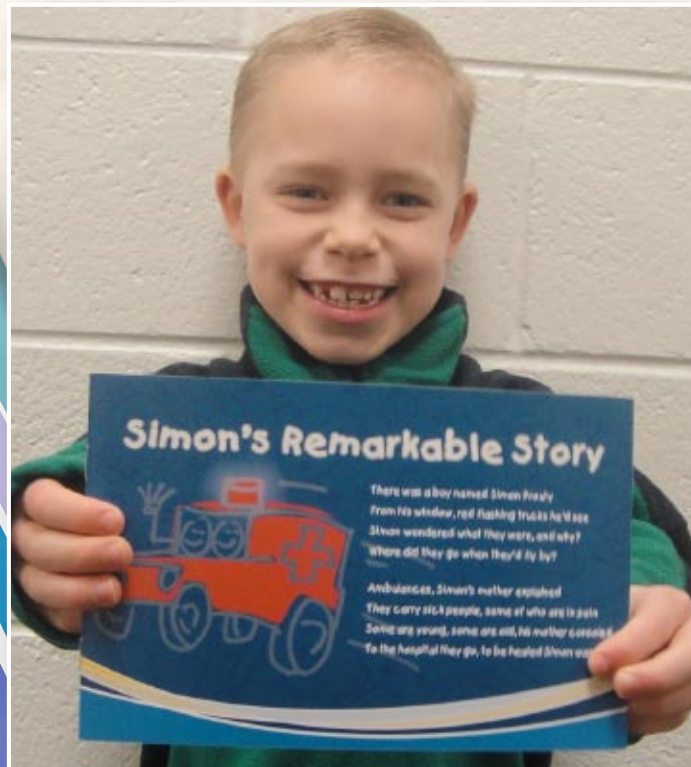

Simon Prouty had been waiting a long time for his special tooth to fall out—a tooth that was gray due to being damaged when he was a toddler. Finally, the tooth fell out, netting Simon a hefty \$5 payout from the tooth fairy. Simon told his dad that he wanted to do “something big and important” with his money. Instead of spending it on candy or ice cream or a new toy, he wanted to donate the money to Ingham Regional Healthcare Foundation, becoming the youngest donor in foundation history.

Eric Sturdy, Executive Director, accepted the special contribution at a small ceremony in August. Simon was recognized with a certificate of appreciation and received a tour of Ingham Regional’s Emergency Department, including the opportunity to tour the inside of an ambulance.

“Simon decided to make his donation because he often sees and hears the ambulances drive people to the hospital for help,” said Sturdy. “We think he sets

a great example for the entire community of heartfelt giving.”

As for Simon, his main goal is helping the hospital help people. “I wanted to make it easier for the hospital to help people,” said Simon. “I wanted to help buy things that would make it easier and faster to treat people.”

*Simon Prouty proudly displays a copy of "Simon's Remarkable Story."*

## FOUNDATION EVENTS

# MSU Lacrosse Team's Final Home Game Benefits Breast Care at Ingham Regional Medical Center

## Game's Proceeds Helped Fund Life-Saving Screening Technology

On Thursday, April 8, 2010, at their final home game of the season, the Michigan State University (MSU) Men's Lacrosse team faced off against their fiercest opponent yet—breast cancer—joining the fight by dedicating proceeds from the game's ticket and clothing sales toward the purchase of a digital mammogram machine at Ingham Regional Medical Center.

Digital mammography has a number of advantages over film mammography, including the ability to

better detect early cancers among women who are pre-menopausal, younger than 50 or who have dense breast tissue. Bringing digital mammogram technology to Ingham Regional will help many women throughout mid-Michigan.

The fight against breast cancer got the team's attention after Lisa Tibbits, wife of assistant coach Andy Tibbits, was diagnosed with breast cancer in September 2009. Although undetectable by touch, her cancer was discovered through a routine mammogram at age 41.

Lisa, who received care at Ingham Regional's Breast Care Center, has since undergone surgery, chemotherapy and radiation. Today, she has been freed from her treatment regimen and declared cancer free.

Breast cancer is the second leading cause of cancer death among women, with one out of eight women facing a diagnosis in their lifetimes. Medical experts agree that routine mammograms save lives. Thanks in part to this important screening tool, the death rate from breast cancer has dropped by about 30 percent over the past three decades.

The team handily defeated division rival Western Michigan University 25-4, giving the community two heroic victories in one day—and for many days to come. 🐾

---

## Six-Year-Old Boy Donates Money (continued from page 1)

Simon's mom, Kate Prouty, said her son is a normal six-year-old, but sometimes he surprises her with his kindness and generosity. "He is giving away all the money he has," she said. "And he's giving

it away to help people he doesn't even know. He has a very kind and generous heart."

For more information about Simon's remarkable story, visit [irmc.org/foundation](http://irmc.org/foundation). 🐾

# Ingham Regional Friends Tee Off Against Cancer

## 2010 Jack Breslin Golf Classic

Guests hit an ace in the hole for great health care during the foundation's annual Jack Breslin Golf Classic. The event raised funds for oncology programs and services at Ingham Regional Medical Center, contributing to the purchase of a new digital mammography machine.

In conjunction with the event, the foundation honored two community leaders by presenting them with the Jack Breslin Walk of Life Award. This year's award winners were Gordon Guyer, PhD and J. Wesley Mesko, MD, recognizing them for their extraordinary service to the community.

# 2010 "Stars & Stripes" Gala And Concert

## Event Awards Local Tri-County First Responders

On September 11, Ingham Regional Healthcare Foundation proudly presented "Stars and Stripes Forever," a gala and concert celebration of our hometown heroes. The event featured a spectacular outdoor concert from American country music icon Lee Greenwood, famous for his patriotic performances and hit single, "God Bless the USA." The theme of the event set the tone for an unforgettable and unique experience.

Guests of the 2010 annual gala enjoyed dinner and drinks at the Country Club of Lansing then gathered in front of the massive outdoor stage to pay tribute to the area's truest heroes—local fire, police, and emergency medical services—by honoring them with the Tri-County Hero Award.

The Tri-County Hero Award is the first of its kind in the region, as well as the state, to recognize the heroism local first responders demonstrate on a daily basis. "Our local heroes deserve recognition for their tireless efforts to keep us safe," said Dennis Louney, Chairman of Ingham Regional Healthcare Foundation. "Many of our first responders have risked their lives to protect the members of this community—we are proud to honor these courageous individuals."

The award process began with Ingham, Eaton, and Clinton counties nominating local heroes. From 16 nominees, three award winners were then selected and presented with \$2,500 each from Ingham Regional Medical Center to be used towards

their equipment needs. "First responders are crucial to our hospital's mission," said Eric L. Sturdy, Executive Director of Ingham Regional Healthcare Foundation. "They are often the first call a heart attack or stroke victim makes for help and first to the scene of an accident. They deliver the sick and injured into the healing hands of our physicians."

### This year's winners were:

- **Captain Jeffrey Oates**,  
Delta Township Fire Department
- **Officer Gayelord Mankowski**,  
Meridian Township Police Department
- **Sergeant Robert Ott**,  
Ingham County Sheriff's Office

"First responders are essential to the health and well-being of our community," said Louney. "Their constant vigilance keeps us safe while we sleep, while we work, and when we drop our children off to school. We wanted to do something unique to recognize these local heroes who have dedicated their lives to saving and protecting our lives."

The performance by Greenwood was a most welcome addition. "We were excited to have Lee Greenwood join us as we celebrate the heroes in our community," said Louney. "His music has become synonymous with the pride we feel for the brave men and women who have helped to make our nation great."

In addition to the local first responders, the men and women of the United States Armed Forces were also recognized for their bravery and sacrifice. 🇺🇸

# Lucile Belen's Ultimate Gift

## Long-Time Friend and Supporter Donates \$25,000 Planned Gift

This past June, Ingham Regional Medical Center, Ingham Regional Healthcare Foundation, and the community, lost a very dear friend. Lucile Belen, longtime friend and supporter, passed away at 97 years of age.

Upon her passing, Miss Belen, a well-respected Lansing businesswoman, educator, fundraiser, philanthropist and entrepreneur, left behind a \$25,000 planned gift for Ingham Regional Healthcare Foundation. A longtime Ingham supporter and the first recipient of the Community Healthcare Leadership Award from Ingham Regional Medical Center, Miss Belen has donated over \$100,000 to the foundation over the course of her life. As a tribute to her 23 years of leadership on the hospital's Board of Trustees, an outpatient pavilion at Ingham Regional Medical Center was named the Belen Pavilion, as well as the

foundation's Belen Society—named for donors who have cumulatively given \$100,000 to \$249,999.

Through a planned gift like Lucile's, donors can experience the satisfaction of incorporating their own values, goals, and visions with Ingham Regional Medical Center's future. Donors who choose to incorporate planned gifts as a way to give truly are visionaries for the future.

"Lucile's final gift adds to her lasting legacy at Ingham Regional Medical Center and Ingham Regional Healthcare Foundation," said Eric Sturdy, Executive Director of Ingham Regional Healthcare Foundation. "Her friendship, advocacy and support will always be remembered, and truly missed."

For more information about establishing a planned gift, please contact the foundation at 517.975.7100. 📞

# Burger King Fundraiser For Ingham Regional's McRee Guest House Yields Record-Setting Contributions

## Guest House Provides Families Of Sick Patients Comfortable Place To Stay

A special Burger King fundraiser supporting Ingham Regional Medical Center's McRee Guest House yielded record-setting contributions over the holidays. The four-week fundraiser garnered more than \$8,000 dollars in donations during the 2010 holiday season—more than double the amount raised the previous year.

"We appreciate the generosity of local Burger King franchise owners David Cook, President of Dasak Inc., and Roger Wood, Vice President of King Venture, their staff and all of their many Burger King customers," said Eric Sturdy, Executive Director of Ingham Regional Healthcare Foundation. "Their support will help give families with sick loved ones a home away from home."

The McRee Guest House provides families with a close, comfortable

place to stay while their critically ill loved ones are treated at Ingham Regional. The fundraiser will help provide overnight stays for those who are unable to afford the minimum per-night fee.

Twelve Burger King restaurants throughout the Lansing area, including locations in Holt, Dewitt and Perry, sold paper McRee houses for \$1 during the fundraiser. Customers who participated received a free Burger King beverage coupon and their name displayed in the restaurant on a paper McRee house. The Frandor Burger King location managed by Tina Wroe sold the most houses, generating contributions totaling \$1,567.

"The houses sold may have been paper, but they will deliver tangible warmth and comfort to families of sick patients being cared for at Ingham Regional," Sturdy concluded. 🍔

## What You Support

### Gifts Given

#### **P.A.T.C.H. Program:**

\$30,000.00

# In Memory/Honor Of

## Gifts From the Heart

The following gifts were received between Oct. 1, 2009 and Sept. 30, 2010. Memorial gifts to the foundation are a thoughtful expression of sympathy to the family of a deceased friend or loved one. Honorary gifts are a meaningful way to honor a friend or loved one on a special occasion or moment in their life.
